Mrs. Cochran, Librarian, stands at the library charging desk.

The guidance suite provides a vocational reference area.

Northwood's school plant is modern and adaptable to modern education. The building itself is organized into four major units: the gym-athletic-ROTC complex; the auditorium-music complex; the classroom complex, housing the cafeteria, shops, and art areas on the lower floor; and the air-conditioning-heating unit. Public transportation uses the ramp, exiting in front of the office area, auditorium, and gymnasium; bus transportation uses a separate entrance-exit serving the lower floor of the three-floor building. Large parking areas are provided on the east and west sides of the building.

Assemblies and bonfires, contests and pep rallies, all are a part of the life of a student. Through the various activities and school-related experiences, the student grows socially and emotionally, as well as physically and mentally.

Competing for various honors in both school and community, Falcons joined and worked toward many goals. Whether it be on an athletic team or in the classroom, the successes and failures are moments long to be remembered. Long to be remembered . . . Student Life.

"Go, Falcons!" Falconettes exemplify tremendous booster spirit of the entire student body.

ACADEMICS

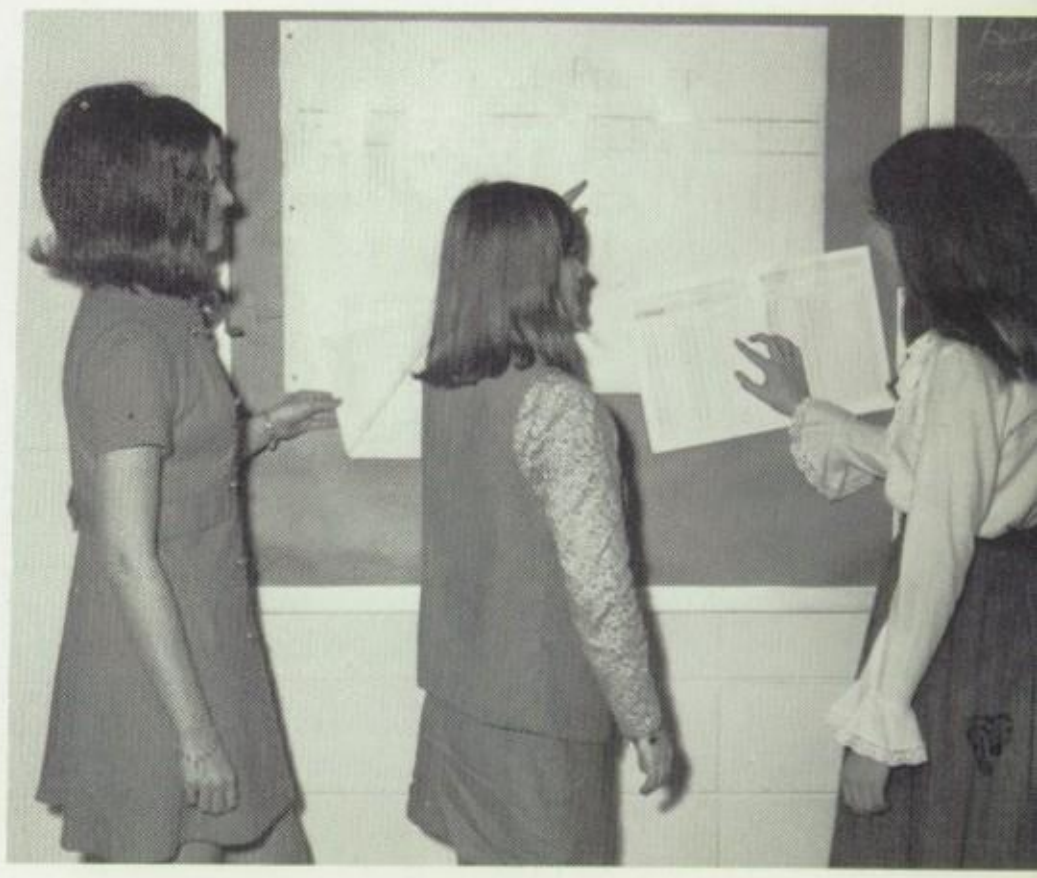

Mary Frances Solomon, Pam Howard, Babe Brewton look on as Babs Barnhill sews.

Doug Womeldurf and Mary Lombardino do research in the school library.

Donna Marlowe and Carolyn Copple check the payroll register as Kathy Collom observes.

Science stimulates the mind and opens the door to tomorrow. Science courses strive to make the student more efficient and knowledgeable in the area of science for everyday living. General science provides a basic understanding and overview of the various sciences: biology, chemistry, physics, and aerodynamics. Earth science and life science are offered in junior high.

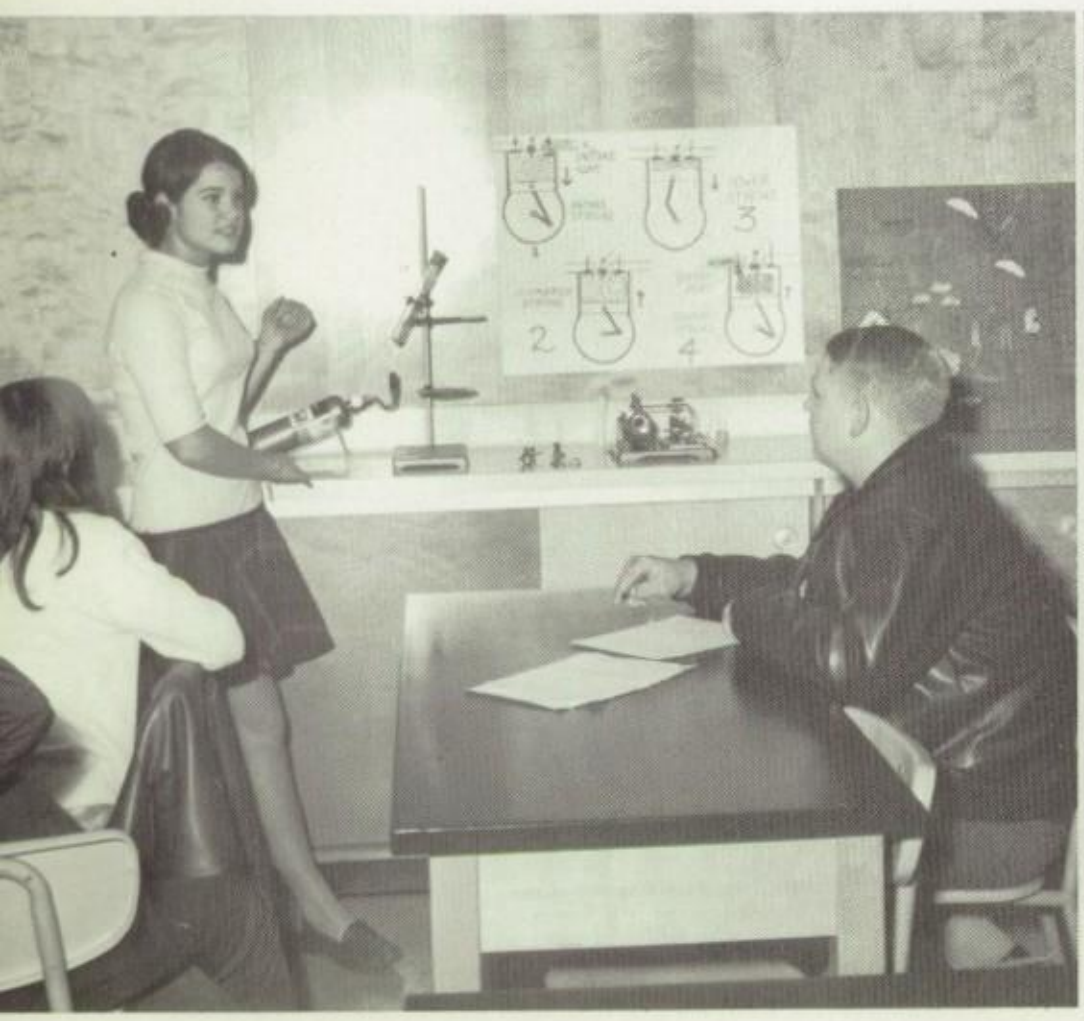

Biology involves the study of living organisms. Chemistry deals with the changes of composition which material undergoes. Physics, which deals with all physical sciences excluding chemistry, offers the student preparation for further science studies. To stimulate the student's interest, all courses include lab work in well-stocked laboratories. The world of science now has its doors open to the student who is well educated in that field, and we can be sure that the modern, well-equipped labs of Northwood will turn many students toward those open doors.

Variety of Courses Broadens History 69

Chip Layton, Steve Allums, Keith McGowan, and Rhonda Cook work on a Louisiana history bulletin board.

Closeness to one's fellow man in a world of shortened distance and time is felt by students who are studying the social sciences. There is a variety of courses offered by the school to develop national pride and patriotism, as well as to develop an awareness of man's interrelationships. Courses can be taken in world geography, world history, civics, and American history.

World geography broadens the student's concept of the world and different countries. World history helps the student explore the development of mankind. Civics, a basic requirement, teaches the forms and functions of government and instills an awareness of current events. American history, which is required for graduation, gives juniors and seniors a background in American heritage and the structure of the American government. Social studies show that the study of man's actions leads to a better understanding of oneself.

Miss Dodson uses the overhead projector with Ann Fortune. Jim Jamar should be paying attention.

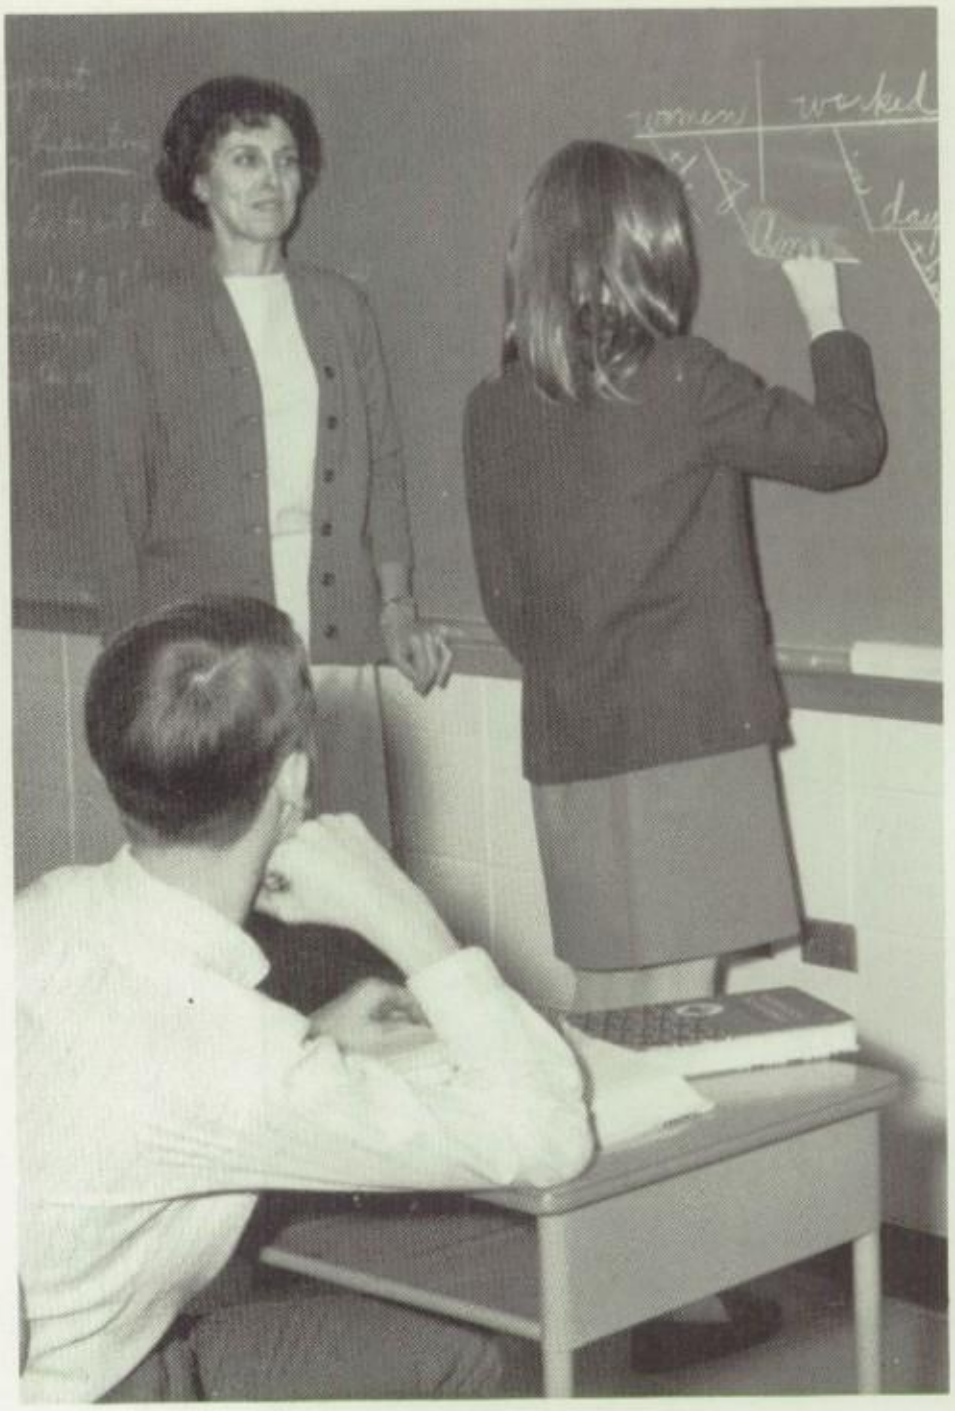

Below: Bill Crain, Scott Grafton, Debbie Allen, Sandy Baker, and Donna Dixon participate in a civics group.

Northwood's English Department strives to take the student where he is and to go as far as he is able to go, where time permits. The student should learn to express himself in both oral and written language in order that he can function as a contributing member of society. Students gain insight into man's attitudes and ideals expressed through literature.

Nouns or novels, precises or participles, sonnets or sentences, the English learned here will provide the student with invaluable training and the ability to convey this knowledge to others. He should gain some appreciation for and knowledge of the growth of the English literature—his heritage as an American. Further experience in communication can be gained through elective offerings in speech and journalism.

Journalism electives deal with understanding the functions and production of a newspaper, newspaper ethics, learning to interpret the news, and publishing the school paper.

Mrs. Dale helps Debbie Windham diagram a sentence.

Suzy Andrus gives a report in English class.

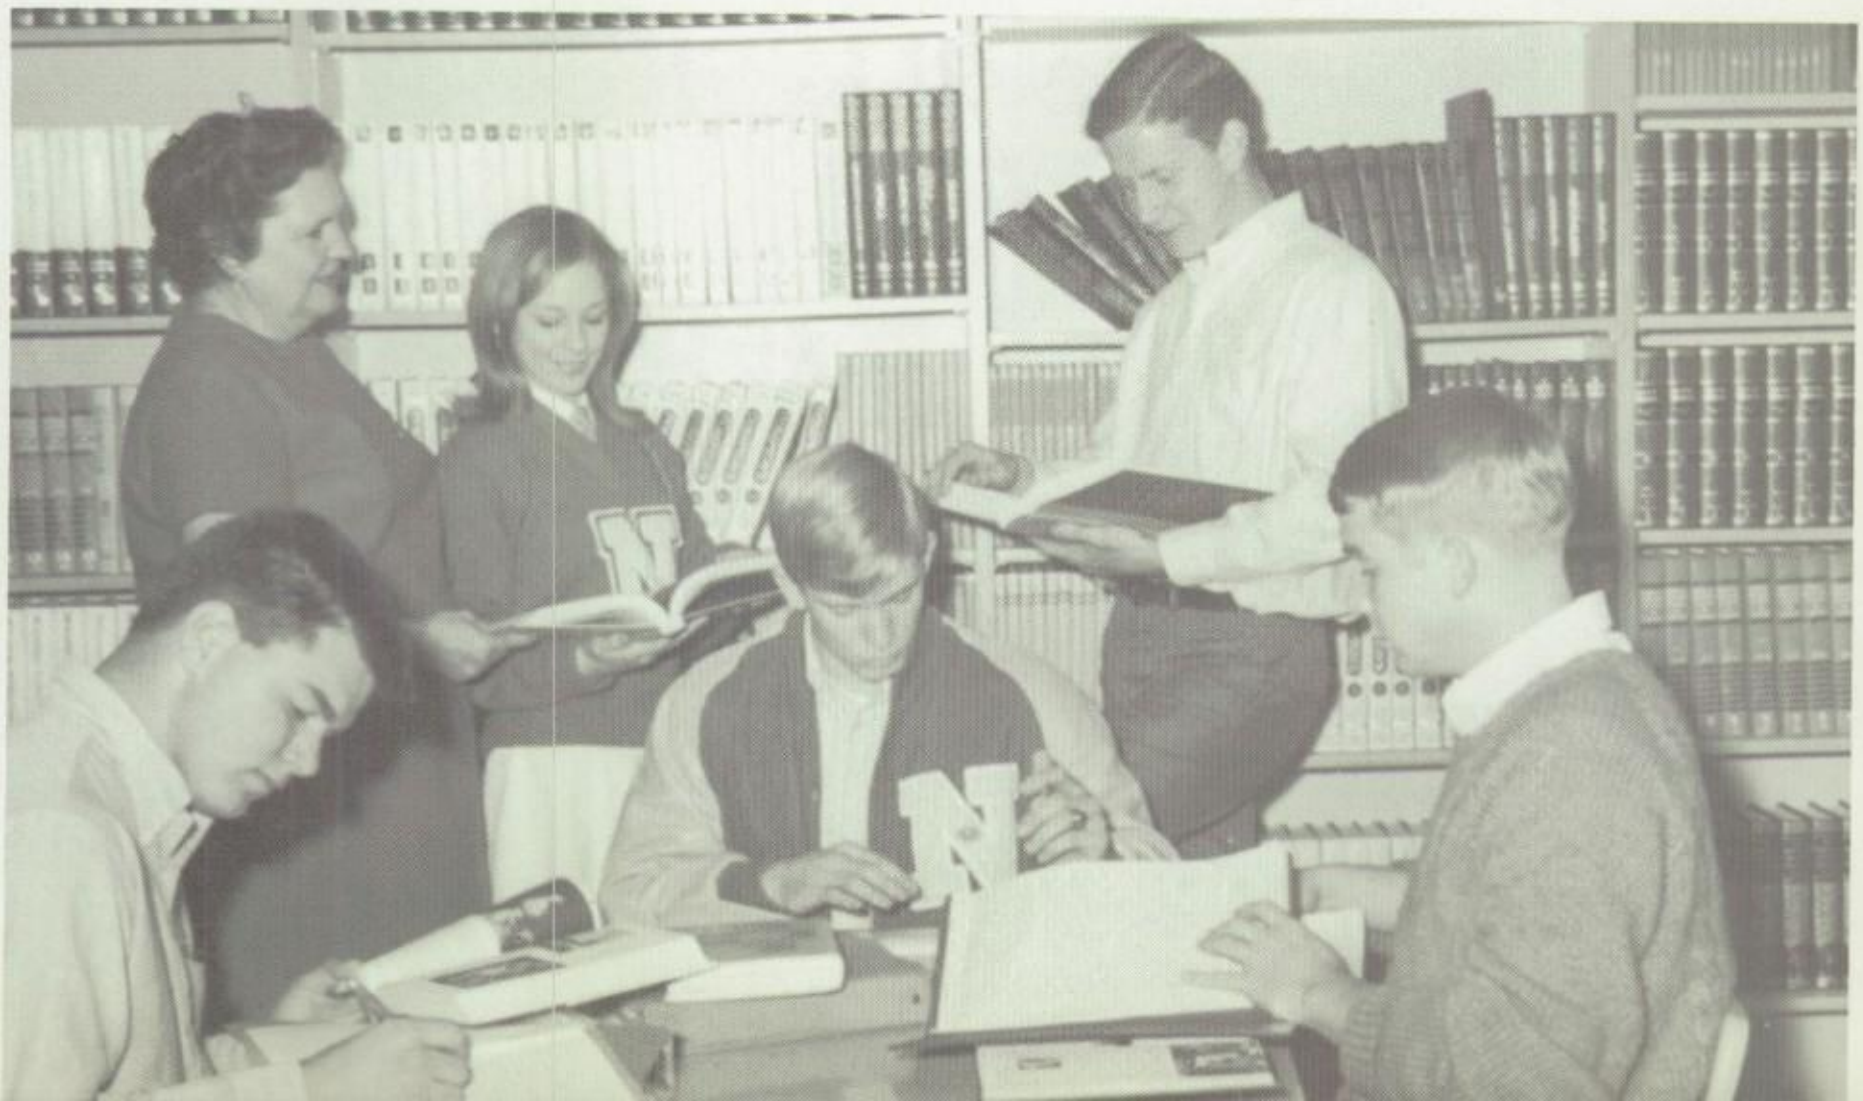

Garie McCollough, Debbie Service, and Mike White write headlines in journalism.

Literature, Themes, Vocabulary Enhance English

Mrs. Cochran helps Ted Owen, Kathy Burns, Ken Doughty, Adrian Shively, and Steve Axley find material for research papers.

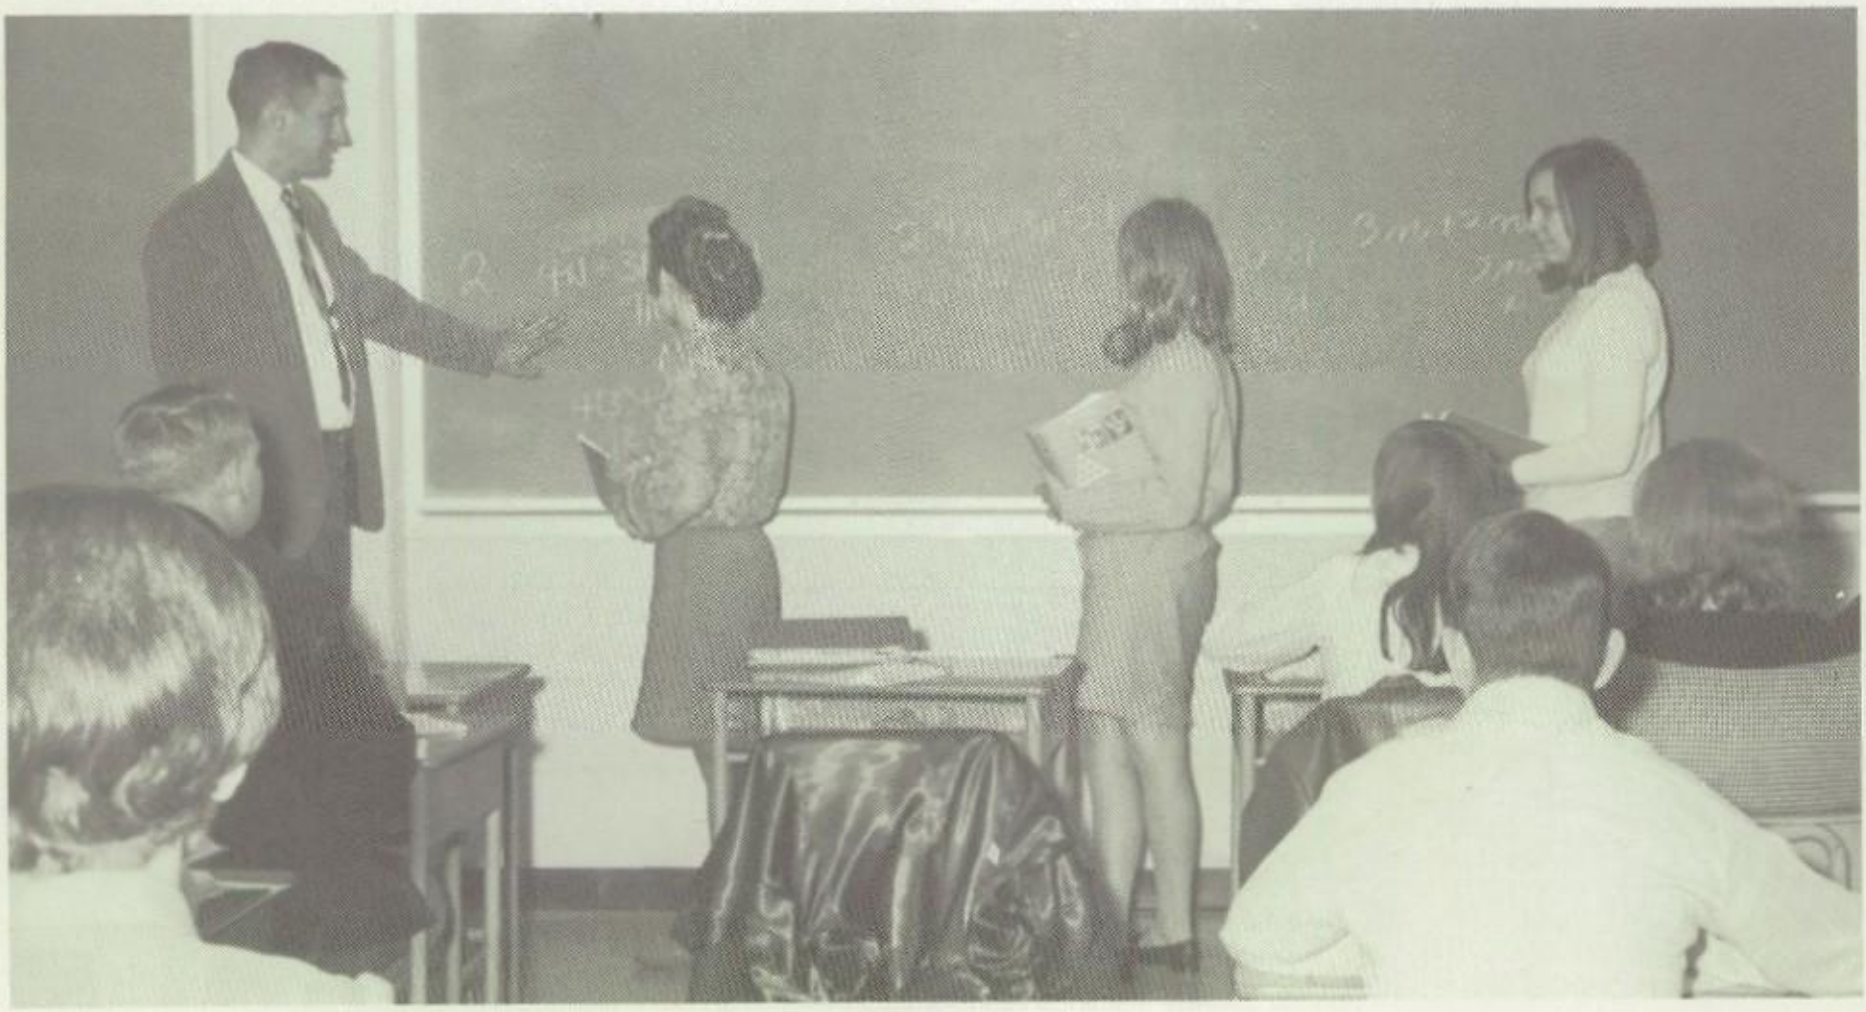

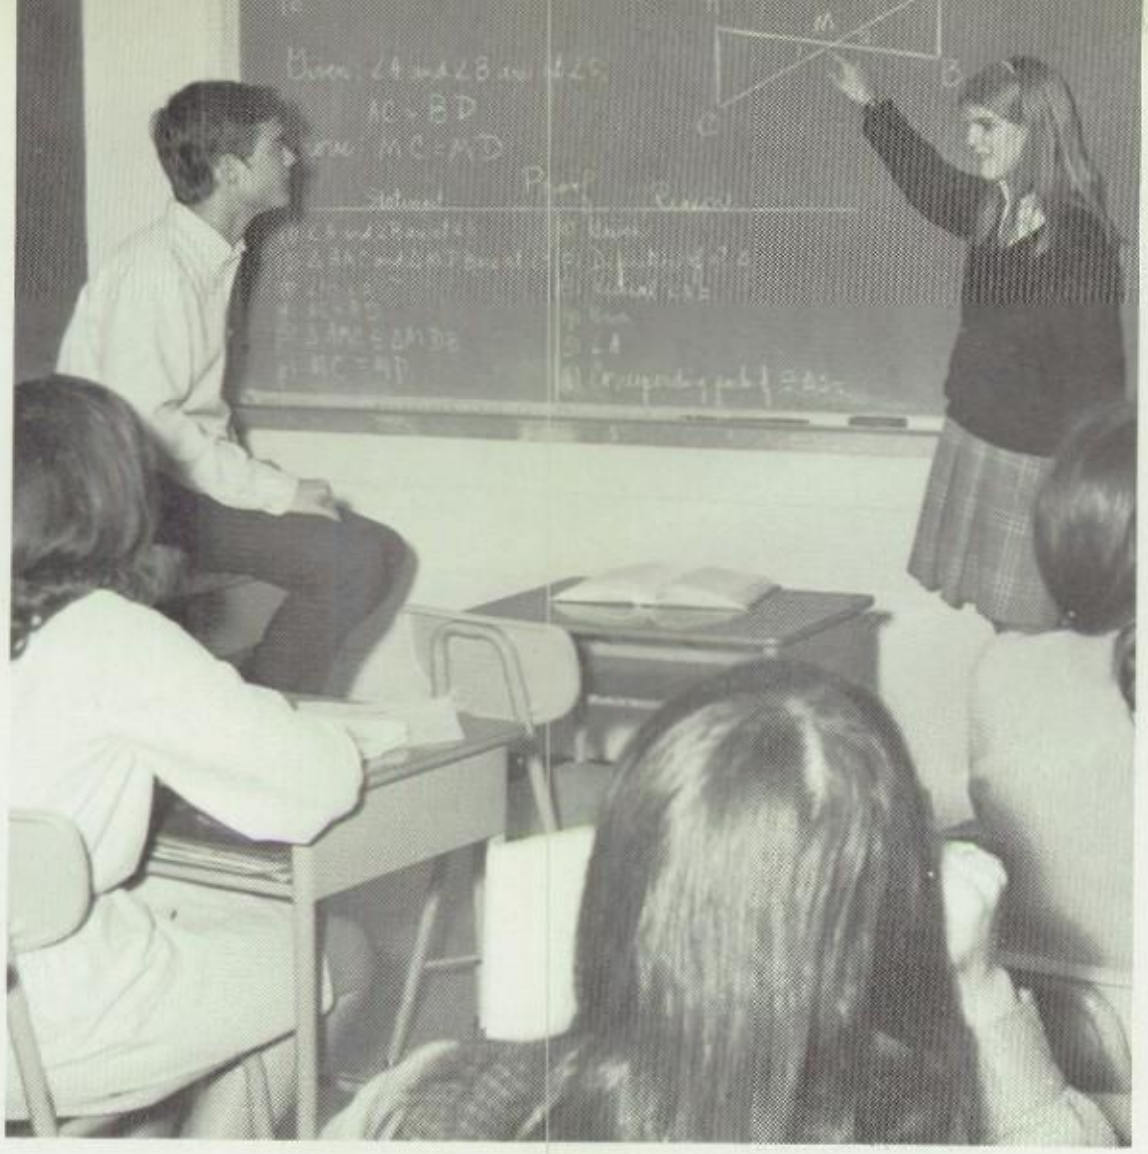

Jeff Jeter and Adrian Shively check problems with slide rule in advanced math.

Mathematics is the language of the sciences. The math student is offered a variety of courses of study beginning with the elementary and encompassing the complex. Geometry, Algebra I and II, and advanced math prepare the student for future work in college. Practical courses such as business and general maths provide necessary knowledge to begin work immediately after high school.

If a person wants to become an accountant or a tax assessor, the business math course would prove a great help. Plane geometry deals with the facets of squares, circles, and many-sided figures. Graphs and the slide rule intrigue many a student of Algebra I and II. Material such as once thought suitable only for the college level is included in the advanced math course. Mathematics involves a process of understanding and application of basic math principles. The Math Department does offer a large and interesting selection of courses for the interested and involved student.

Coach Moore assists Connie Zachry, Sylvia Middleton, and Francille Matassa with equations in general math.

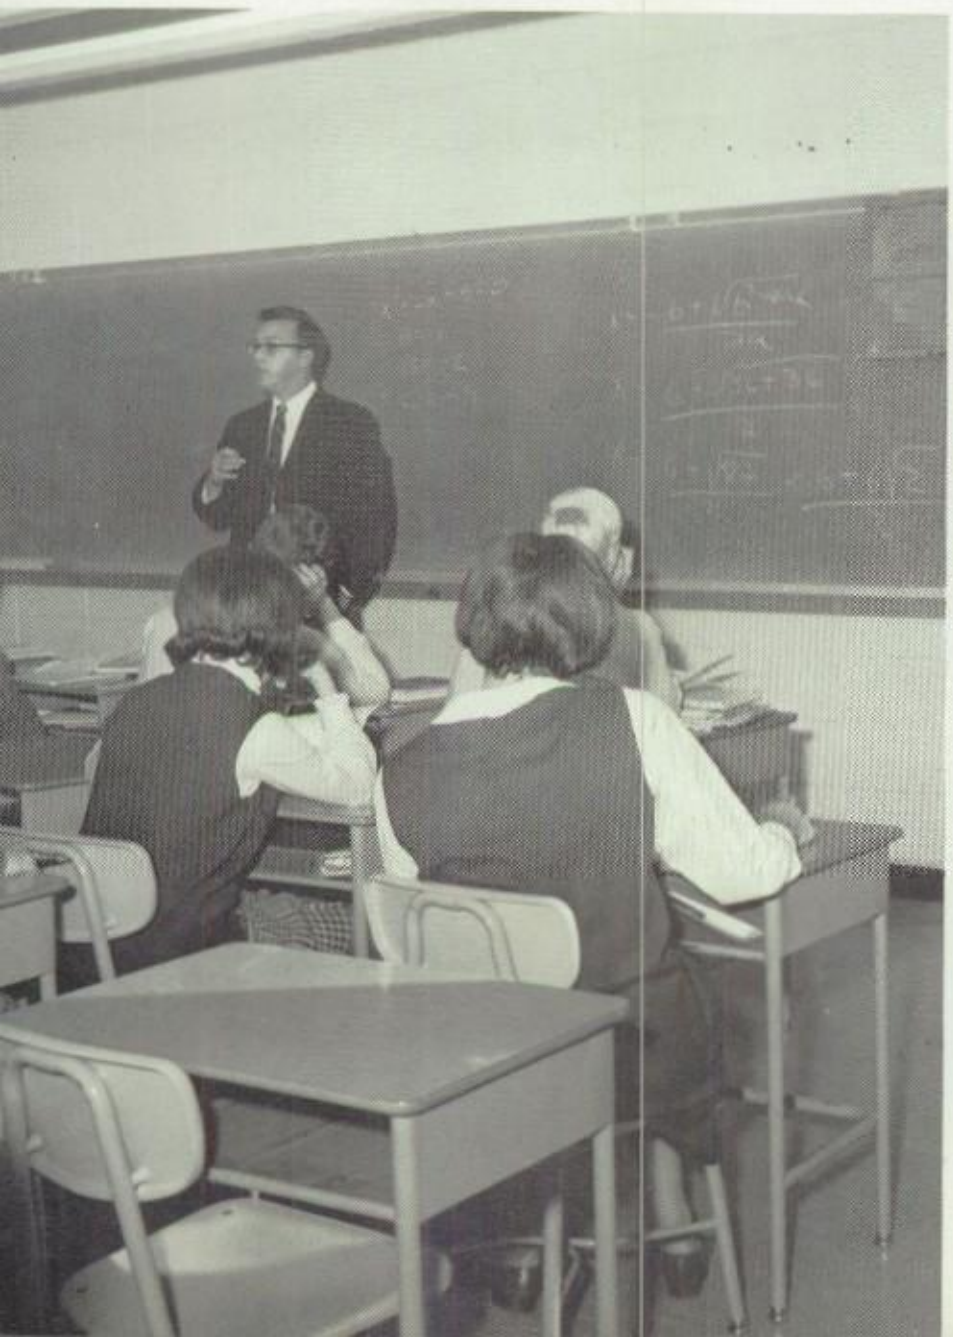

Ann Seibold explains geometry proof to Paul Fellers.

Emmett Treadaway and Don Richie discuss advanced math problems with Mrs. Dixon.

Mathematics is the Language of Science

Mr. Elkins discusses quadratic equations in Algebra II.

Miss Tauzin points out French current events as Linda Beadles and Aileen Gardner do extra reading about France.

Preparations for Latin Convention are made by Aileen Gardner, Cheryl Reese. Adrian Shively, Baker Barr, and Don Richie look on.

Foreign language opens a whole new area of understanding and interest in the world around us. In order to communicate in the world today, a person must obtain a deeper knowledge of the people and their cultures. The students are offered three years in French, Spanish, and Latin. The classes use records and recording tapes in addition to books to aid them in their studies. In addition to the high school program, eighth-grade students may elect an exploratory opportunity in conversational Spanish or French.

In Latin, students acquire a better understanding of the English language through the study of Latin and its influence on our language today. French students acquire listening comprehension, speaking, writing, and reading ability through conversation, drill, and composition. Students acquire a mastery of Spanish by learning, reviewing, reading, listening, and testing. To add to classroom interest, the Spanish Club, the Latin Club, and the French Club provide extra-curricular activity which can add greatly to the learner's interest in and knowledge of his chosen language. No matter what part in a person's life a language takes, be it career or pleasure, the Foreign Language Department of Northwood provides good preparation.

Patsy Holloway, Peggy Davis, Robb Martin, and Doug Green write English translations for Spanish names.

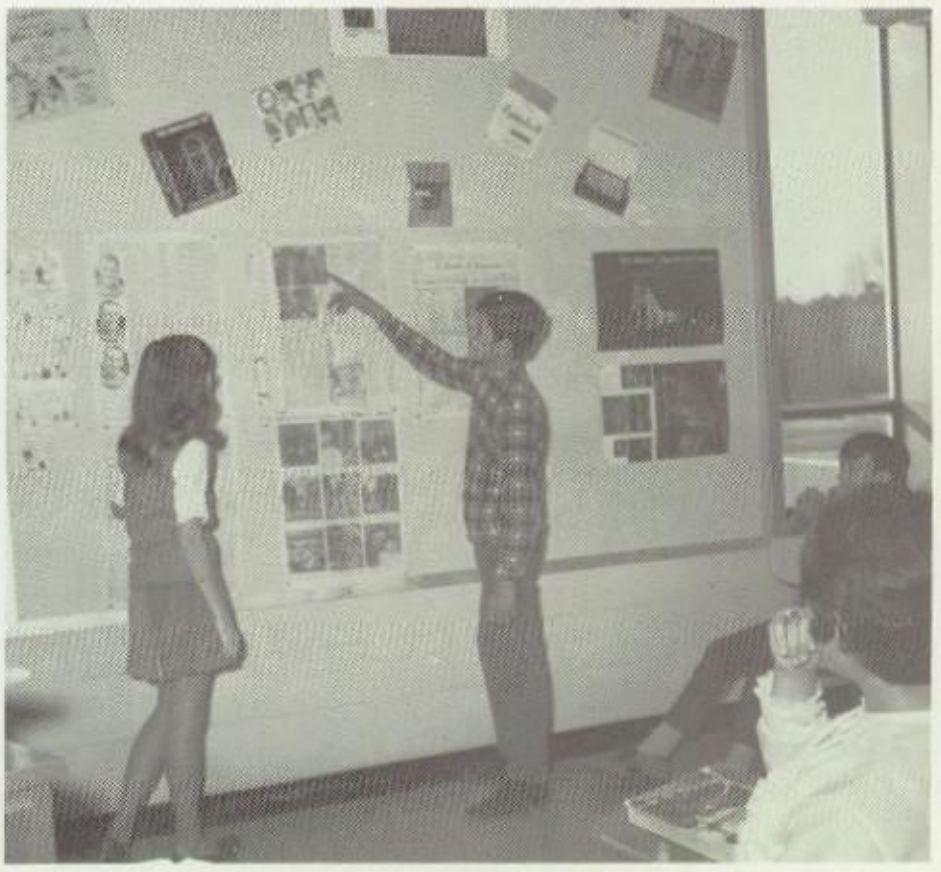

Shelton Cook, Audie Beeson, Carlton Currie, and Debbie Langton plan Latin Club chapel.

Languages is Key to Universal Understanding

Miss Tauzin looks on as her class uses the French tapes.

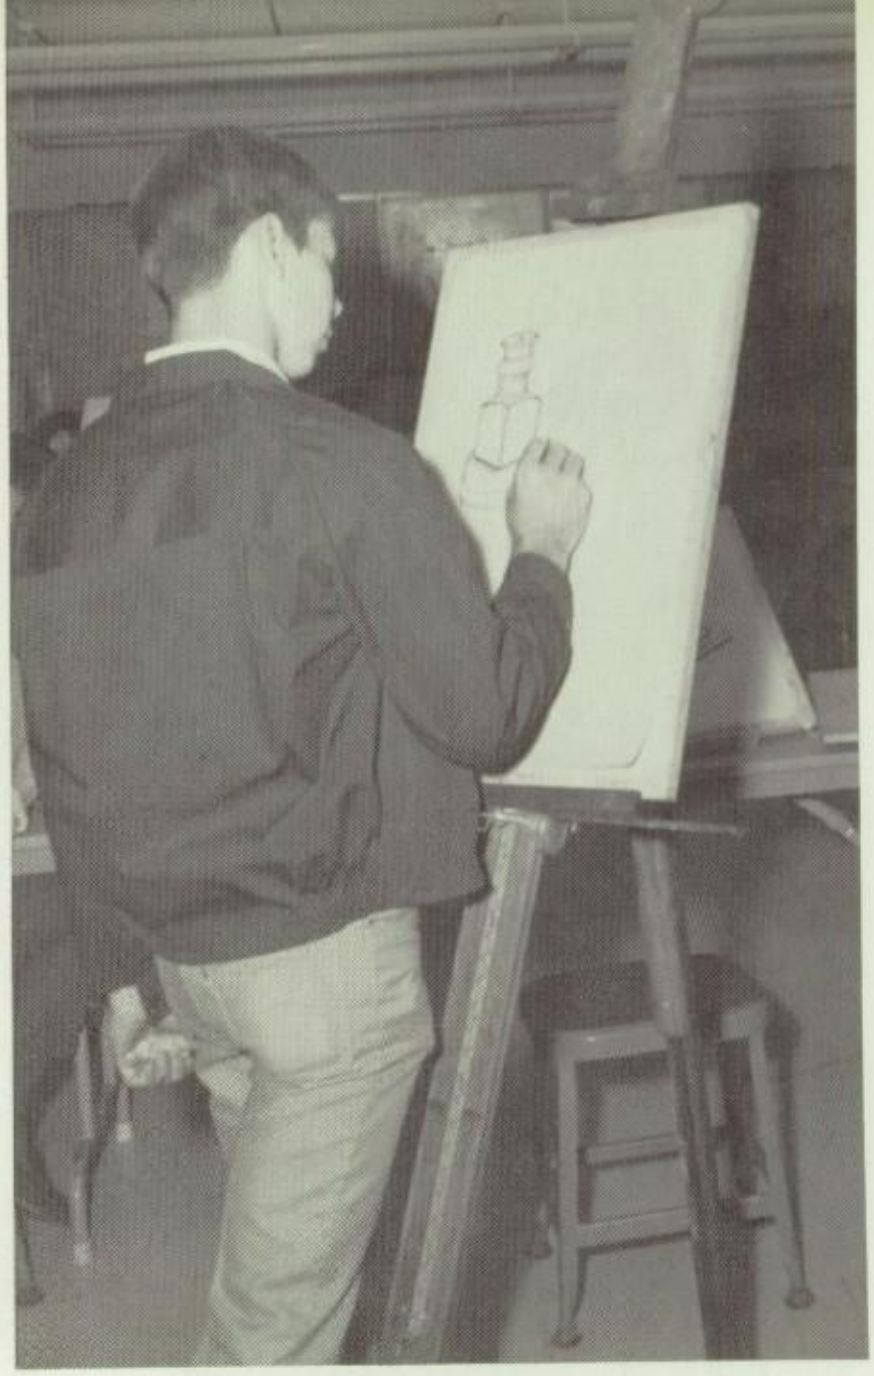

Jenny Seibold and Johnny Zuniga point out news clippings on bulletin board in Spanish class.

Steve Marlowe practices his violin in orchestra.

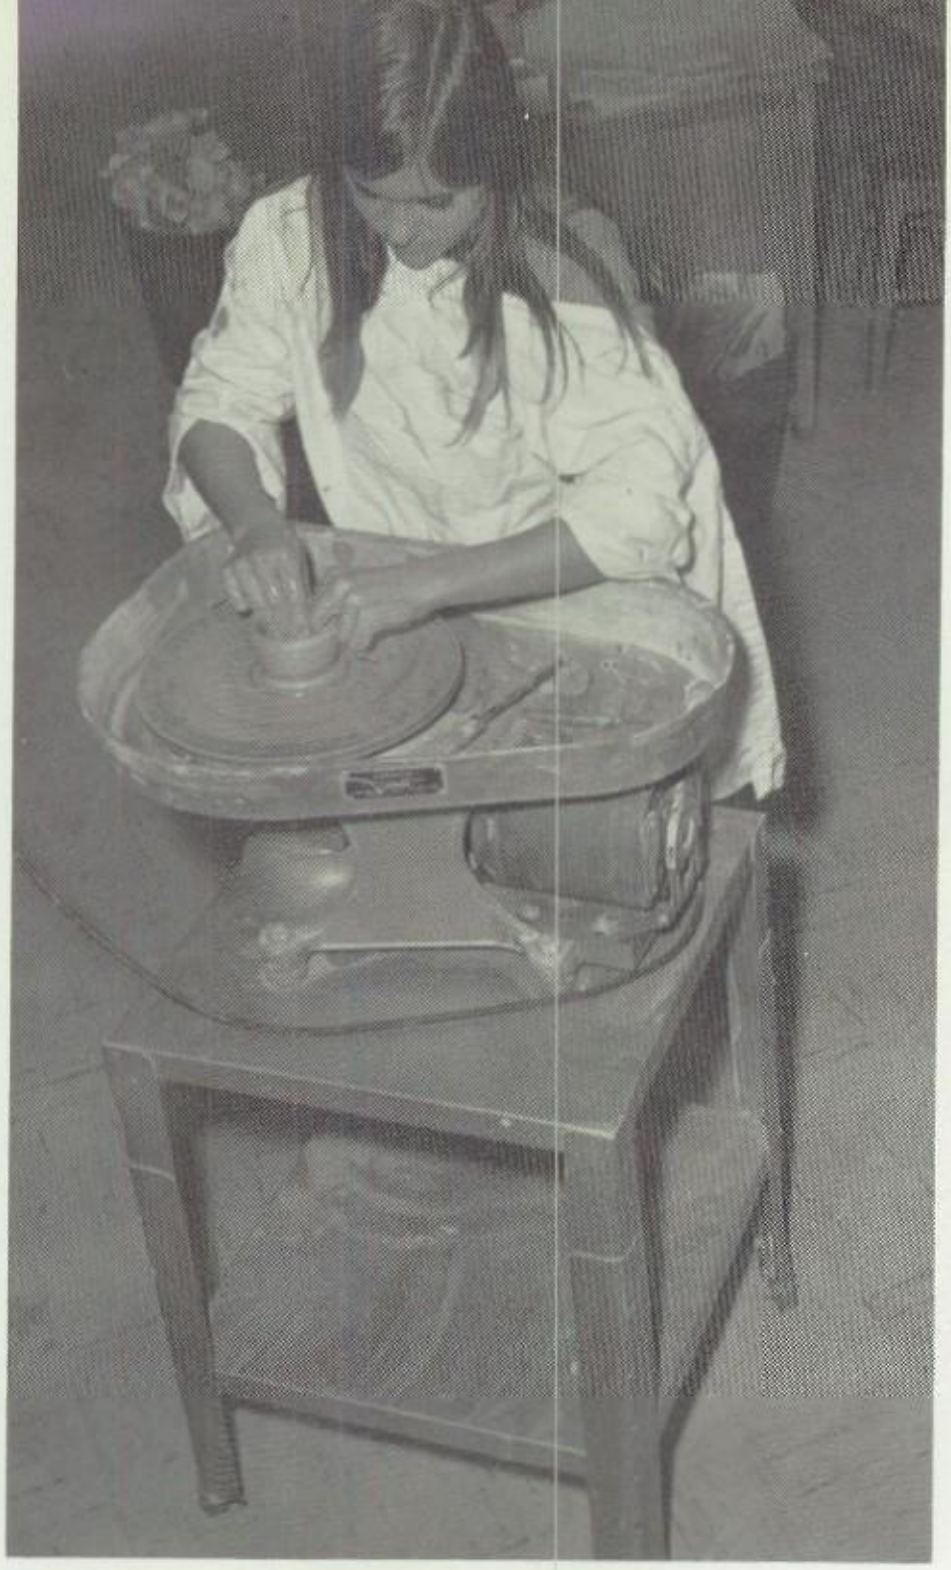

Mike White sketches the still life scene in art class.

Well-Rounded Program Offered in Fine Arts

The choir, directed by Mr. Loyd, performs in a school assembly.

The Art Department encourages the student in the development of creative expression. The art courses may be taken at first through fourth year levels of study; exploratory courses in art are part of the seventh-grade program. Media vary from watercolor and oil painting to pottery making. Students become skilled in many art media such as ceramics, charcoal, colors, and silk-screening.

Art I students are introduced to good composition and are given the fundamentals. Art II students begin to develop an individual style and experiment more extensively with painting. Art III and IV students are being prepared for college. With the courses in art, the opportunities for a career range from the teaching field to commercial advertising for television and furniture stores.

Music is one of the first cultural arts ever thought of by ancient man, perhaps as he hammered on some stones or maybe while he hummed to himself while working. Music has evolved through the ages, and a good example of this continuing evolution of sound can be seen in the Northwood Music Department's bands, orchestras, and choirs. Under the direction of Billy Guin, the band is well known for its fine performances. The Junior High bands are working hard; these groups give Northwood a great outlook for the future. Under the direction of Linon Loyd, the choirs perform at special functions such as PTA meetings and special 'school assemblies; and the orchestra, under the direction of Allen Swilley, completes the excellent program offered at Northwood.

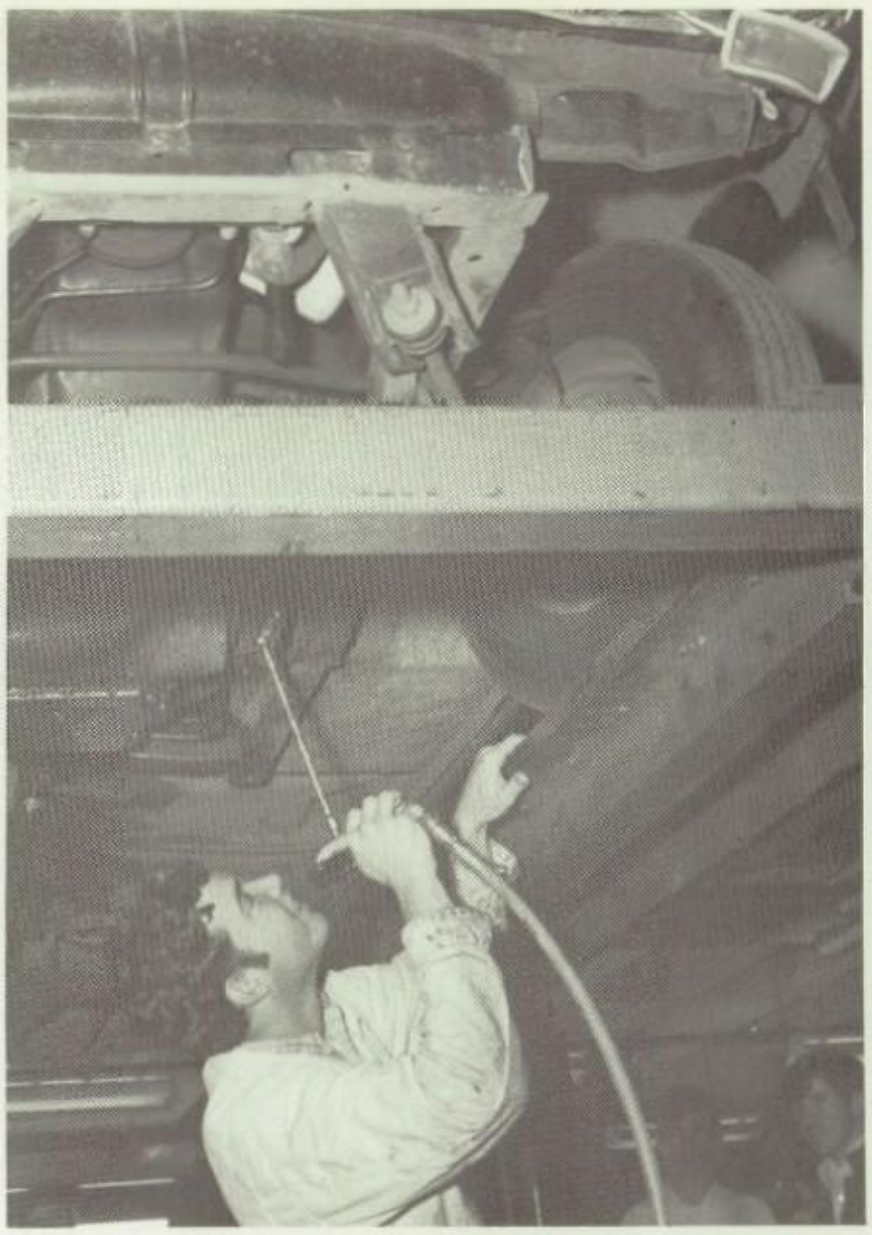

Katie Murray learns how to use the pottery wheel in art class.

Mr. Guin directs the band, as they practice new arrangements for assemblies.

Jesse Harris and Randy Harris help with finishing storage shelter in the home construction class.

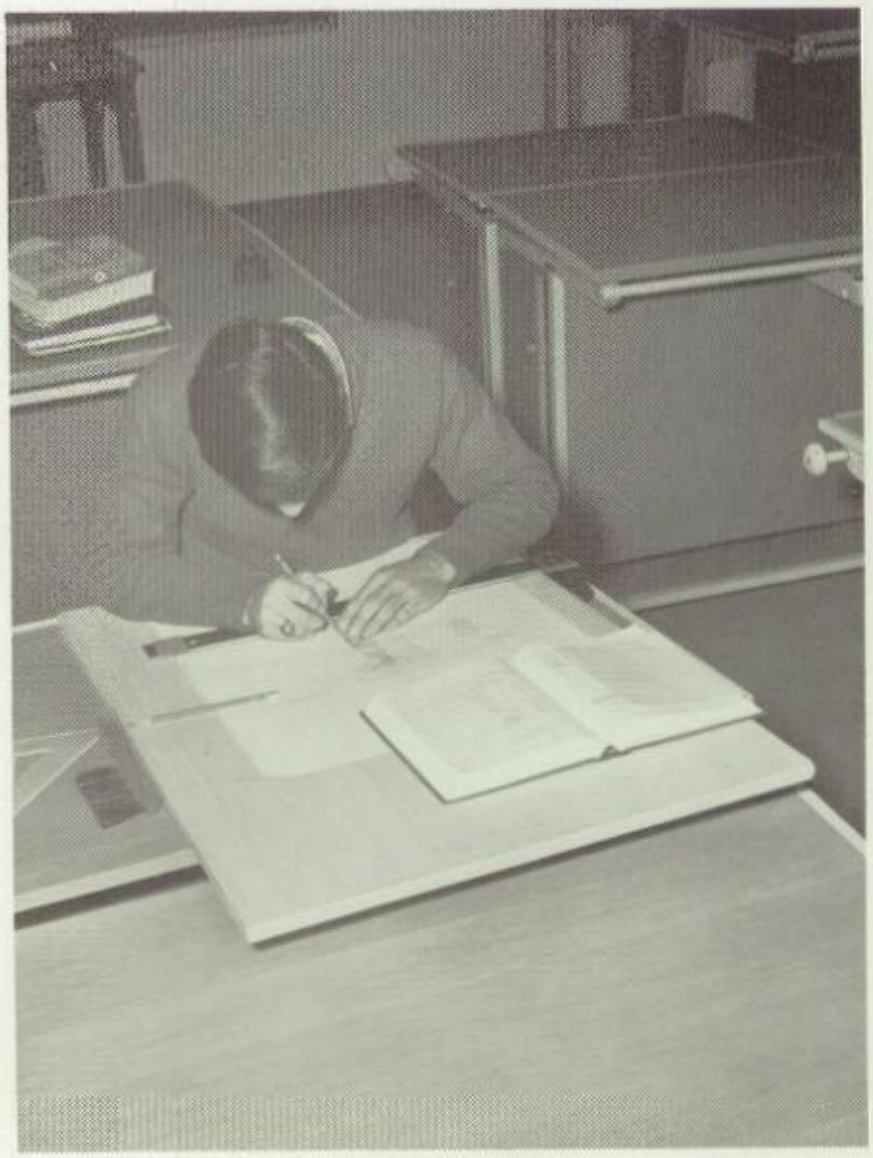

Kenny Primos greases a car in auto mechanics.

John Wixon assists Wayne Hataway with the power drill.

Bobby Butler has patience and a steady hand in mechanical drawing.

The Industrial Arts Department gives students a basic foundation in the principles and operation of mechanical drawing, auto mechanics, and woodworking. Potential builders and architects work at mechanical drawing, a course that is the most essential part of these fields. After learning to read and draw blueprints, a student receives the opportunity to plan his own home as he would like it. The home construction course offers an extended opportunity in industrial arts.

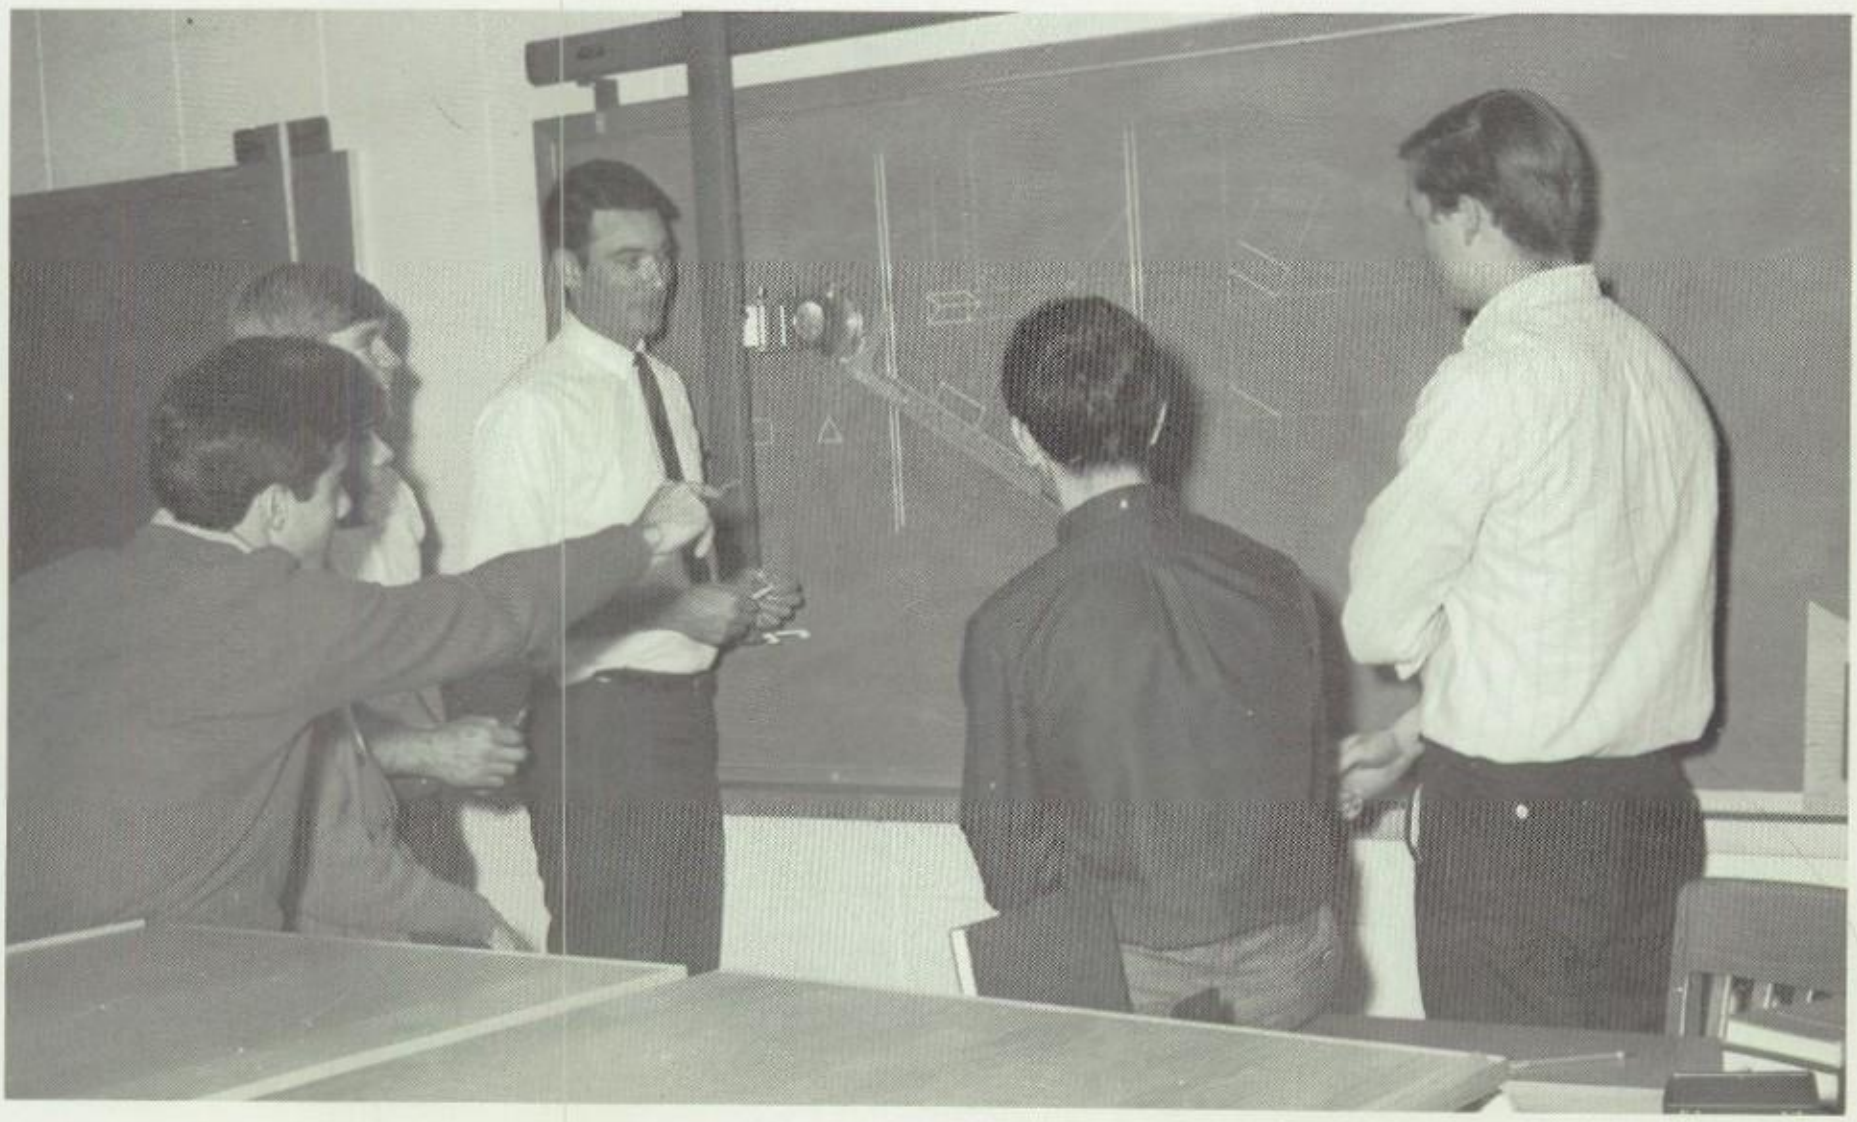

In the four years of woodworking, a student, in workrooms well equipped for safety, learns to make fine cabinetry. Many homes are beautified by the fine cabinets, benches, or tables made by the students.

Auto mechanics deals with the parts of the car and the skills needed to keep the car in operating condition. In addition to classes during the normal school day, a two-credit course in auto mechanics is offered after school. From the knowledge gained in these classes, held in the first-floor rooms, may arise permanent careers for these students.

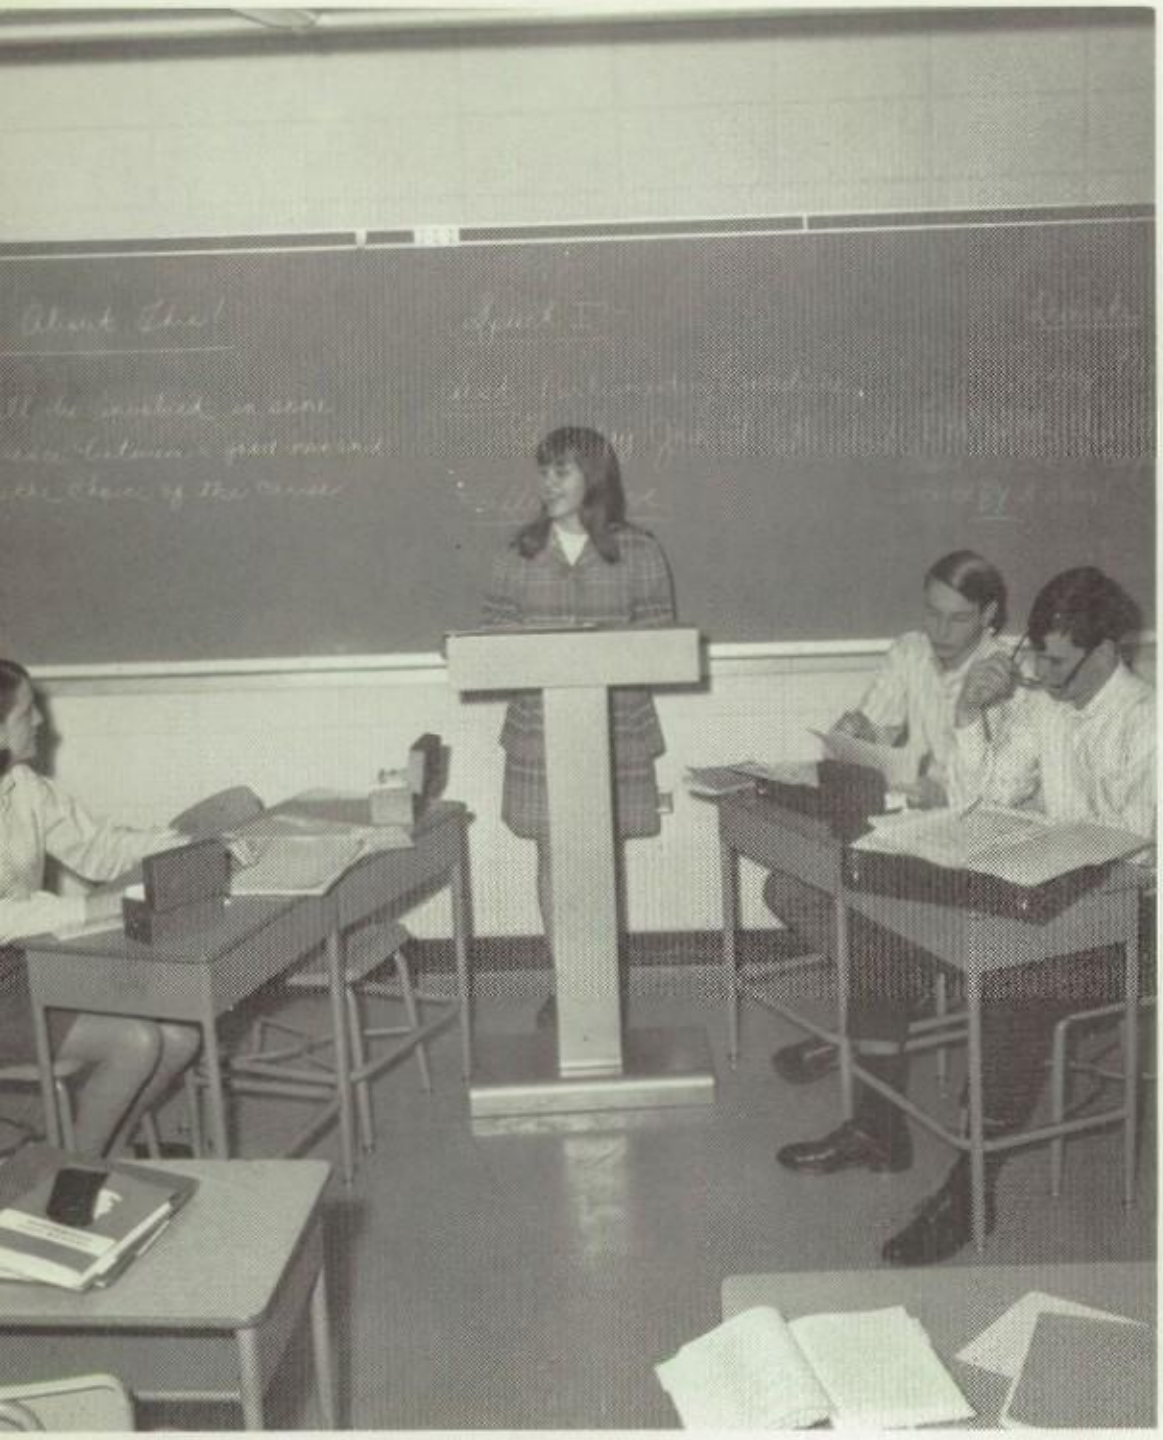

Eddy Stephenson carefully operates the table saw in woodworking class.

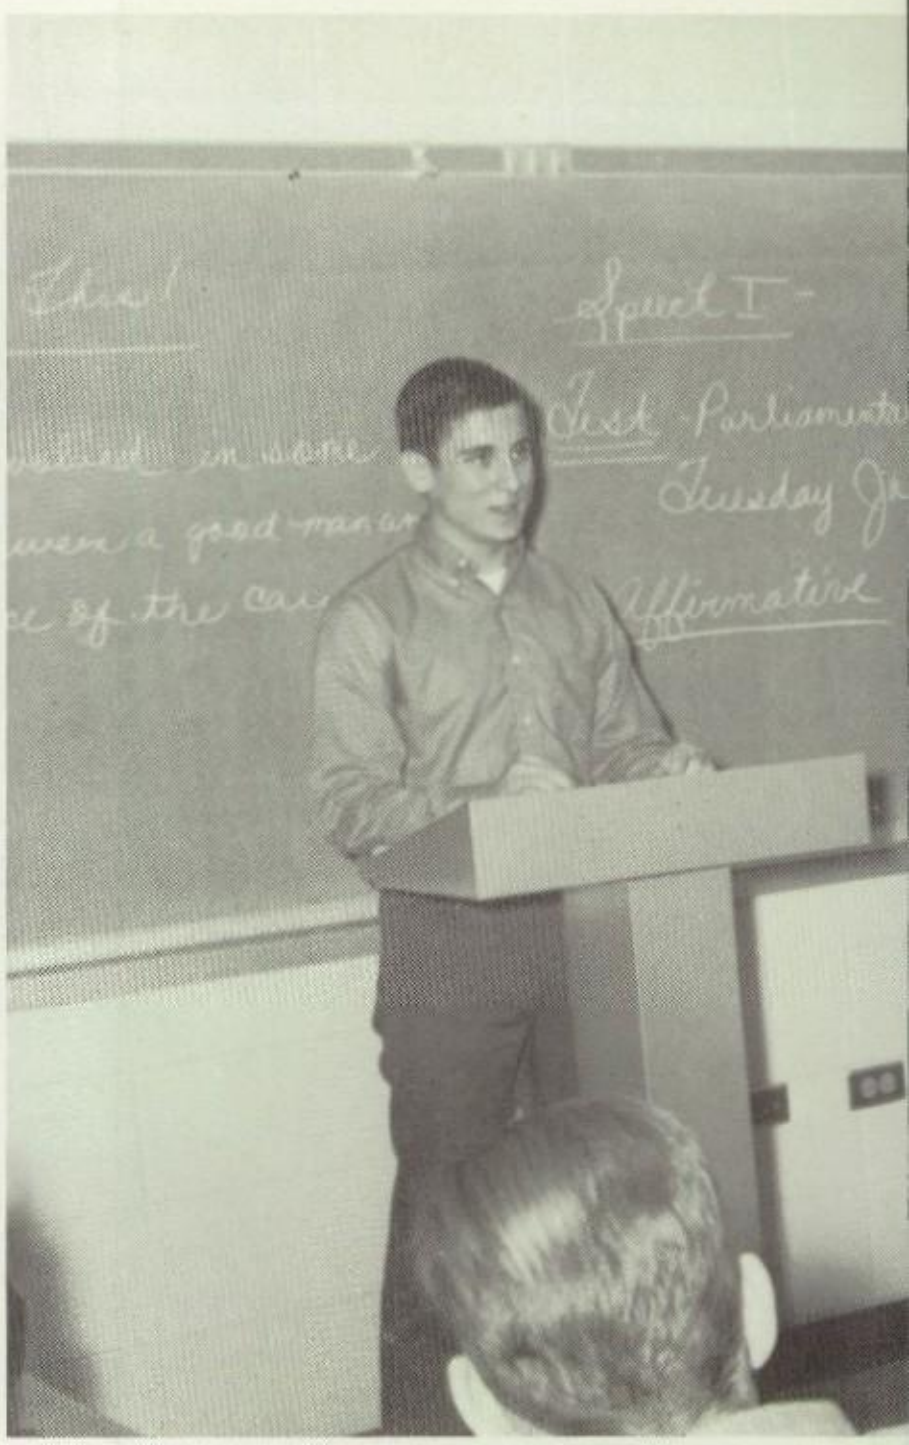

Industrial Arts Give Technical Knowledge

Speech gives the student a basic training and confidence for public speaking and debates. Speech I teaches the foundations of preparing and delivering speeches. Through lecture and student participation, practice is offered in speeches which inform, express, persuade, direct, or demonstrate. Speech II emphasizes the background and development of the theatre. Speech III strengthens the student's skills in debate. Debate tournaments give the debaters the opportunity to meet many new and interesting people from other schools in the state of Louisiana. Speech emphasizes the art of good speaking and improves a student's ability to stand and present his information confidently and well. Included in the speech program at Northwood is the production and presentation of a play; this year the Department presented Ten Little Indians *by Agatha Christie.*

Courses are offered in home economics which give students a background in preparing for future home management. Home Economics I helps girls learn the techniques of food preparation and planning. Home Economics I also acquaints girls with basic clothing constructions and patterns through making a simple dress. To further develop these skills, girls are offered Home Economics II, III, and IV. Eighth graders are offered exploratory opportunities in this field.

Home economics focuses on clothing, foods, homes and home furnishings, self-improvement, child care, and related careers. Students apply their skills in the modern labs featuring the latest equipment and arrangement. Gracious hospitality and basic courtesy are stressed in discussions of home relationships and in teas held in the department. Another course offered in the department is home and family living; this course acquaints the student with basic guidelines for managing a home and for participating in a family relationship. The goal of the Home Economics Department is to strengthen personal, home, and family living through helping individuals.

Business Department Develops Skills for Future

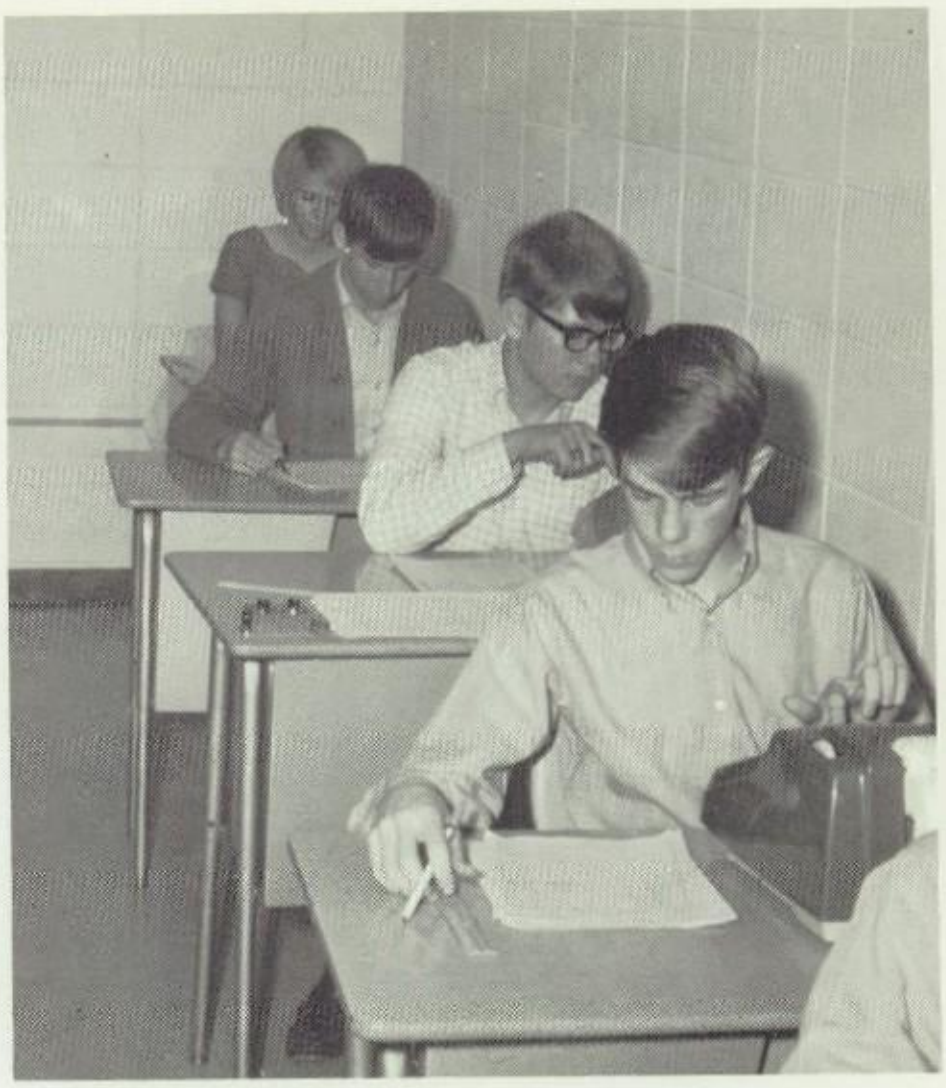

Operating the mimeograph is part of clerical office practice for Debbie Brown.

Billie Hamberston takes dictation using the shorthand tapes.

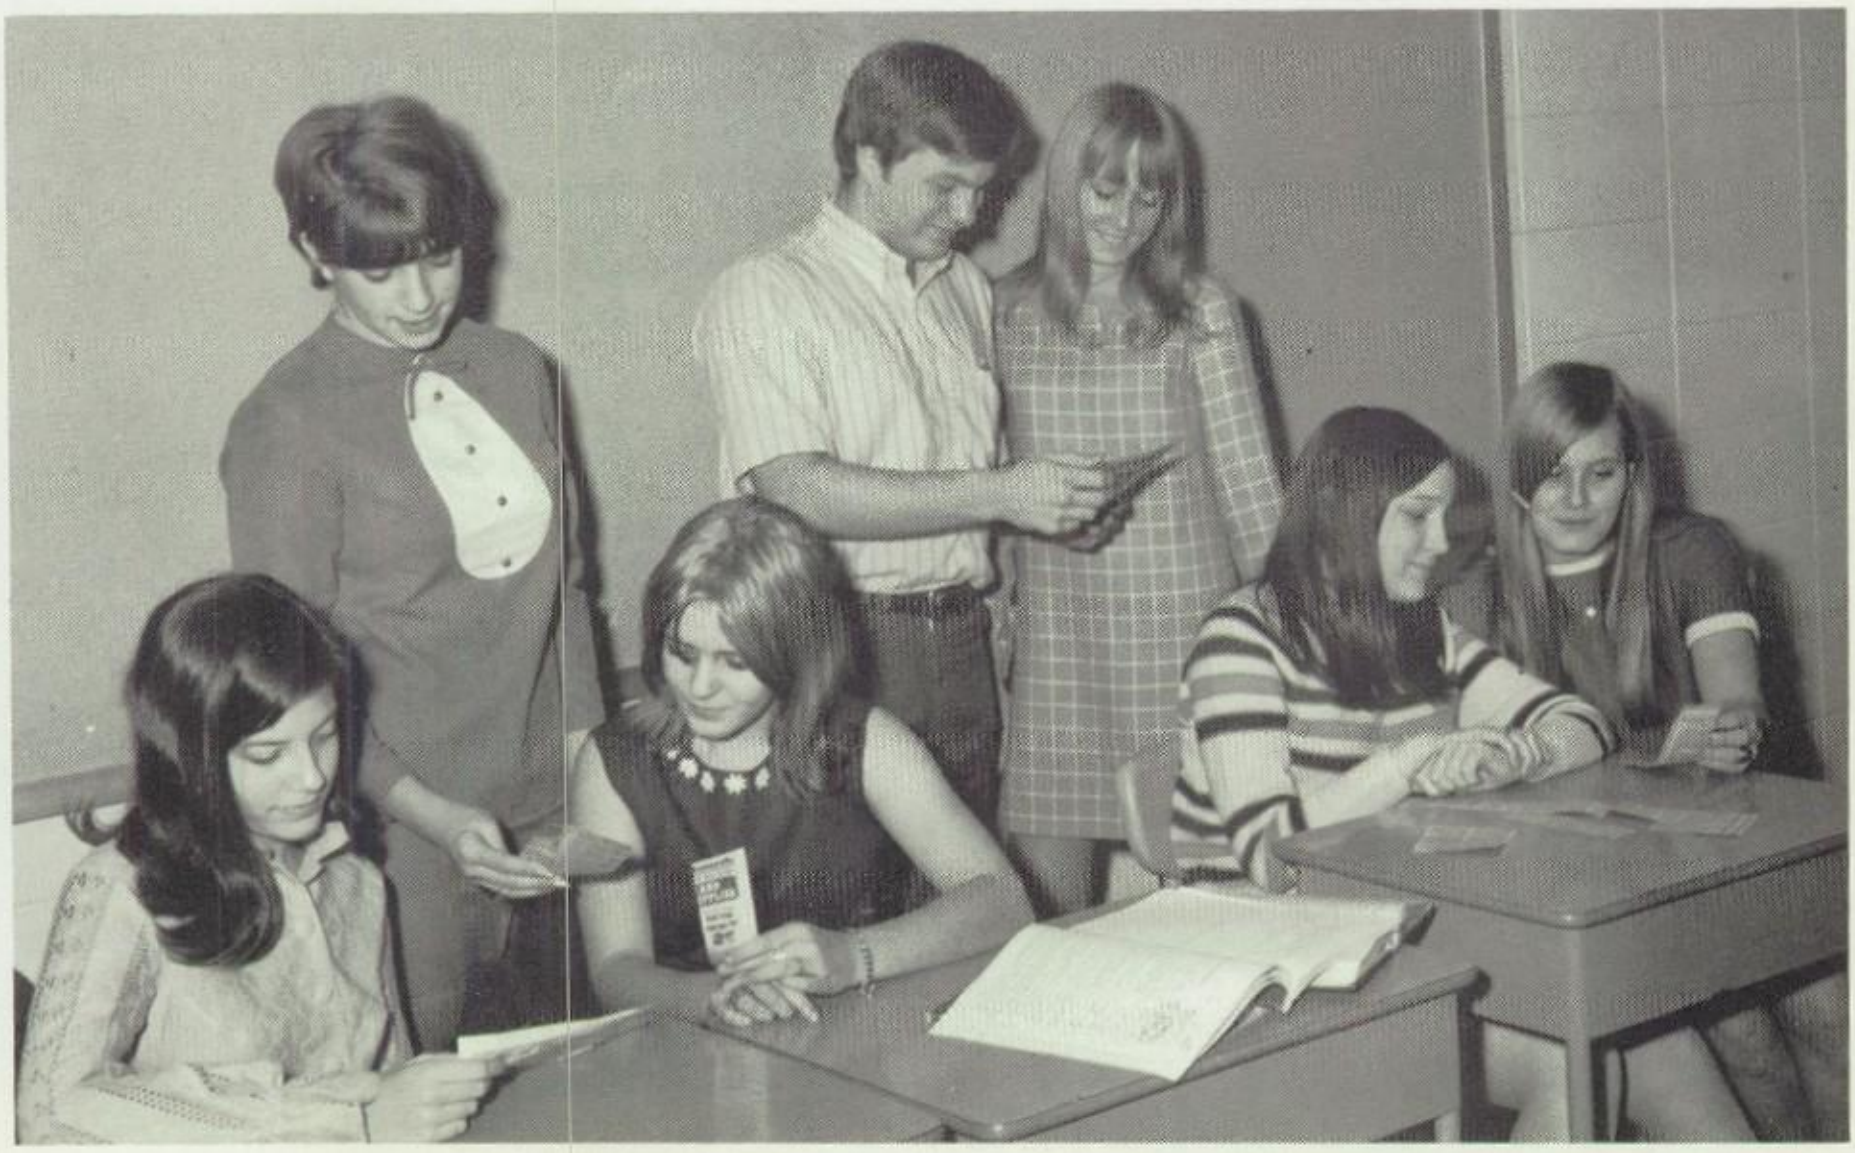

The Business Department offers an opportunity for students to develop skills in courses such as typing, shorthand, and bookkeeping. The Northwood Business Department has the latest aids and equipment for teaching these courses. Typing I is a skill not only for personal use but also for enjoyment. Typing II develops highly skilled typists capable of handling efficiently and economically a wide range of business oriented assignments.

Shorthand I helps one in reading and writing Gregg shorthand at a minimum acceptable speed. With Shorthand II, a student develops his skills in taking dictation and transcribing the material into mailable form. Bookkeeping develops skills required for competent bookkeeping at the beginner's level and the ability to interpret and analyze business forms. Clerical office practice trains students for clerical jobs and masters office duties such as filing, business machines, and mailing procedures. General business is an additional area of study about the business field. These courses not only prepare students for careers and college but also teach students efficiency, accuracy, and the value of money.

Joe Mac Brown, Burney Lummus, Larry Heflin, and Sharon Tuminello learn business skills in bookkeeping.

Avara Thrash, Linda Burroughs, Susan Brown, John Hargraves, Lissa Langdon, and Marsha Nohse study insurance by looking at newspaper clippings in general business.

The purposes of the Northwood High School Student Council for the 1968-69 school year were to participate in the management and activities of the school in a democratic manner; to improve relations between the faculty and the student body; to promote school spirit; to set high standards for the student body; to serve as a forum for student expressions; and in general, to promote the welfare of the school.

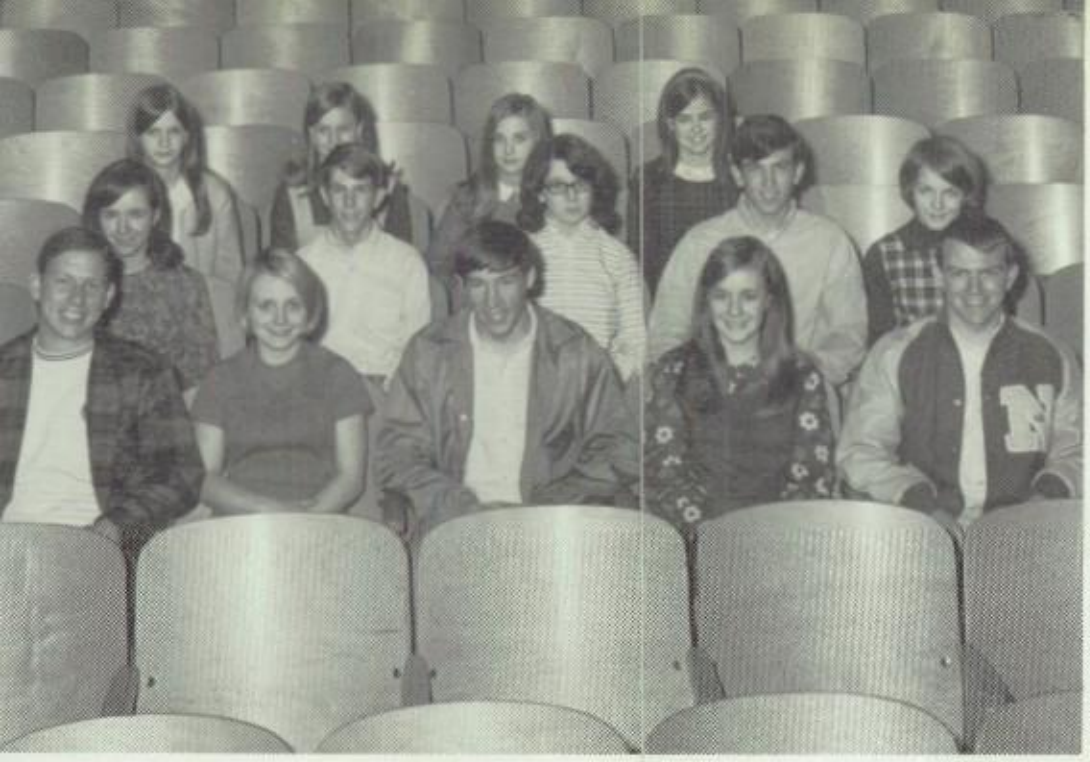

These goals were accomplished through various projects and services that the Student Council performed. One of the services which was provided all year long was the school store. Other services that the Council performed were writing the words to the Alma Mater, conducting school elections, and supervising the chapel program.

Projects which were completed during the year were the staging of Northwood's first homecoming, the printing of the student directory and handbook, the compiling of a school scrapbook, the hard-hitting play of the "Bloomer Bowl", and a spring carnival.

Northwood was represented by delegates to the Louisiana Association of Student Councils Convention, the Southern Association of Student Council Convention, and State Workshop. This spring, as secretary school, Northwood served as host for the annual meeting of the Northwest Louisiana Association of Student Councils.

Junior High Council Has Many Projects

The Junior High Student Council strives to attain better school relationships and higher goals and to create a better educational atmosphere. The 1968-69 year began with a workshop in Monroe for members of the Junior High Student Council. In addition to planning, correlating, and carrying out activities for grades seven, eight, and nine, the Junior High Council joined the Senior High in attending the annual LASC Convention in Baton Rouge, in publishing Northwood Numbers, *and in hosting the LASC.*

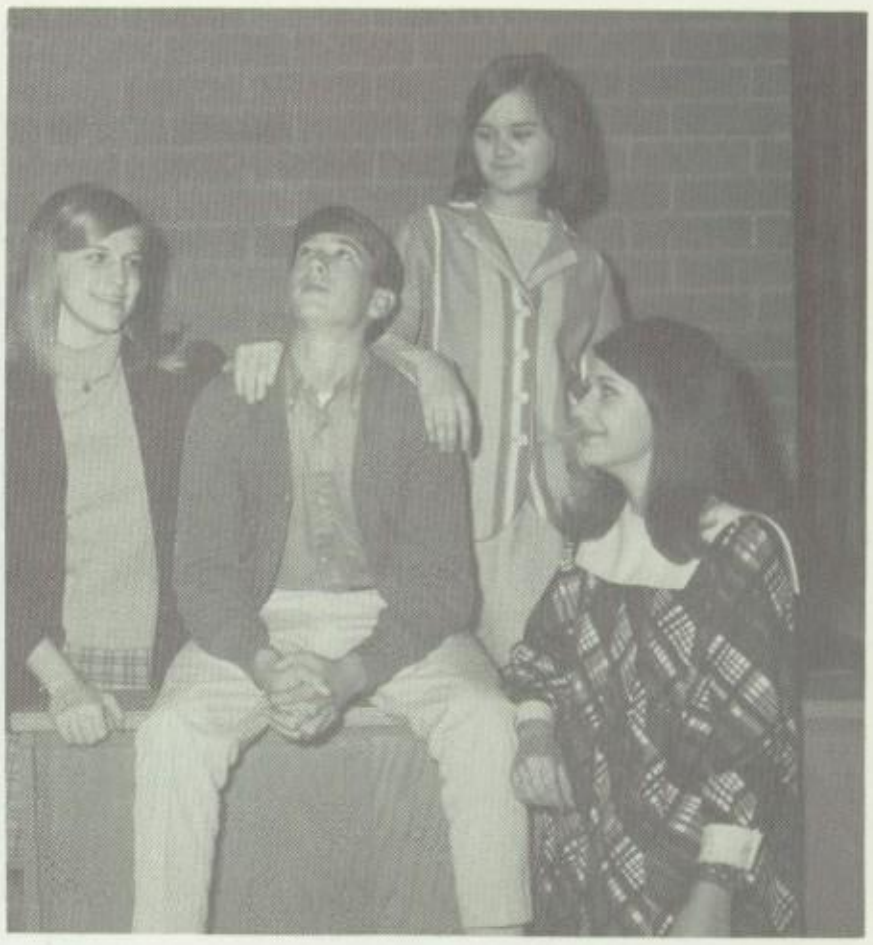

In the spring the Council published Falcon Fly Laws, *a student handbook of interest to all students, especially newcomers. Other activities throughout the year included the completion and presentation of an eye-flashing, smoke-breathing Falcon mascot, the planting of redbud trees on the campus, the selling of pennants at ball games, and a "novelty booth" at the carnival.*

Safety Council Supervises the Parking Lot

To promote safety is the goal set by the Safety Council. Mr. Bryant Fowler, the Council's new sponsor, directed the group's projects.

The Council's many year-long projects include organization and supervision of Northwood's fire drills and tornado drills. Another of the groups main duties is to check the parking lots and ramps to maintain proper compliance with safety rules designed by the Council. The organization encourages participation in safety poster contests. At the Falcon Fair held in May, the organization sponsored a basketball throw.

Several students attended the state convention in New Orleans in November and the district convention in Shreveport in the spring. Steve Prator, chapter president, participated on the program.

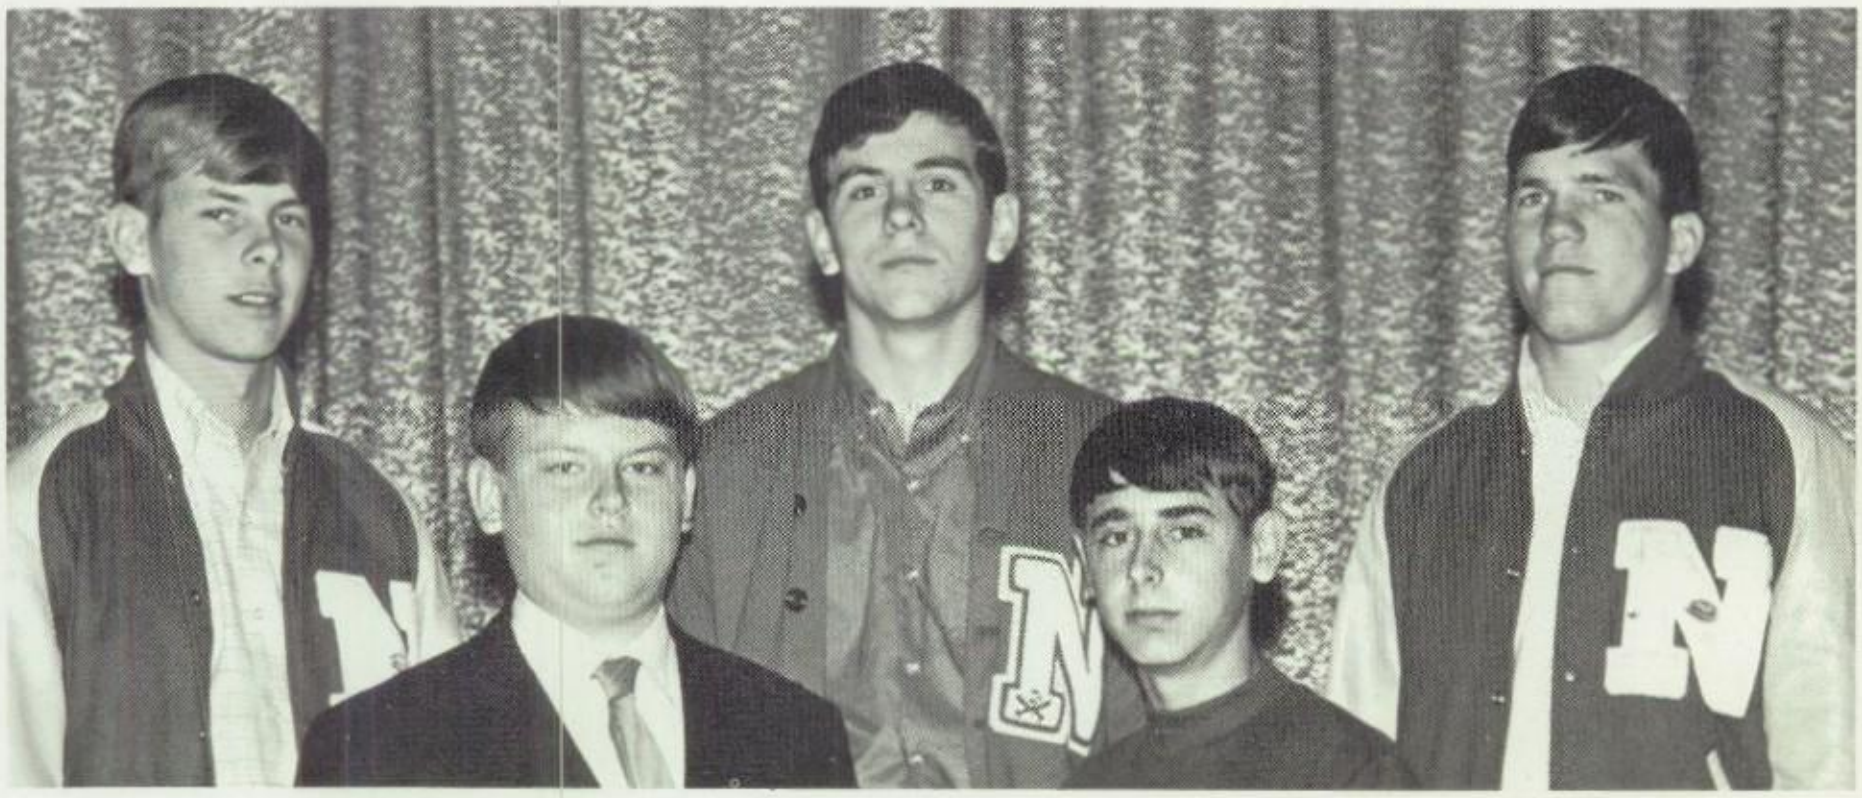

This year the Northwood Safety Council became affiliated with the National Safety Council Association. The Council is always interested in projects to make Northwood students more safety conscious, and acquire more information about the activities of safety councils in other areas.

Big "N" Coordinates School Activities

A Big "N" meeting in the cafeteria.

The Big "N" Committee has as its purposes to identify problems common to all at Northwood and to participate in policy and decision making in reference to possible solution of these problems. It has been established that when lines of communication are open to all concerned, there is an effective flow of information, clarity of understanding, and the existence of a receptive and favorable atmosphere.

Some problems and programs are a natural by-product of a large operation in any school. Thus, there is a need for a coordinating group. The Committee is composed of the PTA Parent Committee, Faculty Steering Committee, Student Council officers, Interclub Council, club sponsors, Northwood administrators, and, ex-officio, *Percy Sharpe, Caddo Parish School Board member.*

Bible Club Organized, Bell Is Sponsor

OFFICERS—*Larry Durr,* Sec.; *Mark Spinks,* Chairman; *David Hartsell, V. Chairman.*

The Bible Club is composed of those students interested in projecting the Bible as an inspired book. The purpose for organizing is to help one another so each can show, by example and study of the Scriptures, the relativity of the Bible to present day living. The Club has taken as its motto I *Timothy 4:12: "Let no man despise thy youth; be thou an example of the believers in word, in conversation, in love, in spirit, in faith, in purity."*

The major project of the Club this year has been to bring to Northwood an outstanding speaker to talk about youths' problems.

Mrs. Kenneth Bell, Club Sponsor, says, "The year has been a valuable one for the group. We've learned much, and we feel that the Bible Club fulfills a need of the school."

Les Travails des Livres *serves the student body and faculty of Northwood in many ways through its facilitation of use of the library.*

This year one of the major objectives of the club was to raise enough money to purchase a touch-down stamp for the pass desk in the library. Another project was to complete the sale of school stationery.

As students of library science, members, working together as a team, meets the needs of the staff and students by making the library a pleasant and attractive place for reading, studying, viewing, and listening.

The club added to the total school spirit by participating in the chapel program and by having a pizza booth at the May carnival. Its members are active in many other organizations as well.

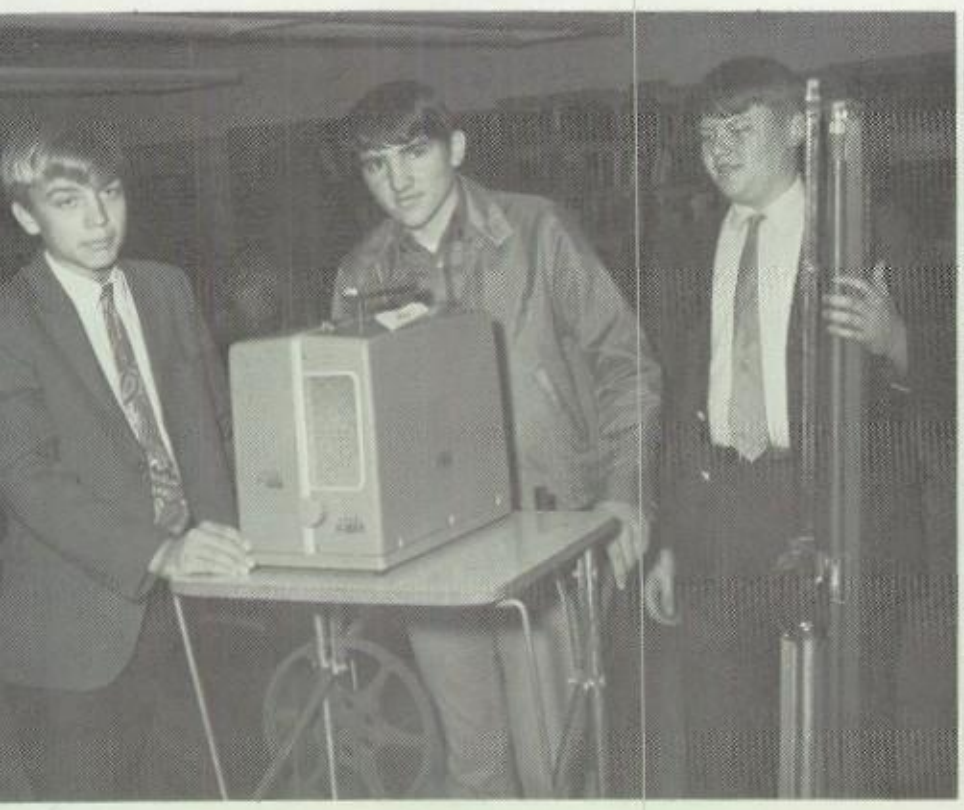

Mrs. Verna Thomley, Mrs. Katherine Cochran, and Mrs. Dee Dee Reese and members of Les Travails des Livres *make the Northwood library available to all from 7:30 to 4:30.*

4-H Club Active in Second Year

The Northwood 4-H Club strives for high ratings based on individual selection and completion of at least one project during the year. These projects are judged on the bases of participation, special community service, conduct and quality. "To make the best better" is the goal of the 4-H members.

The Northwood chapter collected food and clothing for a needy family, gave to the Joy Fund, had a food booth at the school carnival, and painted and gave to the school litter barrels with "Northwood 4-H" on them. The Club had a very busy and successful year. Other activities of this group were presenting and planting tulip trees on the campus, working on road signs, sending Christmas cards to inmates at Angola for the inmate's own use, and helping with city-wide clean-up.

Bill Crain, President, was awarded a trip to Chicago for his outstanding electrical project.

Junior Achiever Gains Experience in Business

Junior Achievement is a nationwide organization made up of high school students who are divided into companies sponsored and advised by various area concerns. A product is produced and sold, stock having been sold to finance the operation. At the end of the year the company liquidates. The stockholders are then paid if the company has shown a profit. Through participation in this project, the Junior Achievers learn how the business world operates: the how's *and* why's *of production and selling. In addition to learning much about his own product and company, the junior Achiever learns about business in the Shreveport area.*

The purpose of the Northwood Z Club is to serve the school and community, to promote career ideas, and to promote through fellowship a better understanding among all peoples of the world. The group is sponsored by the Zonta Club.

Projects for the year included having a Halloween party at CBARC, baking pies and cakes for the Rescue Mission, collecting toys and food with the Key Club at Christmas, making gift cans for the senior citizens home, making "busy books" for children in the Confederate Memorial Hospital, having a puppet show for exceptional children, and supportting an orphan in Greece through the Foster Parents Program. The Club's child is Elizabeth Tsifountidou, a thirteen-year-old. A continuing project was assisting each afternoon in the physiotherapy of Chris Glover.

Ad Staff Sells for Three Publications

The Falcon Ad Staff has performed valuable services in soliciting ads for three Northwood publications: The Talon, *the football program, and the* Flight Line. *Publications cannot exist without ads, and this group is responsible for contacting companies and individuals who will help Northwood in this way.*

Several procedures are used in obtaining these ads. Often the same companies and individuals will take the same ad. Members call upon these "old" ads and also visit new prospects, taking with them ideas about possible presentations for the display. They're called the "Money Makers" and justly so. It is a year-round job supporting the three publications for which this group raises money.

Key Club Strives To Keep Northwood on Top

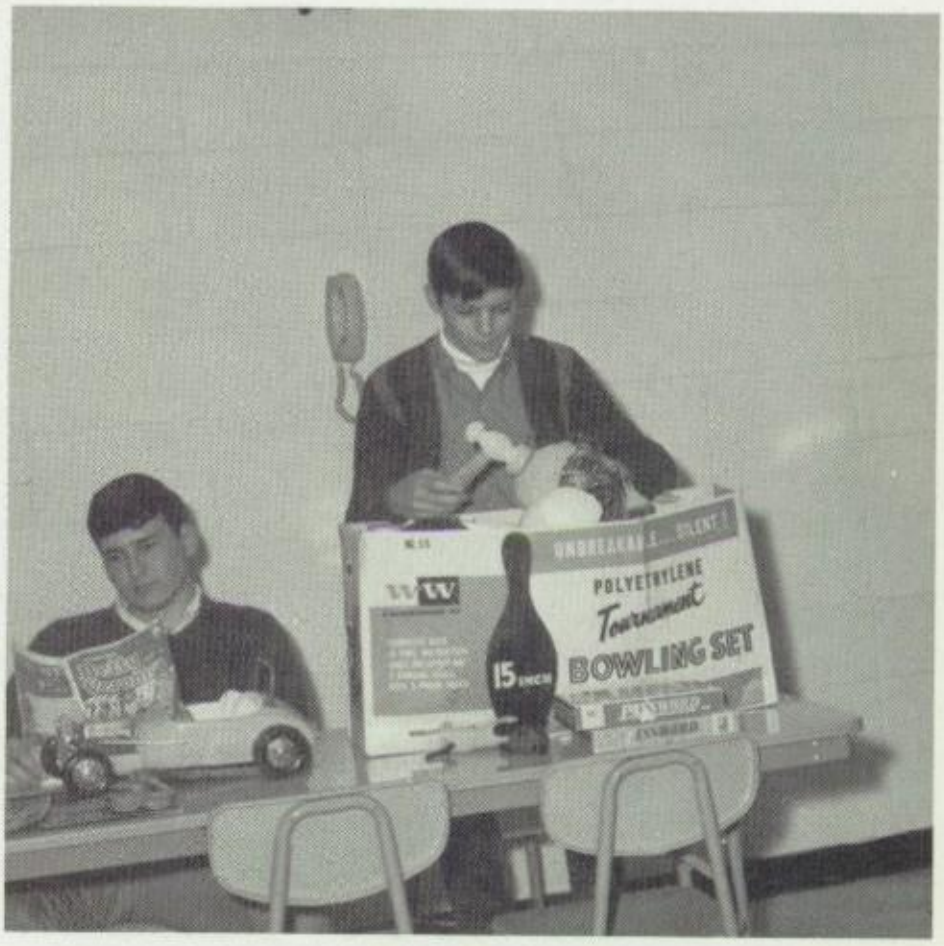

Morris Allums
Sponsor

Service is the order of the day for the Northwood Key Club: service for school, community and nation. Organized last year by the Blanchard Kiwanis Club, the club has continued to provide assistance in many capacities.

Some of the club's many projects included making Key Club benches for the school, collecting food with the Z Club at Christmas, working for the Veterans' Poppy Drive and assisting in physical therapy treatment of a community youngster. Other activities included the sale of football jerseys, the purchase and installment of intercom speakers and attendance at the State Convention. Through such projects the Key Club fulfills its purposes.

The Key Club Christmas project was collecting toys. Santa's hard-working helpers are John Pharis and Jim Jamar.

The Key Club meets regularly once a week.

F.C.A. Members Leaders in Sports

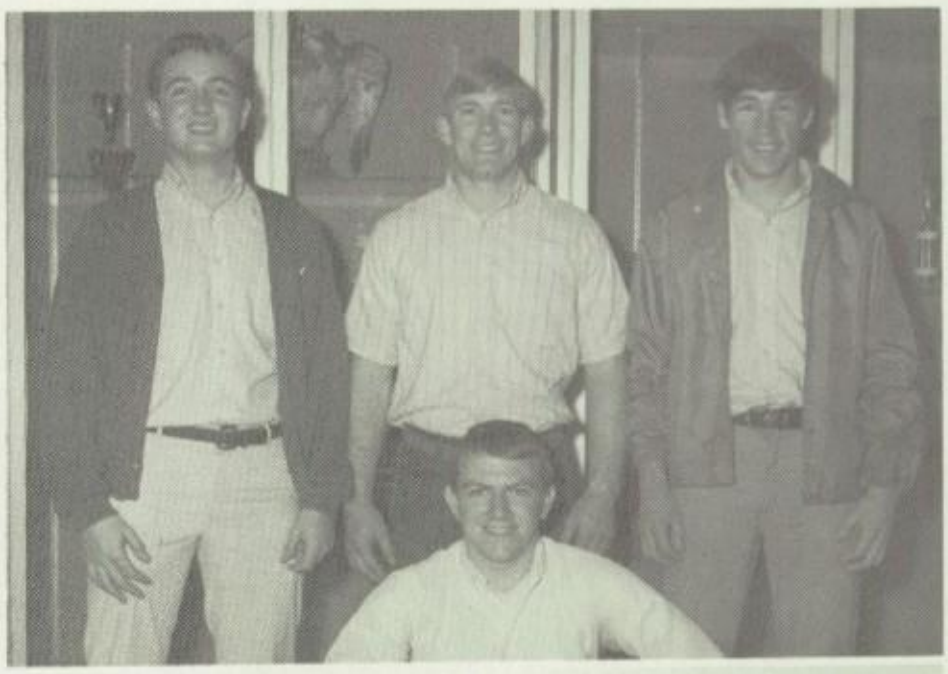

To confront athletes and coaches, and through them the youth of our nation, with the challenge and adventure of following Christ, participating in His church and serving Him through vocations is the purpose of the Northwood chapter of the Fellowship of Christian Athletes.

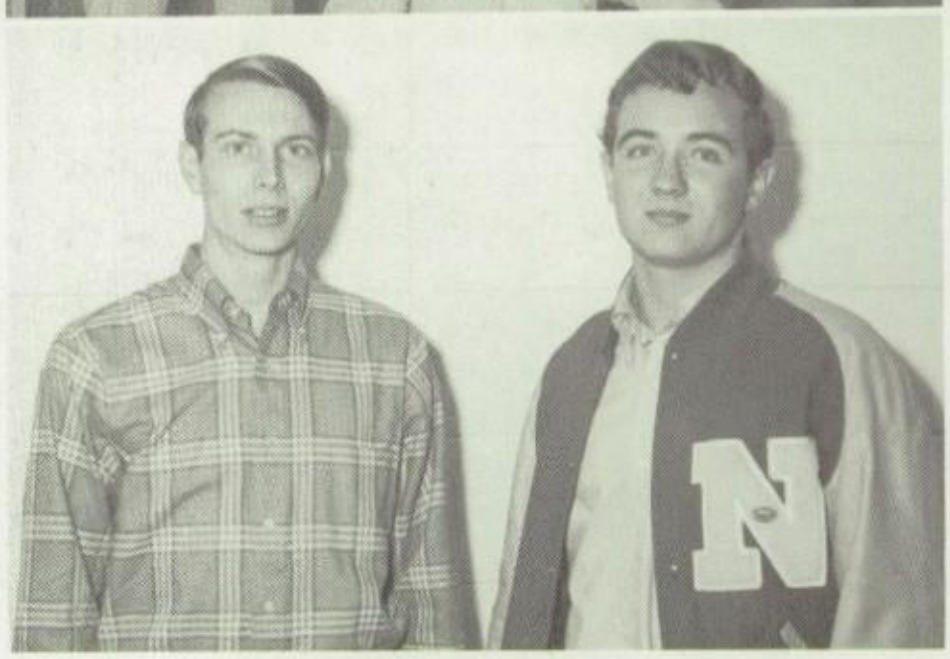

Through the year the FCA had a number of projects including assisting in starting two new chapters in Mansfield and in San Marcos, Texas; a cookout during the spring semester; and participation in a chapel program.

To complete the year, club members will attend a summer conference of the FCA to be held at Estes Park, Colorado. Several members attended last year and found the experiences very valuable.

Members of this group represent the finest ideals of attitude. Through their efforts Northwood is a better school.

The purpose of the Interact Club, sponsored by the Rotary Club, is to open avenues of personal and group action leading to advancement of international understanding; to increase knowledge of community, national and world affairs; and to encourage and practice thoughtfulness toward and helpfulness to others.

The Interact strove to fulfill these goals through its many projects throughout the year. These included Friendship Contributions to poeple in 50 countries, participation in the Veterans' Poppy Drive, and the sale of V.F.W. Fortget-me-nots. A basketball game sparring the Interact and Key Clubbers against the faculty highlighted the latter part of this year, a year which the club can always remember with a satisfaction in accomplishment during the Northwood chapter's initial year.

Y-Teens Are Part of City-Wide Program

The goals of the Northwood Y-Teans were "to grow as a person, to grow in friendship with all people, to grow in the knowledge and love of God."

With emphasis on community service and leadership development, the Y-Teens began the school year with the annual Y-Teen Roll Call Tea. Adopted as a service project was work with the Arthritis Foundation, including Tag Day and Bucket Brigade campaigns. Community beautification projects continued as Y-Teens planted some 1000 tulip trees and participated in parish clean-up projects. Other projects included aiding the needy and participating in the World Fellowship Bazaar and in the Officers' Training Workshop. Additional club activities were participation in the Louisiana State Y-Teen Conference in Bunkie, the Y-Teen Style Show, the Y-Teen South Conference in Gulfport, Mississippi. Fund raising projects for 1968-69 included a Tupperware sale, a candy sale, a bake sale, a rummage sale, and car washes. Proceeds were used for club projects, including sending delegates to the state and regional conferences.

F.H.A. Initiates New Officers

Working toward its goal of promoting a growing appreciation of the joys and satisfactions of homemaking, the FHA strives to teach its members new arts in homemaking.

This year has been a rewarding one for the Northwood Chapter of the Future Homemakers of America. The year's activities have included a Christmas party, prepartion of Christmas baskets, repairing of toys for the Key Club's project for the underprivileged, and Teacher Appreciation Day. The annual Mother-Daughter Banquet, held in the spring of each year, was a special event during which Miss FHA and the most outstanding home economics students were honored. Also included as a part of the banquet festivities was the initiation of the incoming officers of the club.

Active FBLA Chapter Is Organized

The Northwood chapter of the Future Business Leaders of America has rendered service to the school and to its members in its first year of organization. Mrs. Jimmie Doerge, Mrs. Pat Fullerton, and Mrs. Margaret Kilman are the sponsors.

The primary purpose of the FBLA is to develop competent, aggressive leadership, to create more interest and understanding necessary for an intelligent choice of a business occupation, and to aid in the improvement of home and community.

Year-long activities, such as guest speakers on careers, helped the club fulfill its objectives. In January the group attended a regional FBLA meeting in Ruston. Other projects included in a most interesting year were field trips to Western Electric, to the telephone company, and to a data processing center.

F.T.A. Prepares Members for Future Work

As the demand for teachers continues to grow in our nation, the Future Teachers of America strives to develop the qualities necessary for this profession.

The Northwood chapter's goal was to prepare the members for future classroom experiences. Members shared many experiences of classroom teachers through instructing in community schools under the guidance of the regular teacher. Members also participated in learning situations at Northwood. Classroom substitution and observation helped students to learn what the teacher does during a day.

From the FTA convention held in the spring, members gather many new ideas which will aid the FTA here at Northwood.

Art Club Presented Mosaic to NHS

The Art Club was organized to create student interest in the fine and commercial arts and to provide a program of related artistic activities. The Club provides a creative atmosphere in which students may explore art media in group and individual experiments.

Included in the activities of this year were creating a holiday atmosphere in the teachers' lounge for Halloween, Thanksgiving, Christmas, and Easter, the processing of school spirit ribbons, assisting in decorating for homecoming and the Junior-Senior Prom, painting signs for football games. Constructing and finishing of backdrops, flats, etc. for various plays and programs and the redesigning of the art room were other projects undertaken by the Club under the sponsorship of Miss Dianna Martin and Mrs. Linda Evers.

Mathematicians Tackle the Slide Rule

The purpose of the Northwood Math Club is to promote an interest in mathematics. The Club's goals for this year were these: to initiate a Mu Alpha Theta chapter here, to learn to enjoy math games, and to sponsor field trips to places of mathematical interest.

Northwood's chapter of this international mathematics organization was initiated by the members of the Byrd High chapter. Highly capable and very interested mathematicians enjoyed the activities of the Club, activities which included regular chess play, as well as other math games. The members also practiced proficiency on the slide rule.

Kurt Culbertson attended as a delegate the state meeting of Mu Alpha Theta held in New Orleans in February. He was elected governor of this area, and Northwood will host the regional meeting of the group next year by virtue of his election.

In the spring the Club ioined other Falcon groups in participating in the Falcon Fair.

Debaters Attend Their First Tournament

The Debate Team provides the student with opportunities for further study and actual practice of the finer points of communications. Activities of the group also furthers the member's insight into the vital issues of the day. Interested members find the challenge of debate a stimulating opportunity.

The NHS Team attended its first tournament in November in Lafayette. Gary Moore and Johnny Wood won four of five rounds. The school was proud of this accomplishment in its Team's first tournament. In February Northwood teams competed at Northeast and at Northwestern, and in March, at Centenary. To finance its trips, the Team held hobo days, cupcake sales, and a rummage sale.

Below: Practice debates are held in the second-period class.

Drama Club Presents Ten Little Indians

The Drama Club at Northwood was organized to promote and cultivate an appreciation of the dramatic arts among the students. The Club has provided the school with a system of lighting which enables the auditorium stage to be lighted on one side and dark on the other, thus providing for more effective presentation.

The Club presented a very successful production of Ten Little Indians, *a mystery play by Agatha Christie, during the second semester. After last year's* Take Her She's Mine *and this year's production, the student body has learned to anticipate with excitement the annual play of this group.*

Other projects of the Club were attendance at a professional performance of Funny Girl *in the Civic Auditorium, conducting the chapel program, and participation in the Falcon Fair.*

As they always say, "Bad dress rehearsal, good opening night."

To enlarge the number of students here at Northwood who have studied Latin and to further the knowledge of classical civilizations is the goal of this year's "Amici Romae". As a chapter of the national Junior Classical League, the Club purpose was also to study and preserve the language, customs, and cultures of the ancient Greeks and Romans.

During the year, the Northwood Latin Club reopened its Spirit Fuzz production line to raise money and to promote school spirit among the student body. The Club gave the school chapel program at Christmas, including a carol in Latin. Members attended the JCL Convention in the "ides of March" at Monroe. At the Convention Jerry Row ran for the office of Public Relations.

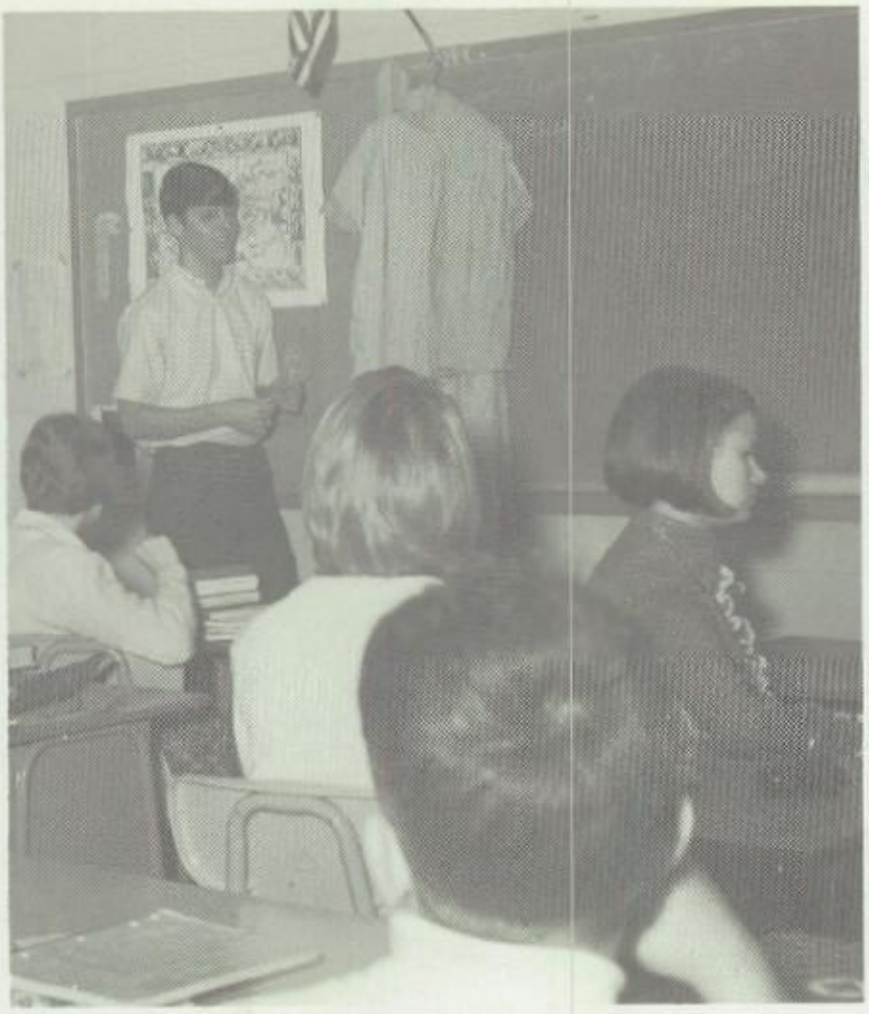

As the fifth largest Latin club in Louisiana, in only its second year of organization, the modern Latins of Northwood enjoyed this year thoroughly.

The philosophy of the Spanish Club is to provide its members with a better understanding of the culture and civilizations of the Spanish-speaking countries, awakening an awareness of the effect these countries have on the United States: A realization that the cultural systems of these Spanish-speaking countries are different from our own but not inferior.

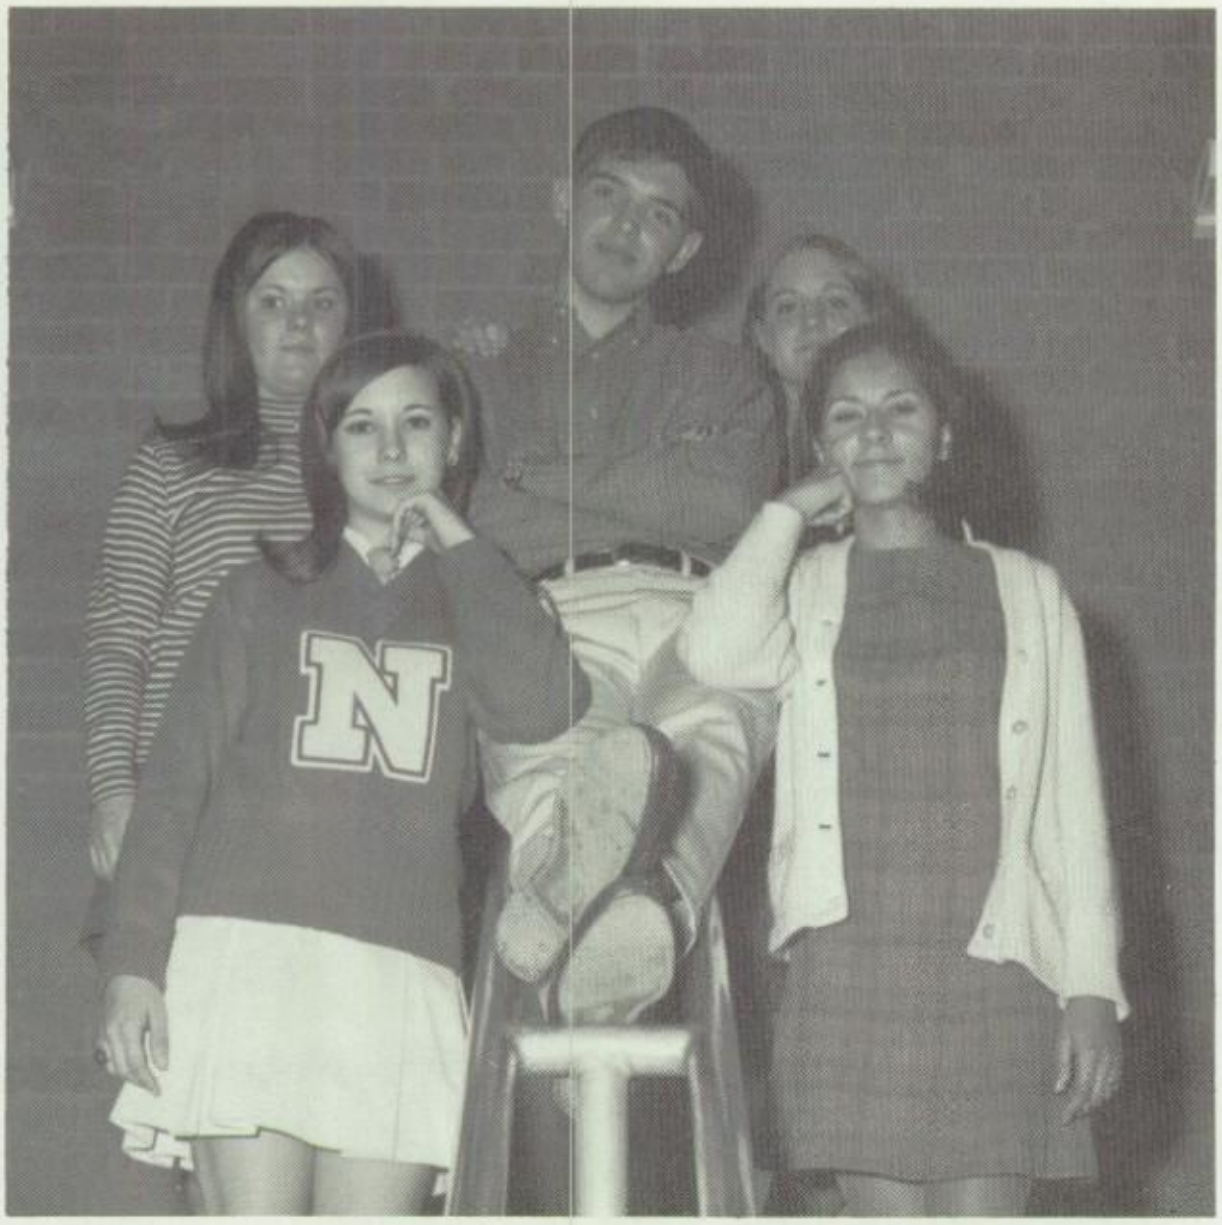

The Spanish Club held several fund-raising projects this year to finance our participation in the Annual Foreign Language Festival at Southwestern in Lafayette, our banquet at Pancho's, and the purchase of audio-visual aides for our club. We observed Spanish Week, the objective on which, was to interest the school in our activities.

Cupcake sales raised money for club projects.

French Club Attends Foreign Language Meet

The philosophy of Le Circle Francais *states that the group was organized to promote among students an interest in the French language and customs. The large membership of the Northwood group shows that this goal is being fulfilled.*

The club, under the sponsorship of Miss Barbara Tauzin, had a most successful year. Some projects of the club were a trip to New Orleans, a booth at the carnival, and a party for the French and Latin clubs. Members also sold refreshments at the homecoming bonfire.

With other French clubs, Le Circle Francais *entered competition at Lafayette in the fourteenth annual Foreign Language Festival.*

One goal which the club hopes to realize is having a language week at Northwood, a week in which language clubs would participate in various activities.

National Honor Society Has Second Induction

SENIOR OFFICERS: V. Pres. *Gary Moore*, Sec. *Karen Strickland*, Pres. *Tony Davis*, Hist. *Cheryl Reese*, Treas. *Johnny Wood*.

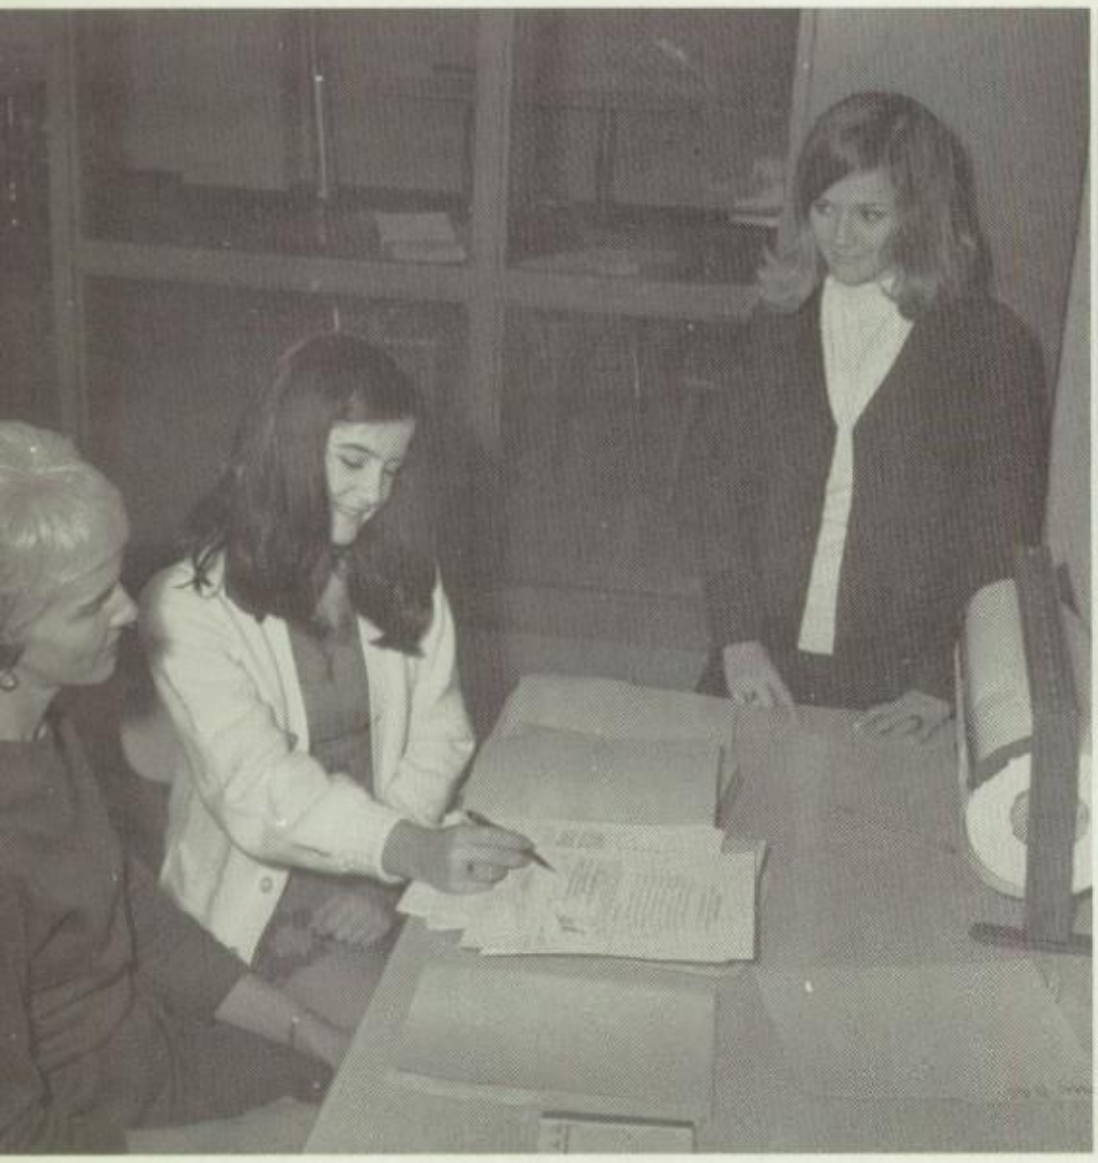

The objectives of the National Honor Society are to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership and to encourage the development of character in students of the secondary schools of the nation. Leadership, character, scholarship and service are the four qualities for which the society stands. These are most important in the atmosphere its members try to create in the school.

The Jr. National Honor Society stands for leadership, character, scholarship, and service. Once selected for membership, eighth and ninth grade students should not only continue to demonstrate the four qualities emphasized by the Honor Society, but they should also exert a new influence to promote leadership, character, scholarship and service.

Flight Line Presents "Falcon Features"

The Northwood Flight Line *was begun in September of 1967 with a staff of ten dedicated but inexperienced students and one willing sponsor. Since then the paper has grown and has now become a feature of school life, a feature which informs its readers about school and community activities of interest to Northwood.*

Through presentation of "Falcon Features", the Flight Line *has added a part to school history by recognizing outstanding personalities in the senior high. Elected by the student body, these outstanding students receive recognition for their contributions to Northwood—to the school and to the students.*

The eight-man staff of 1968-69 has rendered valuable service through its presentation of written history of the year. "That was the year that was!"

Georgiana Ashford, Ass't Editor, begins packing Talon *pages.*

The members of the Talon *staff have worked many hours during this year to present to the student body a* Talon *which will fulfill the expectations of everyone. The staff always held in mind its own goal: to preserve as completely as possible the year 1968-1969, including features, sports, classes, the many clubs and their activities, and all the tradition and excellence of Northwood at its best.*

Chronicling a year at Northwood involved many long hours, a great deal of worry, the task of taking, sorting, and identifying a seemingly-endless number of pictures, and several close deadlines. There were layouts to be made, pictures to crop, captions to produce, and write-up after write-up. But then, without the work, the staff could not have enjoyed the fun that is part of working on the Talon.

Mrs. Bess Myers, Sponsor, said, "The staff is a fine group of students. No job is too hard, and no hours are too long. Sometimes we think we'll never finish on time, but somehow we always do."

Honors elections sponsored by the Talon *are the selection of Mr. and Miss Northwood, the selection of class favorites, the selection of school beauties, and the Honor Seniors, selected by the faculty.*

Mr. and Miss Northwood, the top all-round seniors, were elected by the registered student body from a list of the senior class and from a subsequent run-off. The winners were kept a secret and presented at an assembly when the Talons *arrived.*

Class favorites were nominated by homerooms and were elected by respective grade-levels. Beauties were nominated by clubs and were elected by Grades 10, 11, and 12. Class favorite finalists and beauties were presented at the PTA's Falcon Varieties held in February. The selection of class favorites was announced that night.

Falcons Compile 7—2—2 Record in Second Year

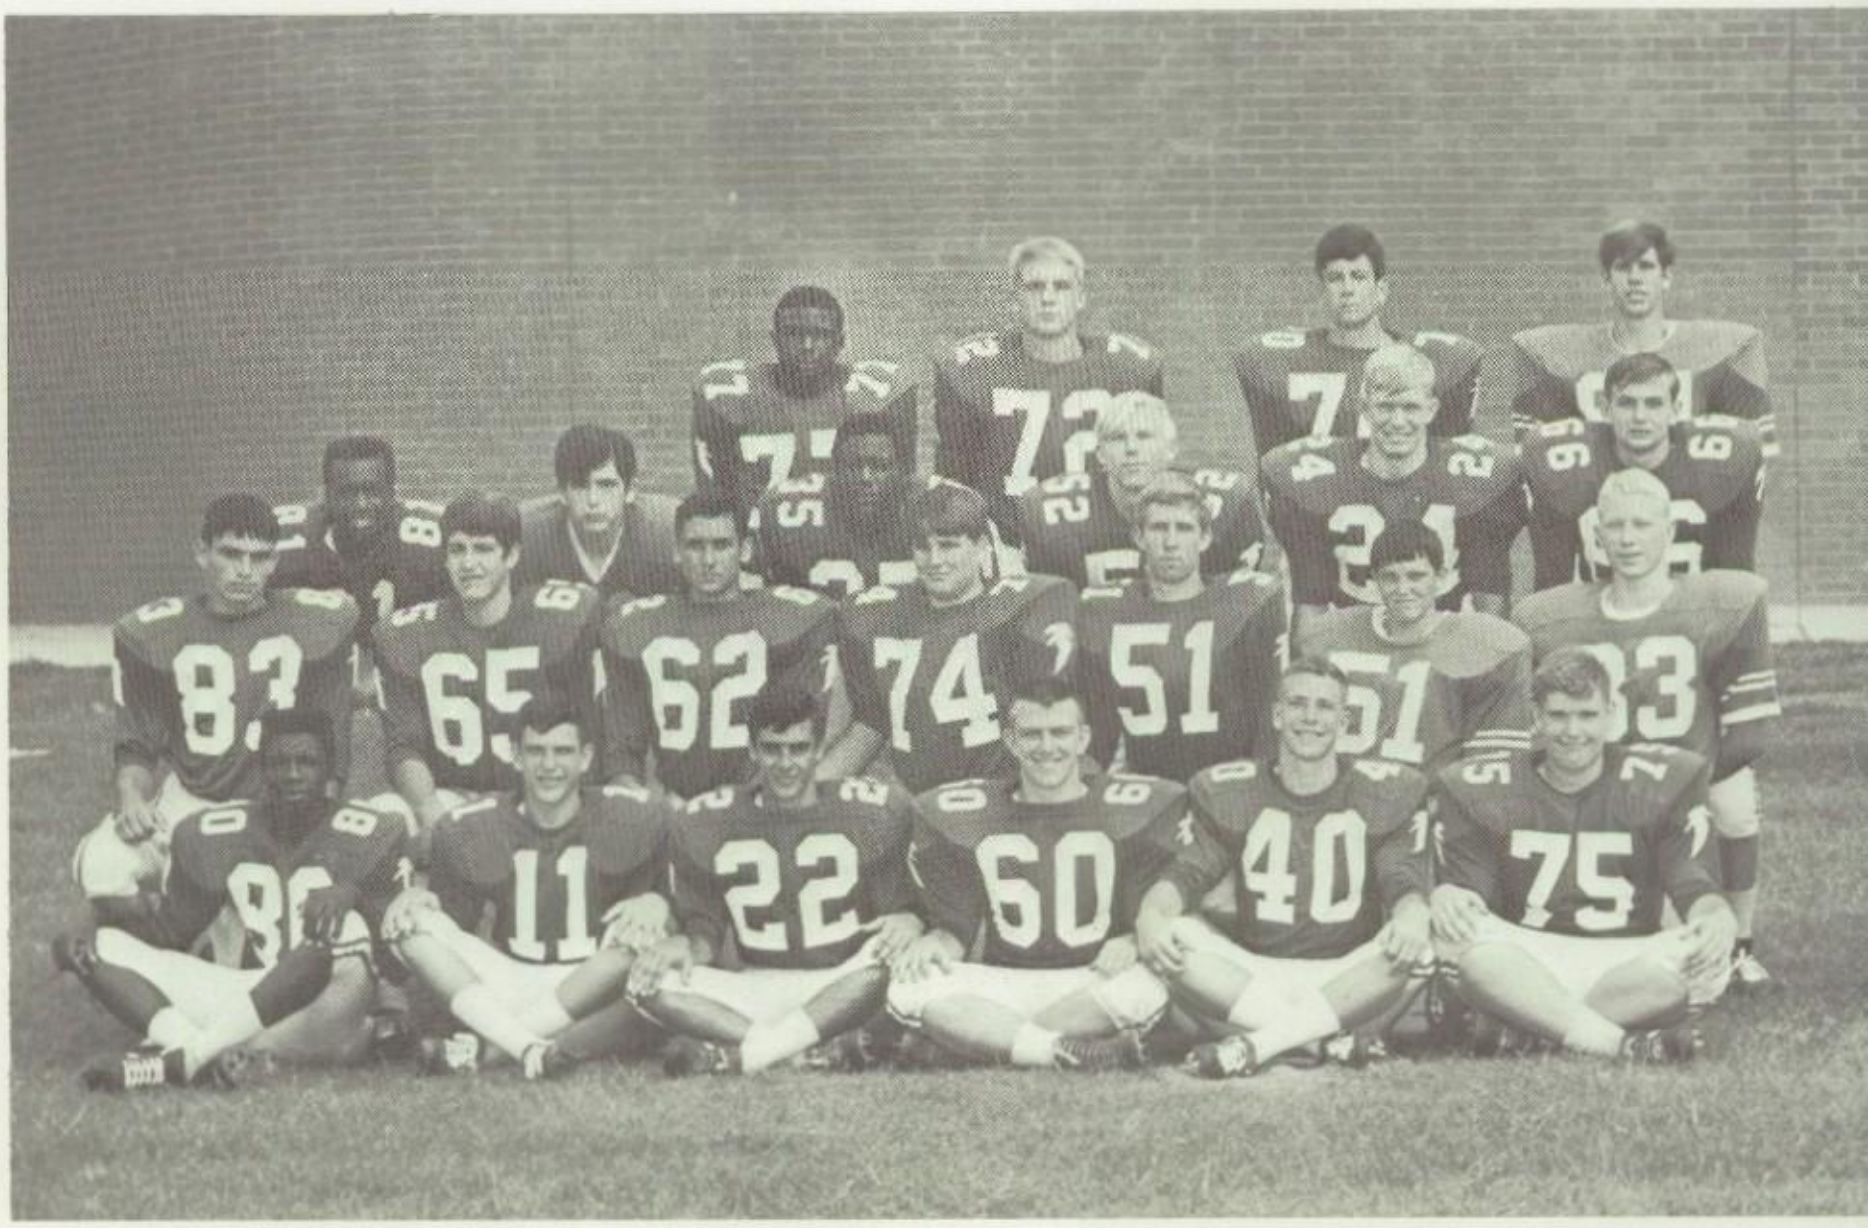

After being formed for the 1967-1968 school year, Northwood fielded a football team for the 1967 season and, as the rules state, sat out District play for the year. The record for the first year was 0—8.

The second time around things were a little bit sweeter; this year the Falcon gridders moved to a 7—1—2 overall record and a 3—1—1 District 1—AA mark, for a second place in District and a state playoff berth. The District Runner-up finish was the result of a united effort from a squad of high school gridders, a good coaching staff, and a lot of spirit.

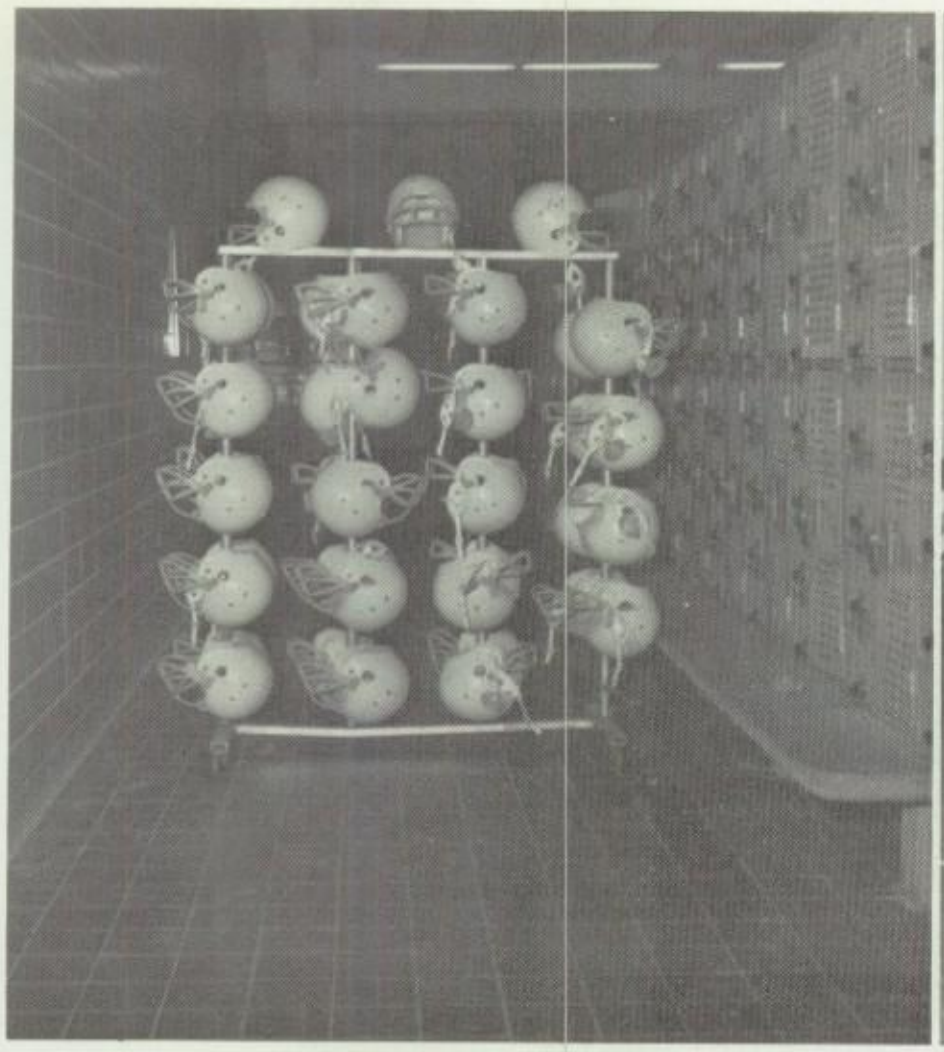

Out of five District contests, Northwood's defensive unit allowed only two teams to score more than two touchdowns. Overall, the Falcons allowed 98 points, while scoring 127; in District play, the Falcons allowed 64 points, while scoring 82.

The Falcon student body is one of the most spirited in the area, and that plays a very big part in the development of a winning football team. Northwood was behind its team in every way. After being counted out before the first opening kickoff ever was toed, the Northwood Falcons went on to gain a place in the state playoffs.

Falcons Make Debut in City Jamboree

The Northwood Falcons took the field for the first time in their '68-'69 season on August 29 in the Shreveport City Jamboree, held at the Fair Grounds.

In their first game, the Falcons took the ball against Fair Park, making three first downs in a drive that ended on the 20-yard line of the Indians. The Northwood defense had to then defend against a passing attack on several third down situations. A short run near the end of the game resulted in a final score of Indians 7—Falcons 0.

In the second game, Captain Shreve jumped to an early lead of 7—0, with a 60-yard play off tackle. This served only to kindle the Northwood spirit. Taking the ball in their first sustained drive of the season, the Falcons marched 75 yards. Ken Doughty capped off the eight-minute drive with a three-yard plunge for the first Falcon TD. Richard Beach ended the scoring of the night with the extra point to tie the game 7—7.

Tigers Are First Falcon Victims

The Falcons carried home their first victory Saturday, September 7, by defeating the Logansport Tigers 34—0.

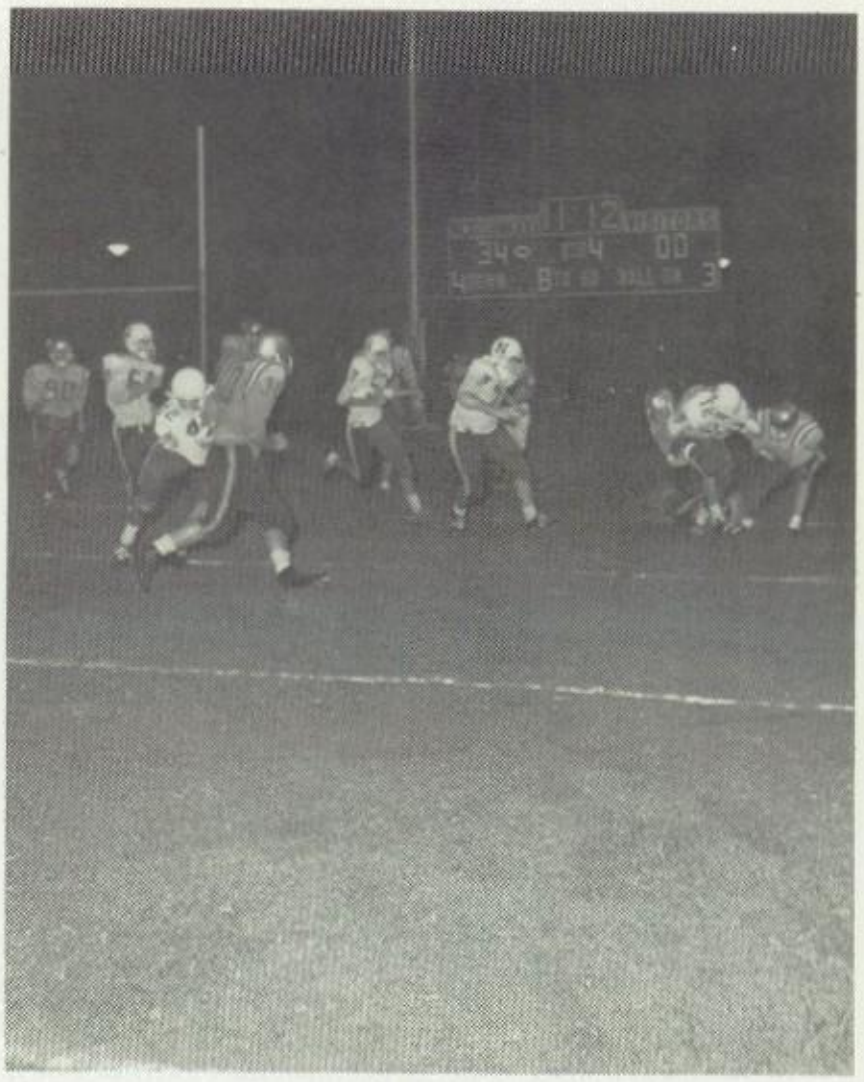

The first TD came from a Richard Beach-led drive and a final fourth-and-1-yard dive by Ken Doughty. Beach then kicked the extra point.

The next goal line crossing was on an 11-yard pass from Richard Beach to Donnie Bickham. The extra point attempt failed.

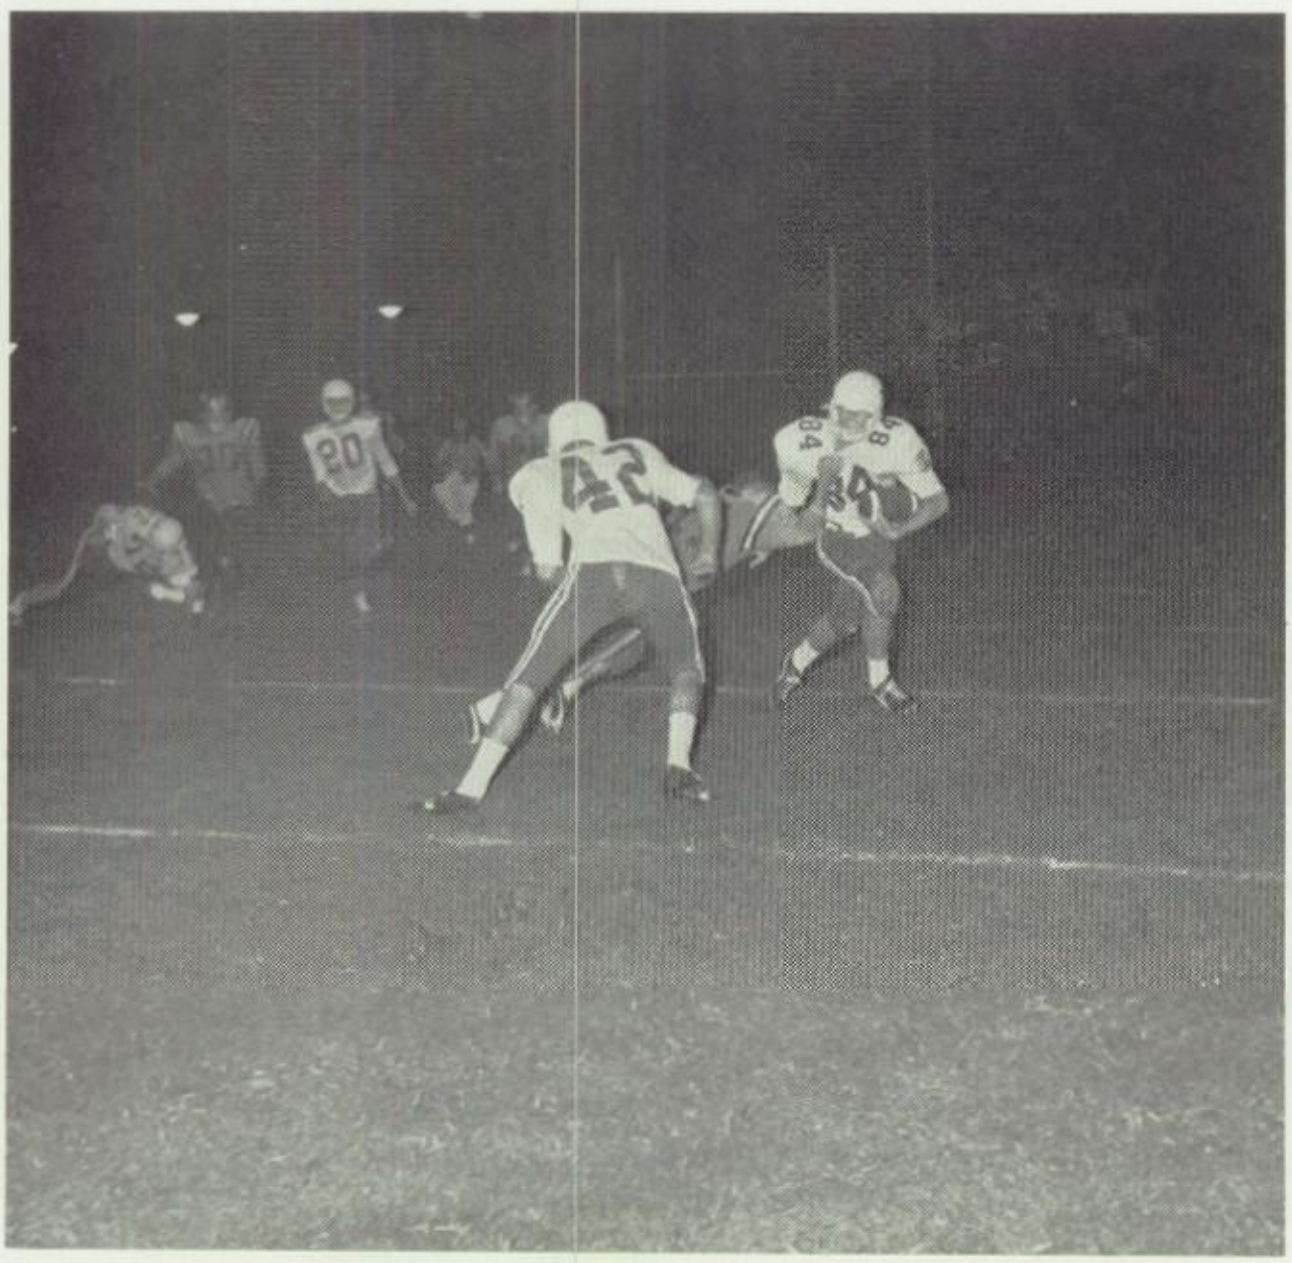

In the second period, Beach threw a 20-yard pass to brother Howard for another score, and Scotty Scott completed the PAT.

Not to be stopped, Beach connected with Bickham again, this time for a 59-yard touchdown pass, including 40 yards of running by Bickham. Scott kicked the extra point.

The only score of the second half was another Beach-to-Bickham, a 6-yard pass plus a 44-yard run. Scott completed the PAT, compiling a final score of 34—0.

Northwood Ranks 7th in State After Downing Minden.

The giant-killing Falcons upset the Crimson Tide by a close 20—19 score in the first district struggle of the year.

At the end of the first quarter the score was 7—7 with Minden scoring first on a 2 yard run. Northwood scored next on a successful Richard Beach pass to Ed Turner. In the second quarter, another Beach aerial to Turner put Northwood ahead 13—7 with Scott's kick wide. In the third quarter a Beach-to-Bickham pass play covered 60 yards and chalked up 6 more points for Northwood with Scotty Scott adding the P.A.T.

The Crimson Tide was reluctant to give up the struggle, scoring twice in the fourth quarter on runs of 4 yards and 3 yards, which brought the score to 20—19. Defensive back Ken Doughty blocked the Minden extra point that would have tied the game.

Northwood's third victory was earned Friday, September 20, by downing Mansfield 25—7.

Ray Griffin made the first and only score of the first half by bounding over from the 10 to end an 80-yard drive. Scotty Scott completed the point after touchdown for a half-time score of 7—0.

The second score came from a one-yard dive by Howard Beach, set up by three Richard Beach passes of 6, 9, and 24 yards. The kick failed.

The next score was set up by an intercepted pass by Donnie Bickham who carried the ball to their 42. A 44 yard pass to Ed Turner put it on the three and then Ken Doughty scored. The kick once again failed.

The only Mansfield score was with 53 seconds left in the game. The P.A.T. was good.

The final Falcon score came when least expected. Mansfield was on the nine and appeared heading for a score when Daryl Reeh intercepted a Mansfield pass and with good blocking ran 96 yards for the score.

Falcons Duel to 0—0 Tie with Benton

The determined Falcons carried a 3—0—0 record to Benton on September 27, only to meet an equally determined and unbeaten Benton team. The game was strictly a defensive battle, with the ball seldom going inside either 20-yard line. During the first three quarters, the ball changed hands often, with the defensive units of both teams doing a good job.

In the fourth quarter it seemed as though quarterback Richard Beach would guide the Falcons to a score when he connected four passes for four consecutive first downs. This drive was stopped, however, with the ball changing hands due to several penalties. Responsible for outstanding defensive action all year and especially against the Tigers were linemen Steve Axley, Danny Gibbons, and Steve Prator.

Lessons are valuable, but, indeed, sometimes hard learned. This hard fought 0—0 tie taught the Falcons to beware of over-confidence. The season's record after this game, with a team which had not lost a game in 23 outings, now stood at 3—0—1.

Northwood Drowns Springhill

Though the rain was heavy the sun shone brightly for the Northwood Falcons as they defeated the Springhill Lumberjacks 15—6.

Northwood's first score came by way of a three-yard run by Daryl Reeh. Scotty Scott completed the extra point and the first half closed 7—0.

Six minutes into the third quarter, Beach rolled out and threw the ball into the waiting hands of Ed Turner, who pulled it down around three defenders and strutted over the goal line. The P.A.T. failed.

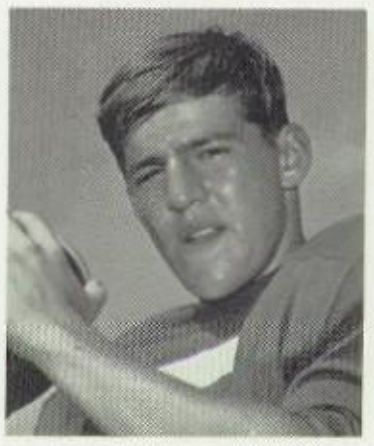

On the following kickoff, Springhill's Ricky Butts took the ball on the 23 and ran all the way for Springhill's touchdown. The extra point failed.

Pass interceptions by Howard Beach and Don Richie greatly aided the Falcons.

The final score came after a 53-yard punt by Ed Turner which was taken in the end zone by Lumberjack Jimmy Sandefur. Falcon Larry Griffin caught him there and dropped him to give Northwood two more points. The game terminated with Northwood ahead, 15—6.

Falcons Spoil Buckeye Homecoming with 27—6 Win

Northwood's 'Cinderella' football team pushed its season record to 5—0—1 Friday, October 4, by defeating the Buckeye Panthers 27—6.

Northwood successfully controlled the ball for the first three quarters and almost all of the fourth, allowing Buckeye to score only once, very late in the game.

The first Northwood score came on a 73-yard halfback pass from Daryl Reeh to Ed Turner. Scotty Scott's kick was good. The second Falcon score came from 95 yards out, on a pass from Richard Beach to Turner. Scott's PAT failed.

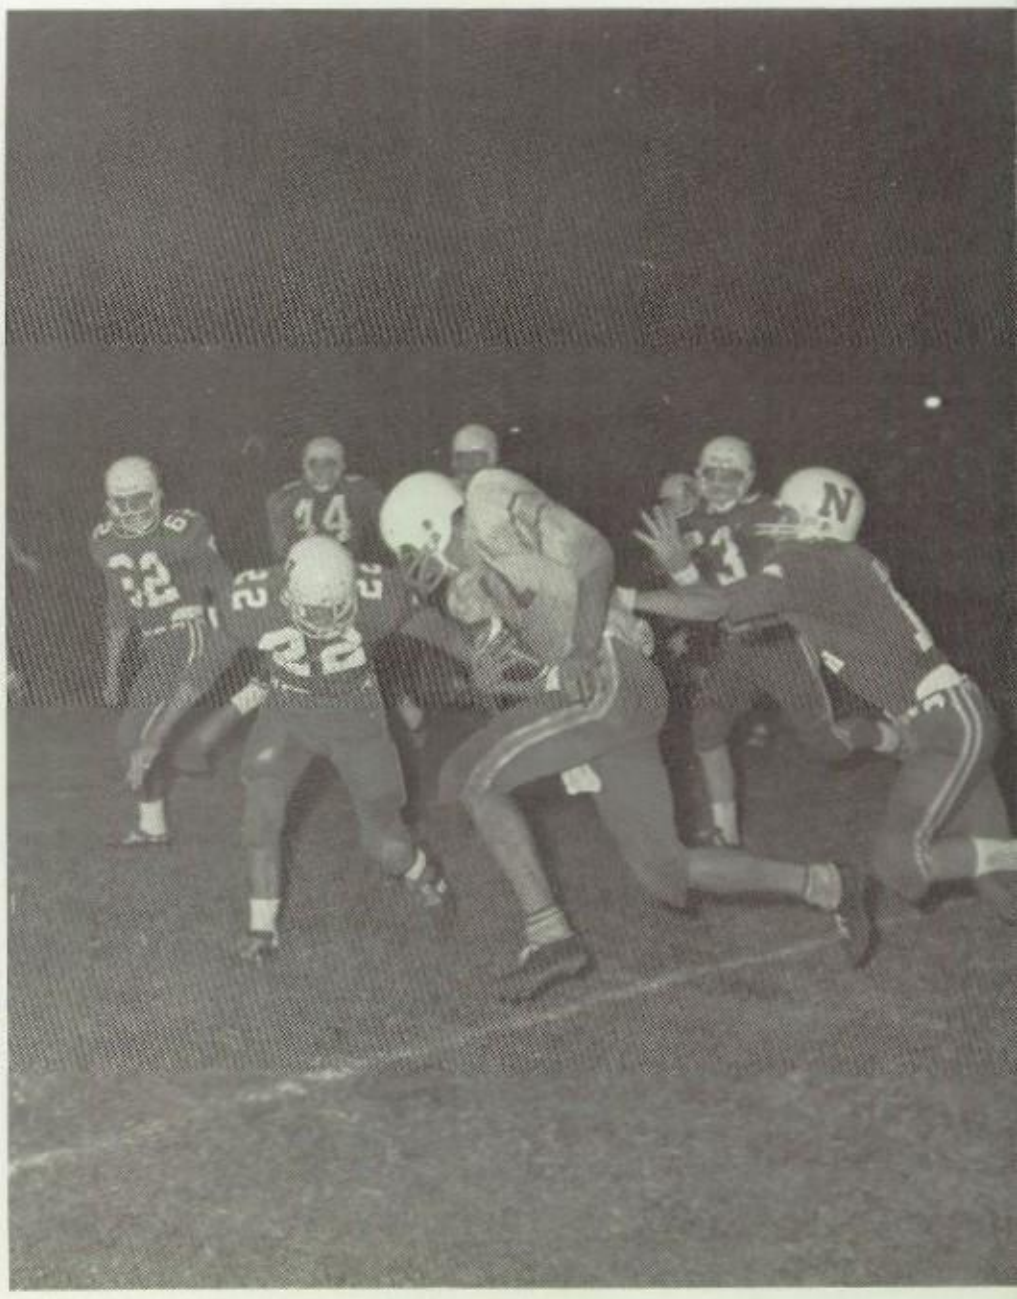

Next, Ray Griffin put 6 more points on the scoreboard for Northwood with a 15-yard run through the middle of the line, with Scott adding the twentieth point.

In the third quarter, Richard Beach scampered 12 yards for a touchdown, and Scott's kick made the score 27—0.

Buckeye scored late in the fourth quarter with a 6-yard run. The extra point failed. And when the final gun sounded, the Falcons had a 27—6 victory to take back to Shreveport.

John Robertson, Daryl Reeh, and Mike White broke through the Buckeye line to block that team's only P.A.T. attempt.

Northwood Becomes Tiger-Tamers

In its third District game, the seventh game of the season, the Falcons caged the Jonesboro-Hodge Tigers with a resounding 27—0 final count. Richard Beach, after a scoreless first quarter, on a fourth down and goal from the eight, fired to Ed Turner for the first NHS score. Scott's PAT put another point on the scoreboard. In the second quarter Ken Doughty carried for the final four yards, climaxing a hard-fought 60-yard drive. Tackle Steve Prator alertly picked up a Tiger fumble and handed off to Howard Beach who ran for another Falcon score. Again Scott completed the PAT. Howard Beach completed the scoring with an 8-yard run, followed by Scott's wide kick. Defensive standouts were Donald Richie, Wayne Moses, and Bobby Butler.

First Homecoming Game Ends in 13—13 Tie

Northwood's first homecoming game was played at Captain Shreve Stadium on October 25. The final score showed a 13—13 tie with the North Caddo Rebels.

Homecoming Queen Kathy Burns and her court saw the first Falcon score come on a quarterback sneak by Daryl Reeh, relieving for Richard Beach. Scott's PAT was good. The Rebels scored in the second quarter, but a fine defensive maneuver by Don Richie prevented the extra point completion, leaving the score at halftime 7—6 in the Falcons' favor. Ken Doughty was responsible for establishing the running game leading to the close score.

After a Rebel score in the fourth quarter, the Falcons faced a 13—7 deficit. However, after getting the ball on downs, Daryl Reeh passed to Emmett Treadaway on the 2-yard line. Howard Beach carried the ball over from there to tie the score. The PAT attempt failed. The Falcons now were holders of a 3—0—1 District 1-AA record.

Northwood Falls to Jesuit 26—7

Northwood dropped its first defeat to Jesuit, Friday November 1, at the State Fair Grounds. There was little scoring in the first half, with both teams tallying only once. Jesuit was first to score on an eight yard run around right end by Lenny Lewis. Northwood quickly came back with a Richard Beach to Donnie Bickham pass for a score. Scotty Scott completed the PAT making the score 7—6, Jesuit's PAT having failed.

Both teams saw plenty of offensive action during a hard fought first half. When the second half started, however, the Blue Flyers from Jesuit gained control of the ball and rarely gave it up. Jesuit scored three more touchdowns in the second half while the Falcons failed to score. The final score was 26—7. The Falcons were fighting for a position in the 1-AA state playoffs. Northwood carried a 6—1—2 record away from their first loss.

Haughton Falls to Falcons 40—14

In the final game of the regular season, the Falcons of Northwood defeated the Haughton Buccaneers 40—14. Richard Beach specialized in the "bomb" during the Falcon victory. Northwood scored first on a 99 yard touchdown pass from Beach to Ed Turner. This was the longest pass in Louisiana history. Mike White scored the second touchdown on a two-yard run. Daryl Reeh scored the third Falcon touchdown of the first half on a quarterback sneak. The three scores along with the same number of PAT's added by Scotty Scott gave a 21—7 lead to Northwood, Haughton having scored late in the first half.

In the opening of the third quarter, Haughton scored on a drive which started when they recovered a fumble. This ended the scoring for Haughton. Richard Beach threw two more touchdown passes, one to Donnie Bickham for 58 yards, another to Turner for 37 yards. Scott made one of the two PAT's. Howard Beach intercepted a Haughton pass and returned it for 36 yards and a touchdown. The PAT failed and Northwood won by 40—14.

Falcons Bow Out After Hard-Fought Battle for AA Berth

Climaxing a long battle for a AA berth, the Northwood Falcons bowed out of the state play-offs November 15 when the Tigers of Winnfield threw a 7—0 loss in their path. After a Tiger score in the waning moments of the first half, the game became a defensive struggle. The Falcons kept the capacity crowd on their feet until the last seconds of play. With about one minute of play left in the game, Rickey Hailey intercepted a Tiger pass on the NHS 15. Immediate completions from Beach to Turner for 20 and 30 yards, added to the 15-yard penalty for Winnfield, put the Falcons on the Tiger 20. However, the last three Falcon passes were batted away from their intended receivers only two seconds away from the final gun. Northwood led the Tigers in passing 185 yards to 24 yards, but the rushing statistics, 178 for Winnfield to 84 for the Falcons, were indicative of the strength of the opponents.

Falcons Nipped by J-H in District Opener Northwood 58 J-H 60

The Northwood Falcons opened their 68-69 district 1-AA basketball season January 3 in a very tense game which saw Jonesboro-Hodge edge by the Falcons 60 to 58.

Northwood trailed by five after the first quarter, with the score standing 10—15. The Falcons fought back during the second quarter to take a 27—22 half time lead.

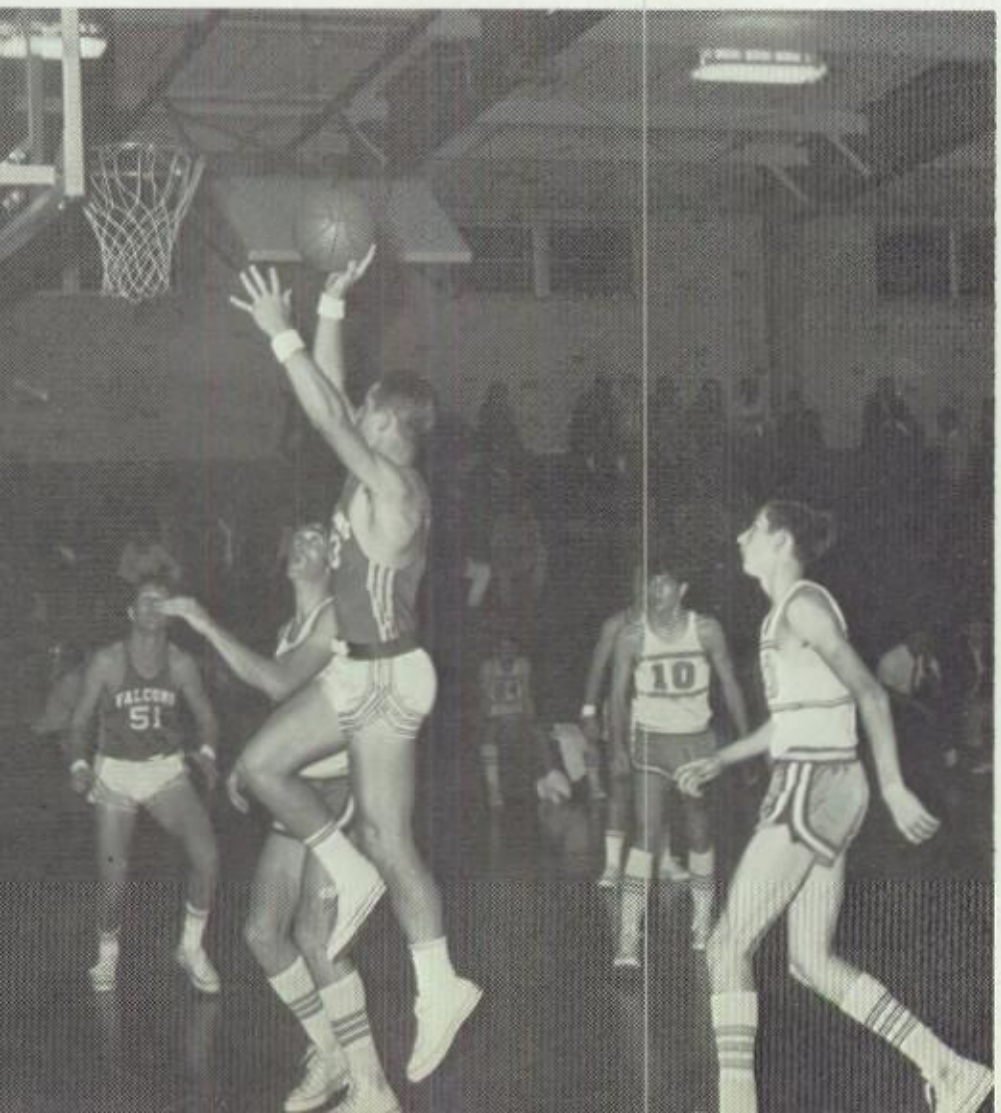

When the Tigers returned to the court after half time, they rallied and narrowed Northwood's lead to 44—43. The last quarter was a fight from both sides with Jonesboro-Hodge coming out on top by two points in a down-to-the-wire thriller.

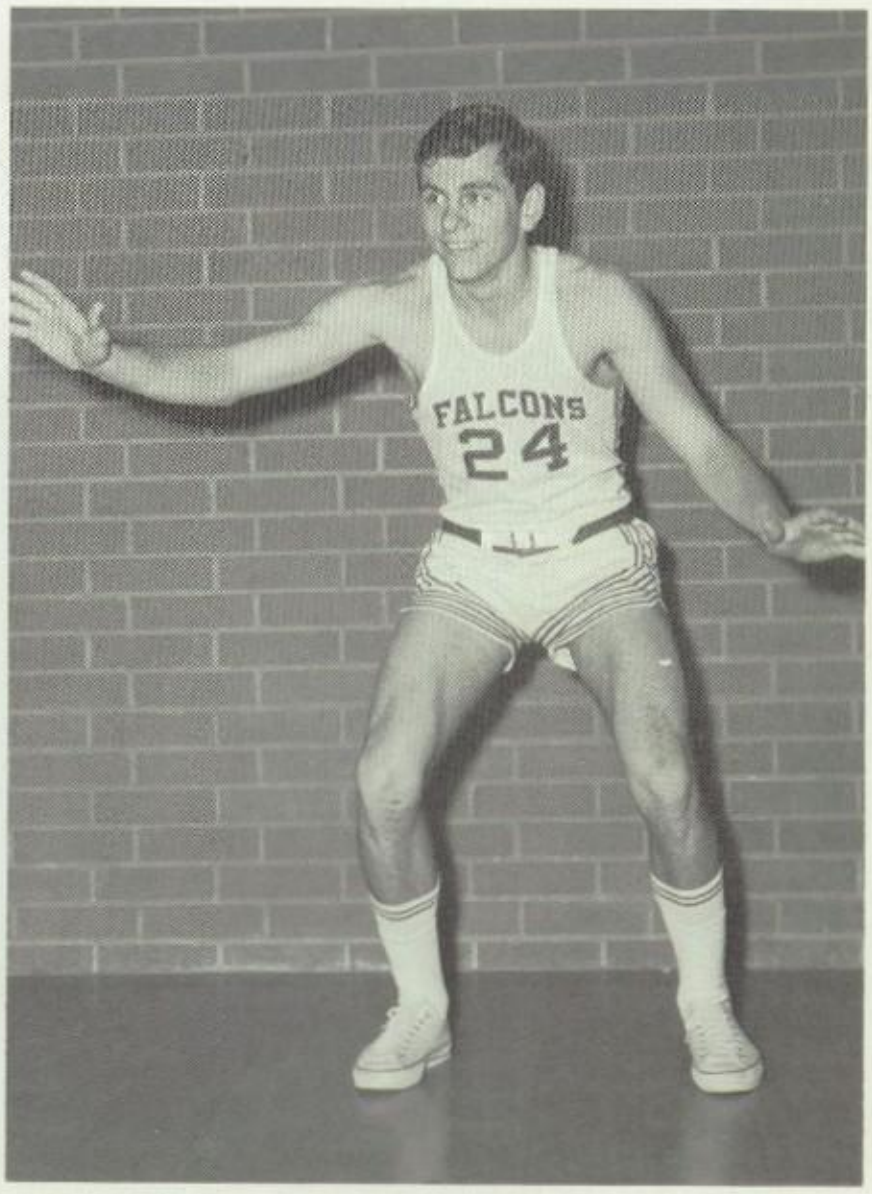

Stan Robbins was top scorer with 22 points and Steve Hergenrader with 18 was second for Northwood.

Jesuit Tilt Marks First District Win Northwood 51 Jesuit 49

Northwood claimed its first district victory by upsetting loop foe Jesuit 51—49 in the Northwood Gymnasium, Tuesday, January 7. The first period ended with Jesuit holding a 14—7 lead, but the determined Falcons held the Blue Flyers to eight points in the second quarter, while the home team scored 14.

The third quarter started with Jesuit holding a slim 22—21 lead and ended with the Falcons ahead 42—35.

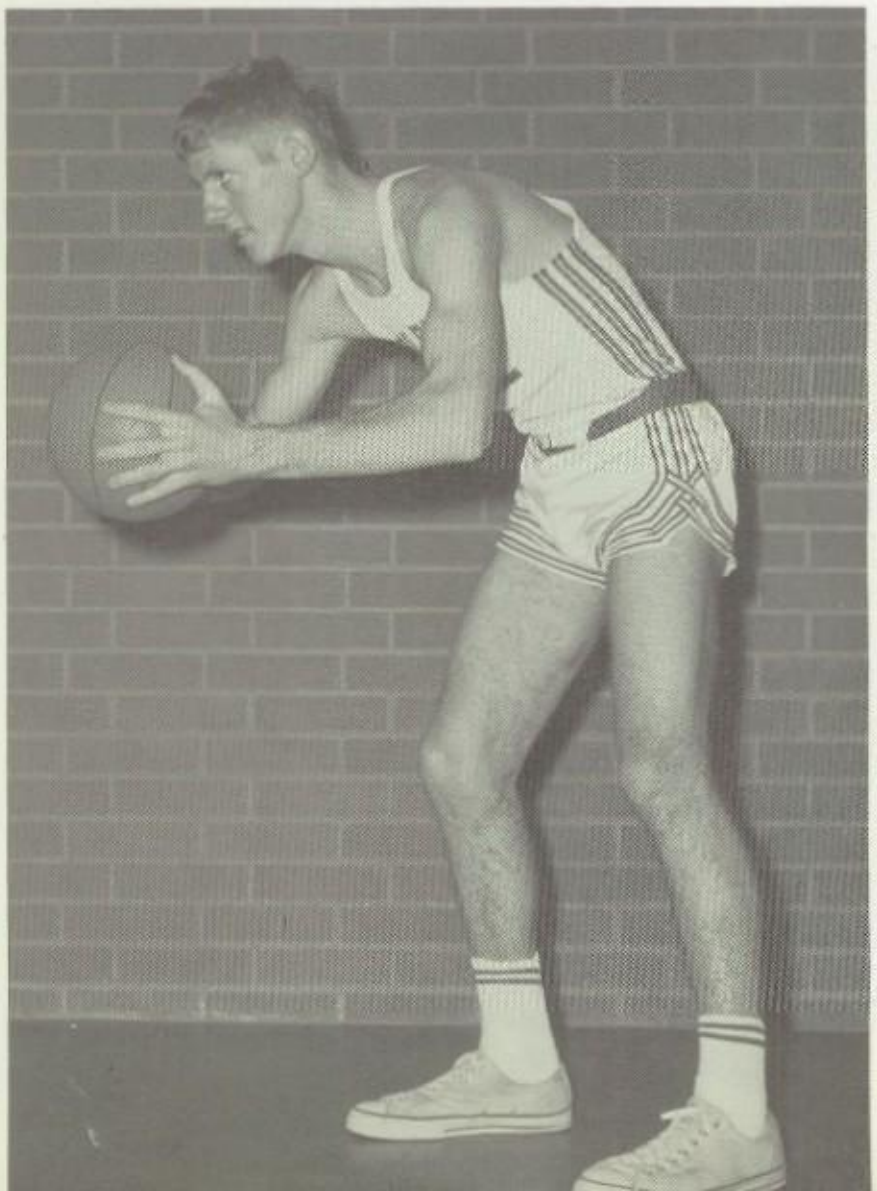

After gaining the lead in the third quarter, Northwood never allowed Jesuit to move ahead. The Blue Flyers tied the game at 49—all with fifty seconds remaining, but the Flyers fouled Bickham and Robbins, who collected their charity tosses for the final scores of the game. Jesuit got the ball with five seconds left in the game and attempted one shot which was partially blocked by Davis.

Top scorers in the varsity match were Robbins with 20 points and Hergenrader with sixteen. Jesuit won the "B" game 51—42 with Donnie Bickham adding 15 points in that contest.

Northwood Downed by Rebels in Grudger Northwood 59 N. Caddo 8

Northwood was handed a defeat by North Caddo, due to a poor fourth quarter, in the first meeting against North Caddo, in the Falcon gym.

Only two points separated the teams after the first quarter, which ended in North Caddo's favor, 13—11. The second quarter saw North Caddo score 23 points to Northwood's 15 to take a 36—26 half time lead.

Northwood returned after half time to score 18 points, but North Caddo also tallied 18 in that period. In the fourth quarter, the Rebels scored 28 points to the Falcons' 15, taking an 82—59 victory.

Hergenrader scored 23 points for Northwood, with Davis and Robbins collecting 8 each. Robbins also claimed 9 rebounds.

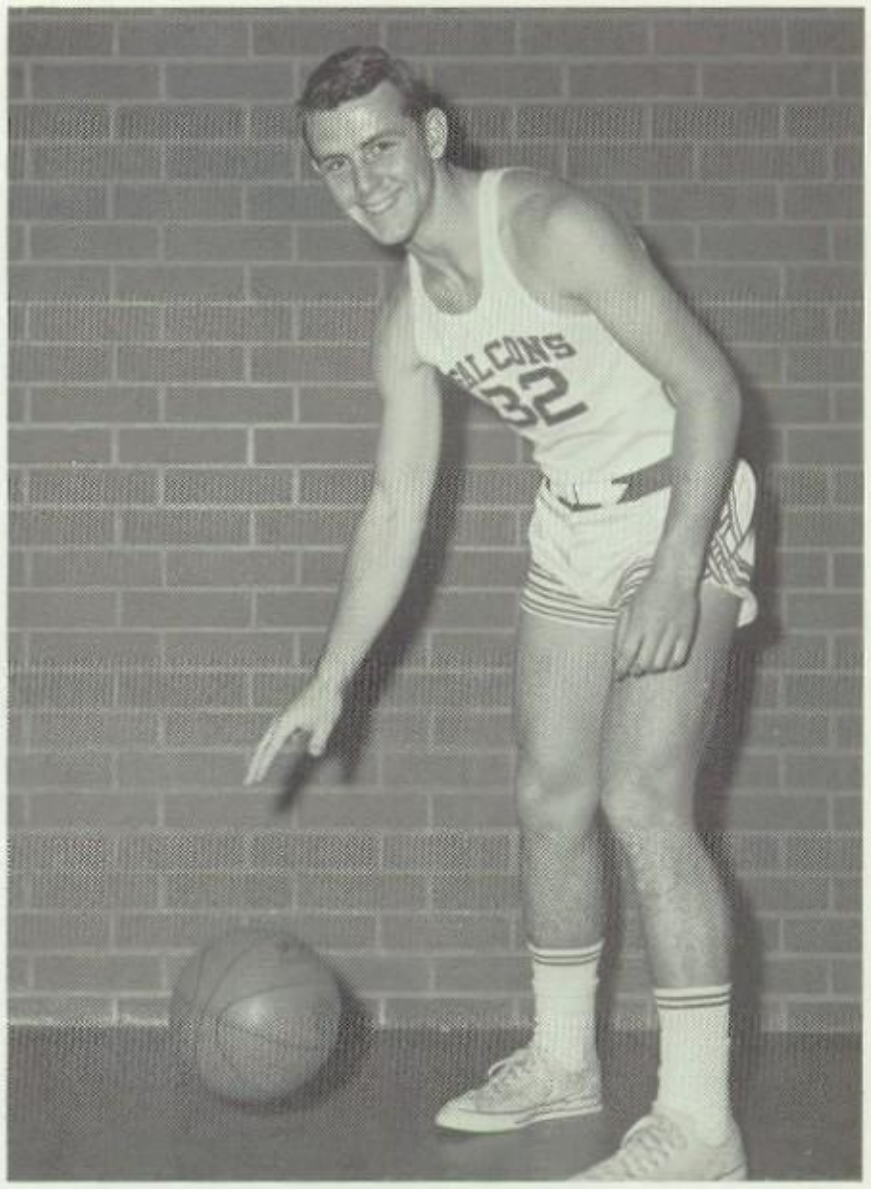

Falcons Drop to 1—3 After Falling to Minden Northwood 64 Minden 91

Northwood lost its third district game, to Minden, 91—64, Tuesday, January 14.

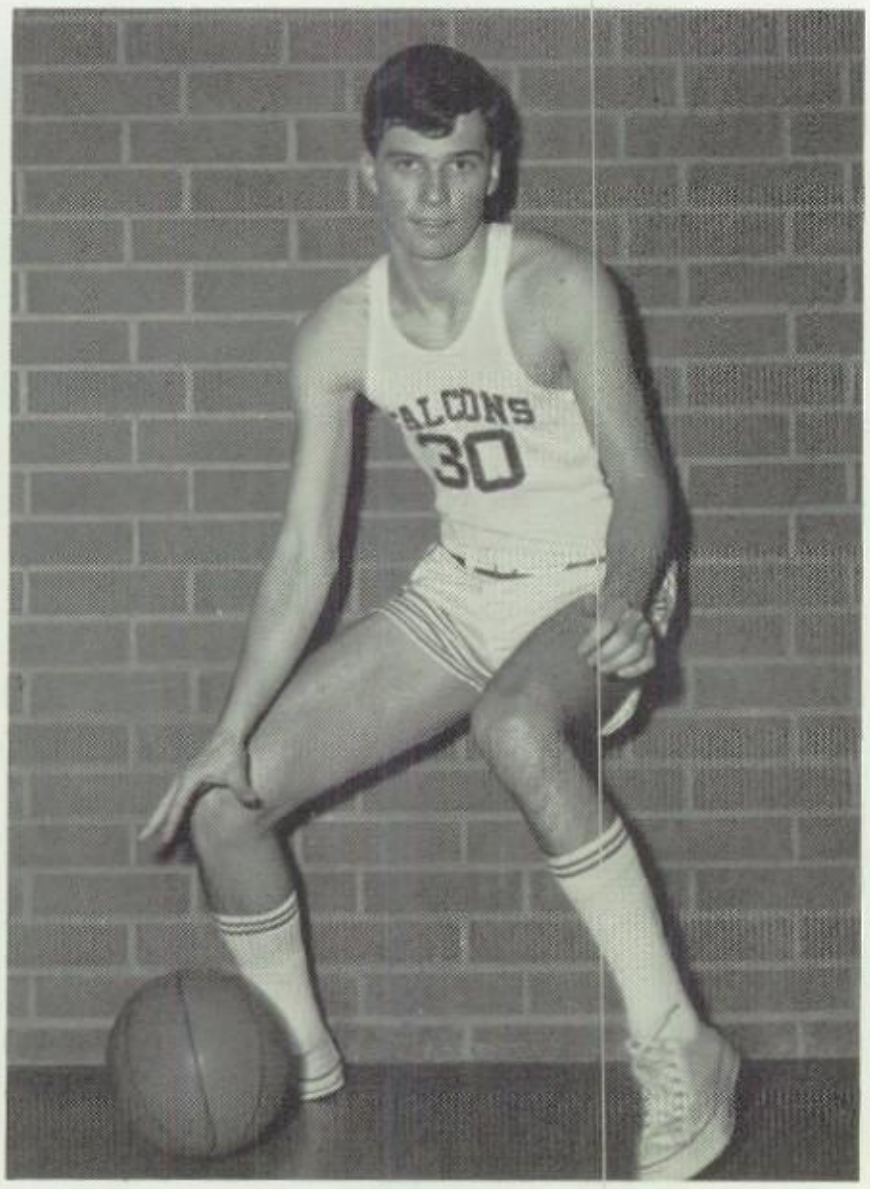

Minden grabbed a 5 point first quarter lead, 20—15. Northwood won the second quarter, 25—24, but trailed by a half time score of 44—40.

Minden also claimed the third quarter by 5 points, 17—12. A fourth quarter Crimson Tide surge put Northwood deeper in debt, scoring only 12 points to Minden's 30. The loss leaves Northwood 1—3 in district.

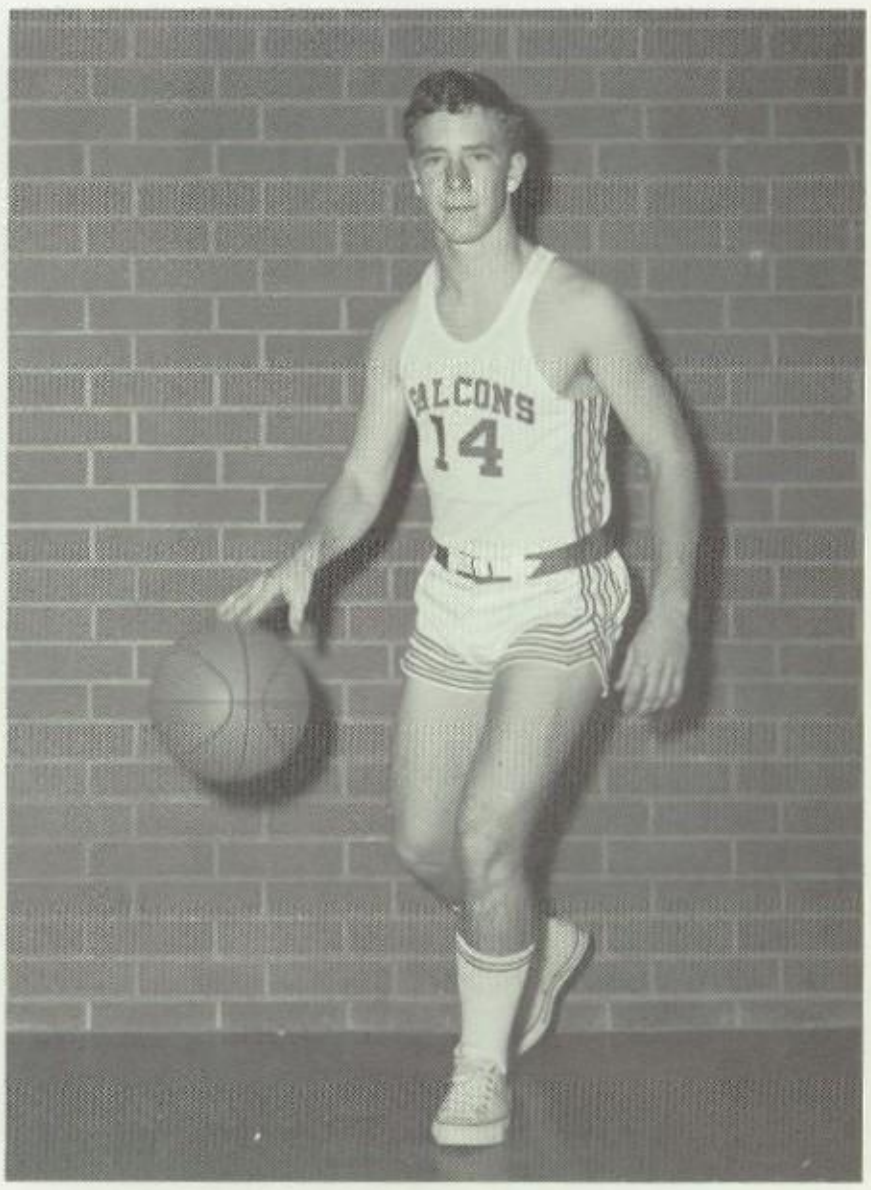

Hergenrader pumped in 20 points, while Bickham added 8 for Northwood. Stan Robbins was the top Falcon rebounder, grabbing 16.

Falcons Down Jacks in 75—66 Contest

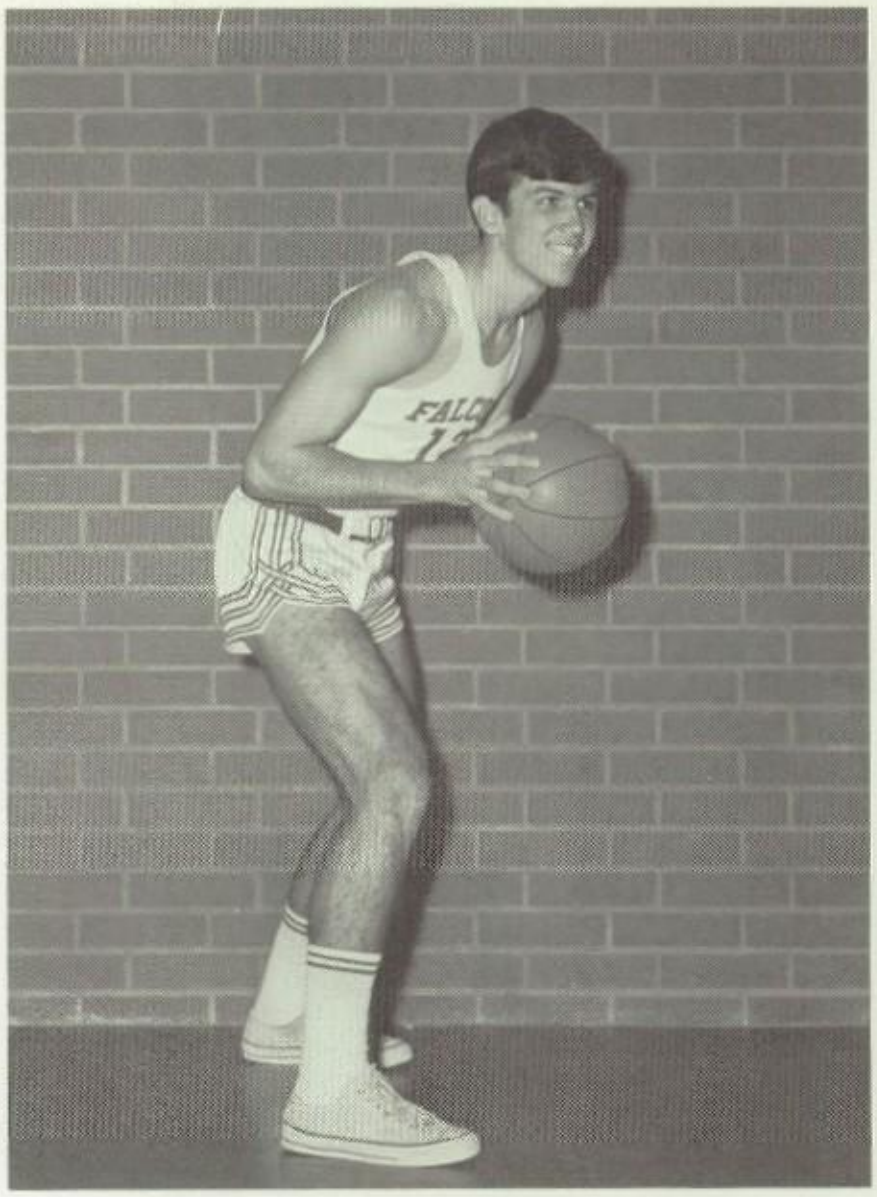

Northwood traveled to Springhill, Tuesday, January 21, to up their district record to 2—3, by defeating the Lumberjacks, 75—66.

The first quarter was battled on even terms and ended in a 13—13 tie, with the Lumberjacks taking a second period victory, 14—12, leaving Northwood behind 27—25 at half time.

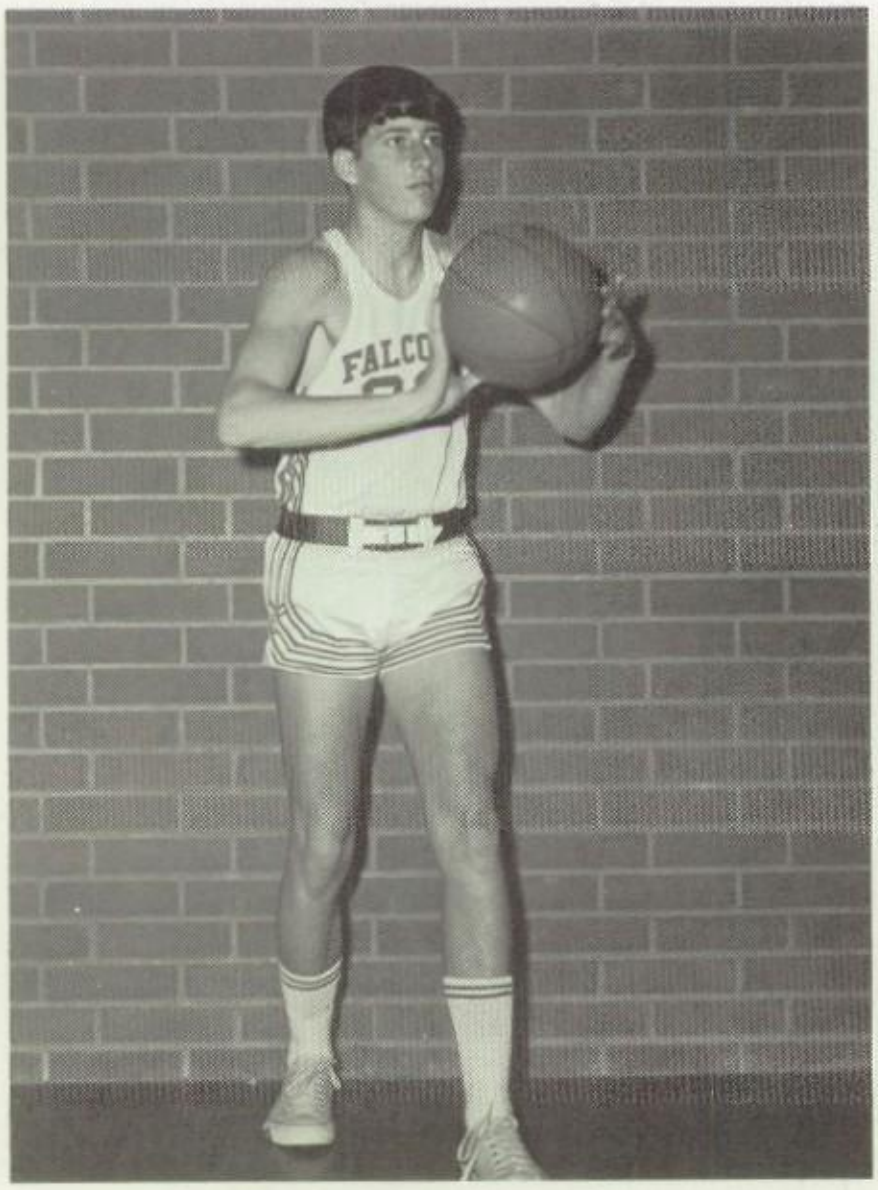

Northwood outscored Springhill in the third quarter, 25—19, to take a 50—46 lead. The Falcons continued to gain a margin and added 25 more points to Springhill's 20 in the final stanza.

The final score in the varsity game was Northwood 75—Springhill 66. The high scorer for the Falcons was Hergenrader with 24 points, followed by Cooper with 17. Hergenrader also took top rebound honors with eight claims.

Northwood also won the "B" game, 71—37. Johnny Wood, Doug Womeldurf, and Donnie Bickham added 18 points for the Falcons.

Falcons Upset J-H ON Home Court

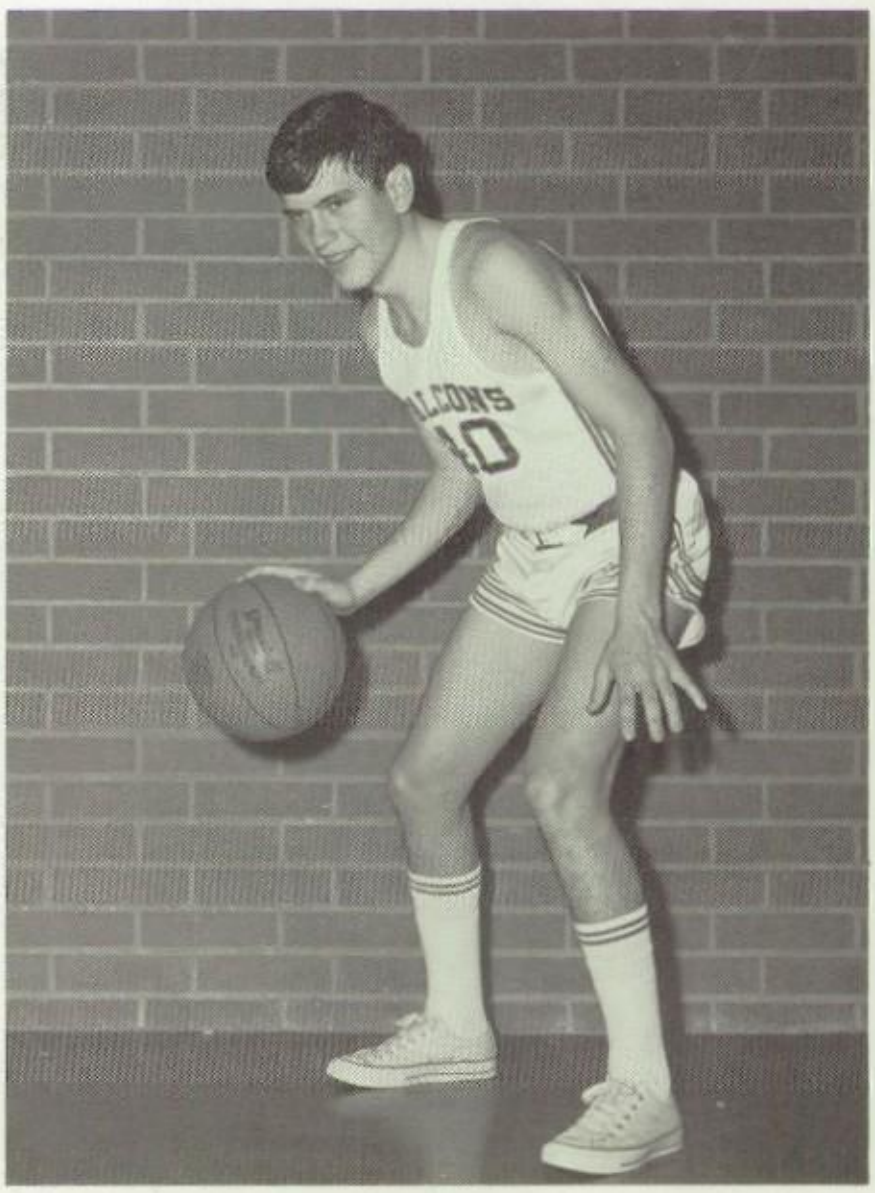

The Falcons pulled an upset victory over the Jonesboro-Hodge Tigers in the second meeting of the two clubs.

The first quarter saw the Tigers with an 18—17 lead in an offensive battle. The two teams exchanged field goals until the Falcons took advantage of two foul shots and a last second jump shot to pull ahead 33—31 at half time. In the third quarter Jonesboro-Hodge scored 17 points while the Falcons popped the nets for 21. Northwood kept its lead in the fourth quarter also by scoring 21 points to Jonesboro-Hodge's 20. The final score was Northwood 75 and Jonesboro-Hodge 68. Northwood's Steve Hergenrader scored 40 points to lead the Falcons and set a school scoring record. Bratley Cooper scored 15 points while Tony Davis picked off 12 rebounds.

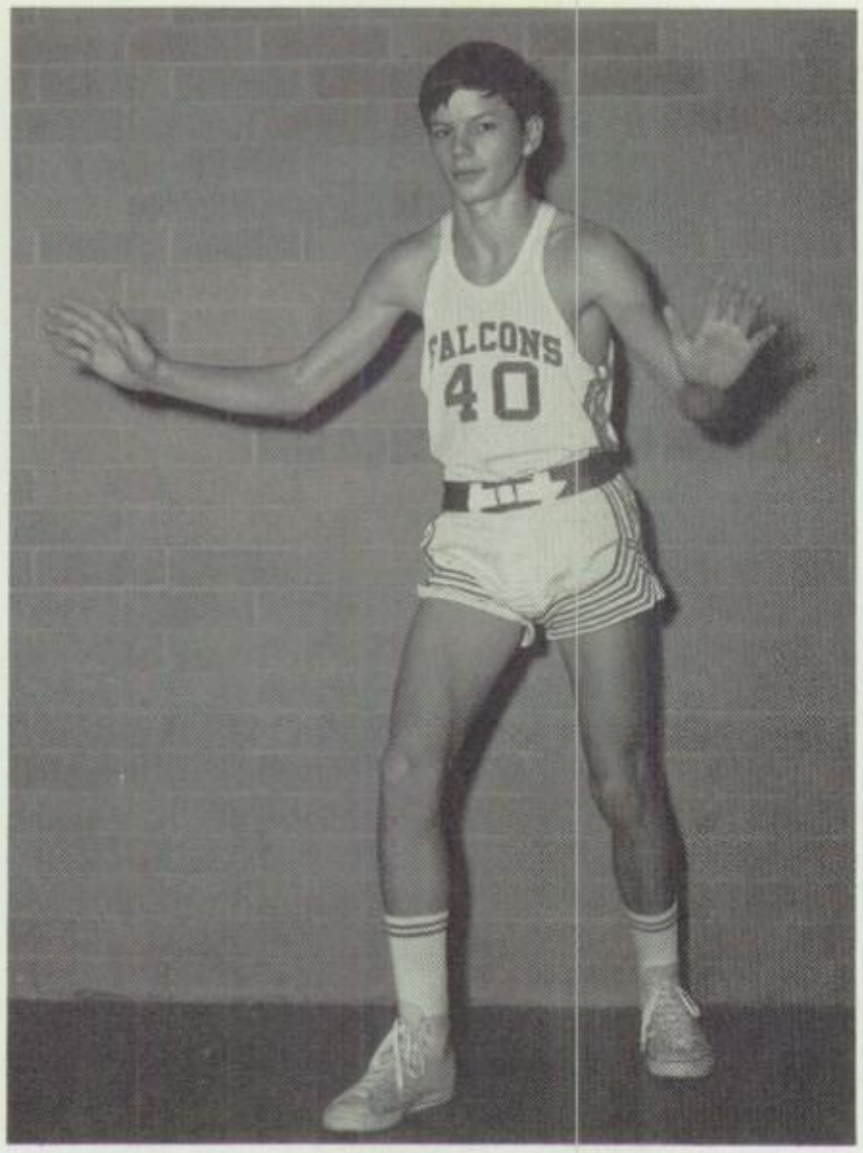

Jonesboro-Hodge won the "B" game by a narrow 37—35 margin.

Lumberjacks Nudge Falcons 58—56

Northwood's district record fell to 4—4 Tuesday, February 4, when the visiting Springhill Lumberjacks upset the Falcons 58 to 56.

Northwood took a first quarter lead of 15 to 6, only to see the Lumberjacks score twenty points to the Falcons' ten in the second period to hold a 26—25 margin at half time. Only one point separated the two teams in the third quarter, with Springhill scoring twelve points and Northwood tallying eleven. The fourth quarter proved to be a showdown with each side scoring twenty points. With one minute left to play, Daryl Reeh made the score 58—55, and Ed Turner sank a free throw pulling the Falcons to within two points, but the game ended 58—56 in favor of Springhill.

Bratley Cooper was the high scorer for Northwood with 19 points, while teammate Steve Hergenrader added 13 to the cause. Senior forward Ed Turner led the contest with rebounds, his totaling 14.

Northwood's Bratley Cooper adds two points to the Falcons' score in the second game against North Caddo at Vivian.

Northwood 74

N. Caddo 82

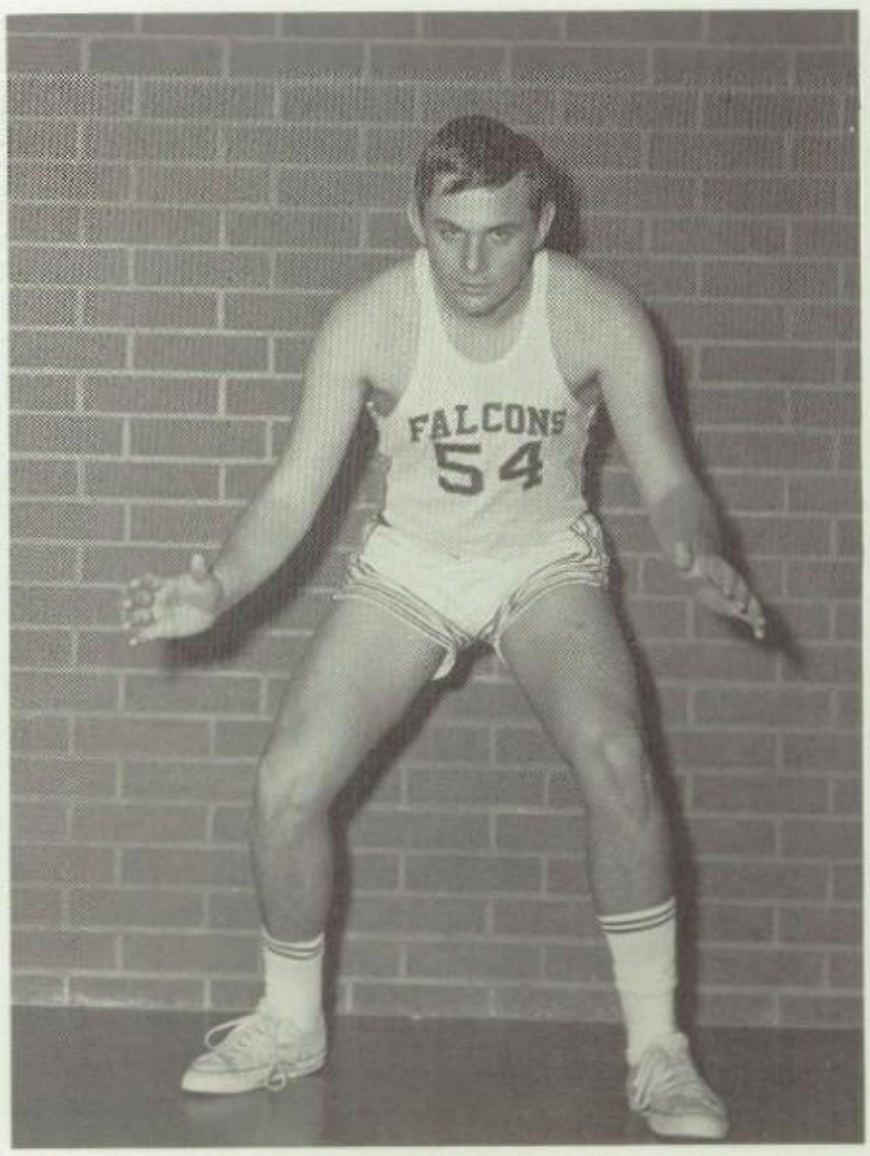

Northwood's district record slipped to 4—5, Friday, February 7, when the Falcons dropped their second game to North Caddo, in Vivian.

The first quarter of the game ended in a 15—15 tie, with both teams fighting hard, only to swap field goals. The second period of play gave North Caddo a 2-point half time advantage as they outscored the Falcons 22—20.

A rash of foul shots gave North Caddo a third quarter lead of 60—52, while scoring 23 points to the Falcons' 17 in that period of play. The fourth quarter was split evenly in the scoring department, with each team collecting 22 points. Northwood closed the scoring gap to 72—69 with three minutes remaining, but a field goal and two foul shots gave the Rebels a 76—69 lead. Northwood then collected a field goal and two foul shots to pull within 4 points of North Caddo, 78—74. With 45 seconds left, Northwood failed to regain control of the ball and the Rebels scored twice more, leaving the final score 82—74.

Northwood 60 *Jesuit* 78

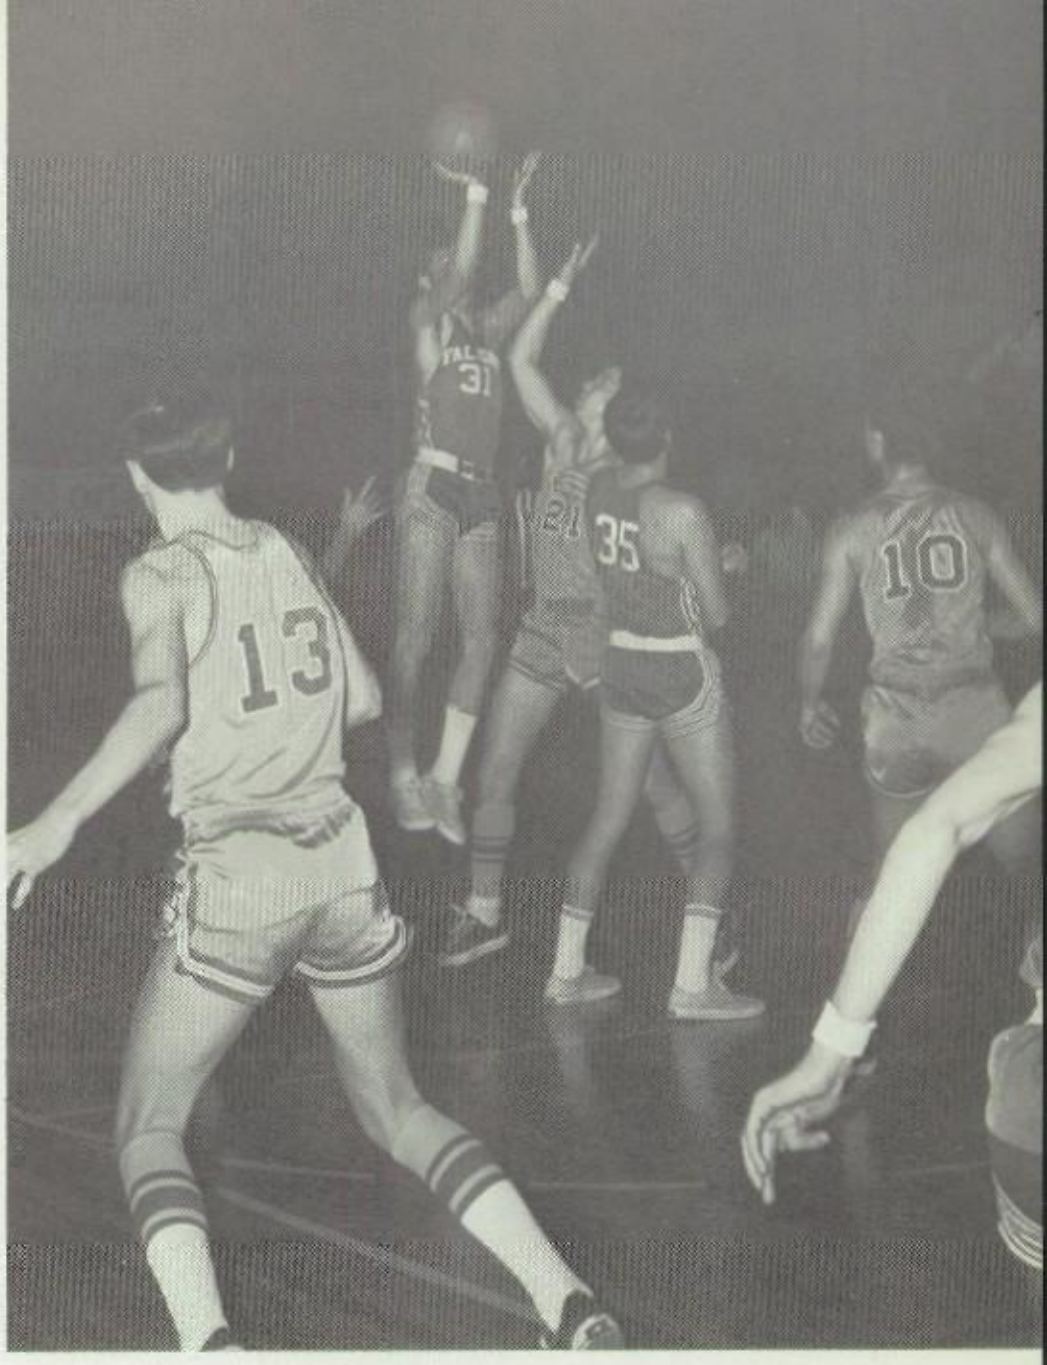

Northwood met defeat Tuesday, February 11, 78—60, against the Jesuit Blue Flyers. This being the final game of the season, Northwood's five senior round-ballers started for the Falcons.

Jesuit jumped to an early lead, and then grabbed a first quarter margin of 10 points, 23—13. The second period saw Northwood fall four more points behind scoring only 14 points to Jesuit's 18.

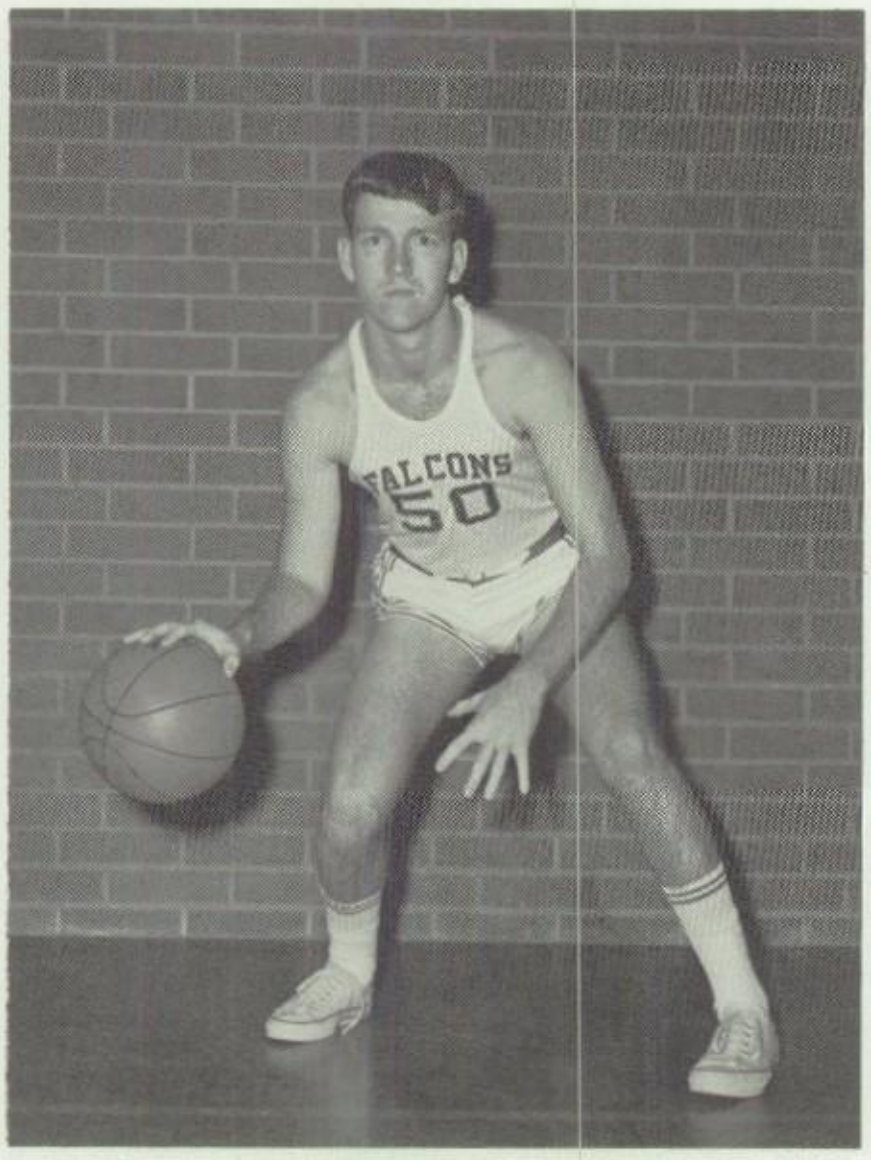

Returning from the dressing room trailing 41—27, Northwood fought to a 19 to 23 point third quarter and held Jesuit on even terms in the fourth quarter, 14—14.

Hergenrader tossed in 16 points for Northwood, with Cooper and Reeh adding 10 each. Jack Tolbert was the top rebounder with eight catches.

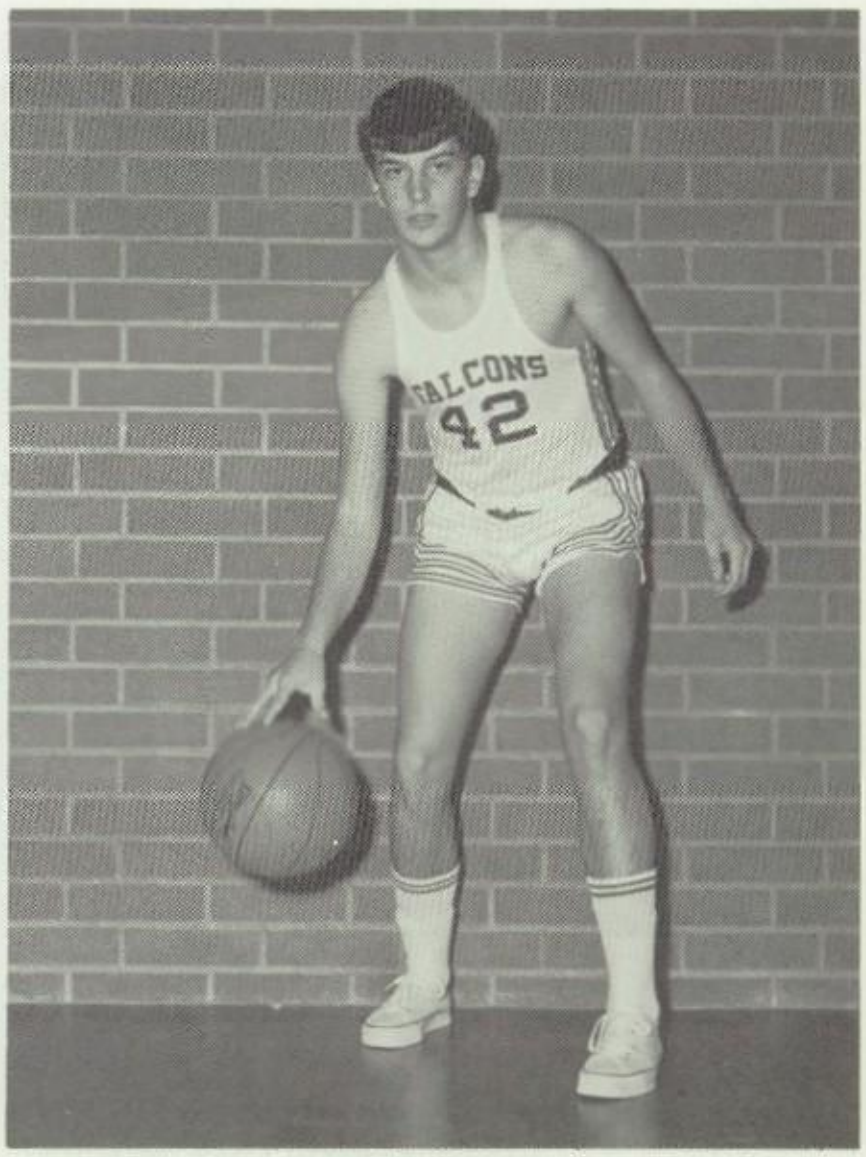

Northwood lost the "B" game 42—38, with Doug Womeldurf leading the Falcons with ten points.

The Northwood coaching staff is headed by James Farrar, State 1AA Baseball Coach of the Year, 1967-68, and State 1AA Football Coach of the Year, 1968-69. Willard Moore, in his second year as head coach of basketball, also coached the offensive ends in football and the golf team. Jerry Burton is head track coach and coach of the offensive backs in football. Grover Colvin, who directs weight-lifting, is the offensive line coach in football and the assistant coach of track. Bill Zeigler, 1969 head baseball coach, served as assistant basketball coach, defensive backfield coach, and assistant ninth-grade football coach. Phil Johnson coached the defensive line in football, the wrestling team, the tennis team, and the ninth-grade football and basketball teams. Harold Ledford supervised the eighth-grade football team and the City Champions eighth-grade football team. Bernie Elkins coached the seventh-grade football team.

Head Coach James Farrar receives a plaque commemorating his selection as "Coach of the Year." Coaches Moore, Colvin, Zeigler, and Burton are shown making the presentation at the football banquet.

Physical education classes offer opportunities for participation in team sports and in development of individual skills. Physical fitness, sportsmanship, co-operative effort, the knowledge necessary to appreciate sports as a participant or as a spectator—all are developed in Northwood's physical education program.

Physical Education Classes Provide

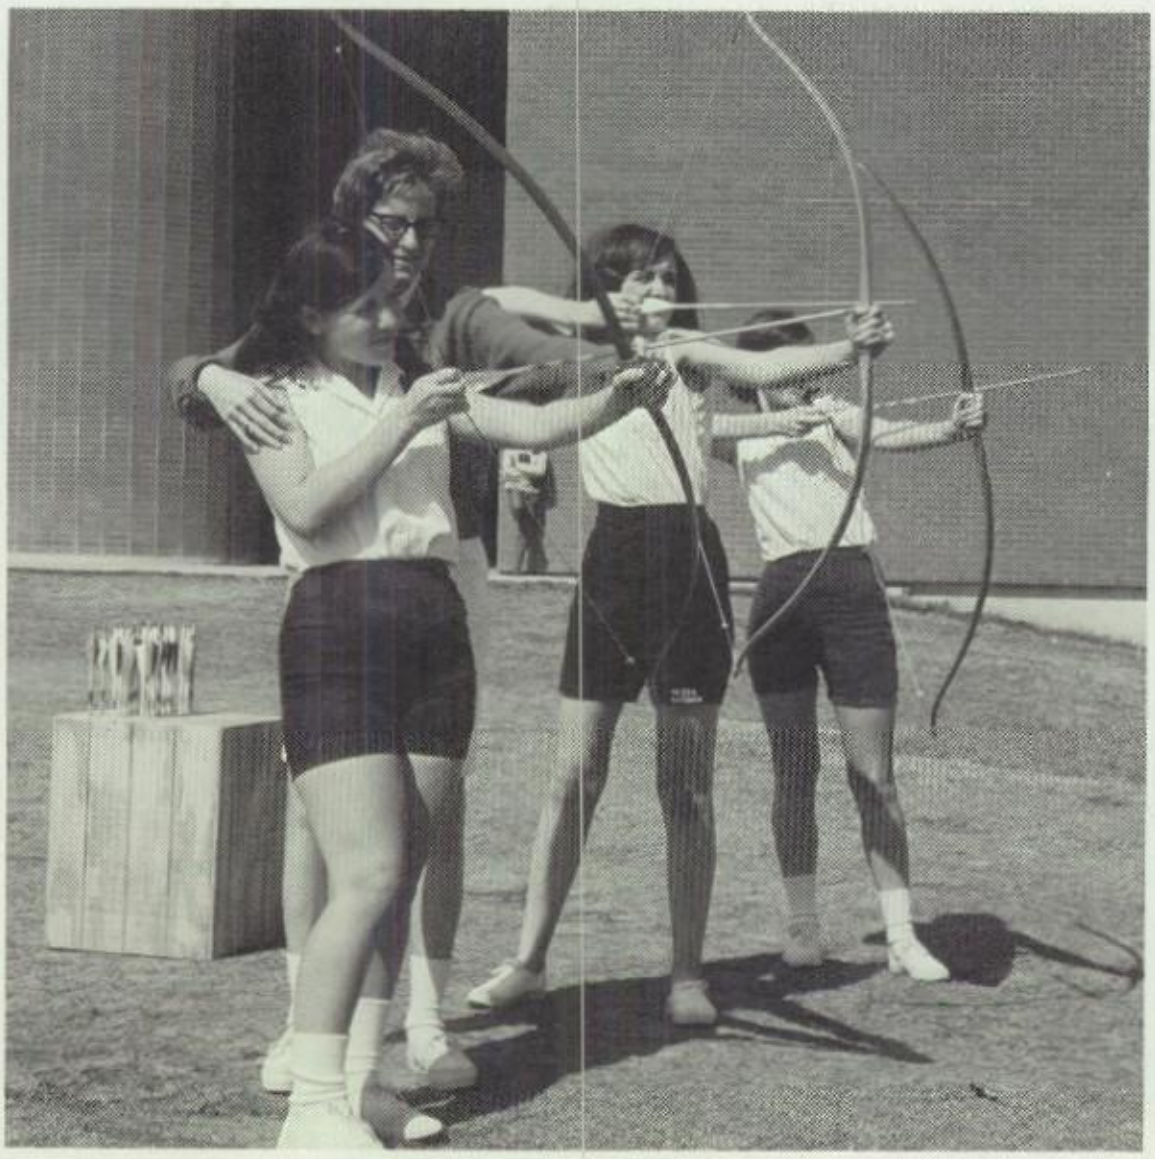

Opportunities are offered for participation in volleyball, football, baseball, track and field events, basketball, golf, tennis, archery, wrestling, gymnastics, weight-lifting, rhythm activities, badminton, bowling, ping pong, and others.

Development of individual abilities and development of the Falcon varsity teams, which have their beginnings in these physical education classes, show the results of concentrated interests in sports here at Northwood.

Falconettes Have Spirit, Drive, Ability

The Northwood Falconettes, under the direction of Mrs. Betty Martin, began their '68-'69 season in the summer of 1968. Seven members—Babs Barnhill, Cheryl Reese, Mary Ann Edgemon, Kathy Burns, Aileen Gardner, Joyce Guarisco, and Sue Smith—went to the summer clinic at SMU in Dallas. These girls spent a week learning marching techniques, field routines, and routines for the stands. Mrs. Martin helped to organize the Northwood pep squad with rules and standards which helped to gain the admiration of many people. During the summer sessions, Mrs. Martin helped to plan uniforms, teach the basic steps of marching and guide the pep squad in planning what came to be a successful year.

Under the marching direction of Miss Patricia Bobbitt, the girls were able to perform many precision drills at halftime and many varied hand signals in the stands. Long, hot hours after school resulted in being recognized as the best marching unit in the parish.

The Falconettes displayed much spirit at pep rallies, football and basketball games. Among the many projects of the group were 'Spirit Week' during which each company promoted spirit by decorating players' and coaches' homes, having spirit parties, and giving out tokens of spirit. Another project held was the ever-popular Slave Sale and Slave Day, during which the members are sold to raise money. Through football and basketball seasons, the Falconettes created a new spirit at Northwood.

Orange and white flags of the flag girls are used in parades and performances.

The chartered bus for the Buckeye game provided a new experience.

To add spirit to football games the Falconette officers created a new Falcon.
